SUMMARY

1. Allegedly, for centuries a fatal, malreciprocating cycle of "trivialization," "alienation" and "invalidation" has been the most sinister weapon ever deployed upon humankind. It has been a hidden, common enemy to all races, all cultures and all ages. This malreciprocating cycle deceptively proliferates an addiction more controlling than any drug ever known. For ease of reference herein this "addiction" is referred to as a person being: "Goetheled." This is because this "addiction" is deceptively proliferated by "Goethals" through a spherical-spectrum of fatal, anti-social, mis-behaviors.
2. Past Goethals may have once appeared "human" —and present Goethals may still appear "human" — but Goethals are "imposters" who mis-behave

in in-human ways. There are many reasons for this and not all of these reasons are a “Goethals” fault.

3. Part of this is because what makes “Goetheling” so fatally addicting for themselves and others is that Goetheling deceives vulnerable humans into a spectrum of maladaptive, self-alienating, self-destructive responses that range from being “conveniently sustainable” to being “inconveniently unsustainable.” Those proliferations then deceptively turn vulnerable humans into “Goethals” too— thus proliferating the fatal, malreciprocating cycle upon all races, cultures and ages.

4. Within “The State of Utah,” across “The U.S.A.,” and beyond, from moment-to-moment. No matter how many fatal tragedies those stricken with this self-destructive “addiction” then proliferate in commissive and omissive ways for themselves, for their “loved ones” and for an innumerable amount of humans, untold millions of lives from all races, cultures and of all ages have been consumed by the invisible grips of “Goetheling” and continue to be consumed by its invisible grips.

5. Part of this is because those “conveniently sustainable” to “inconveniently unsustainable” responses are on a spectrum of their own ranging from “visibly-violent” (such as proliferating the genocide of a culturally isolated

culture) to “invisibly-non-physically-violent” (such as “just going with the flow” in a culturally isolated culture.)

6. As part of these maladaptive, self-alienating, self-destructive responses that then commissively and omissively destroy others in visible and invisible ways, for the past 200-years, “Goetheling” has been twisted in worsening ways and used by “imposters” in the most sinister layers hiding behind deceptive layers within “The State of Utah” to scapegoat “The U.S.A” in worse, impossible-to-imagine ways. There are also many reasons for this and they include short-sighted “Imposter Mormons” (rather than “True Mormons,”) destroying “The U.S.A.” to control it—financially, militarily and globally.

7. This also includes the most sinister layers of “Imposter Mormons” proliferating “Death Baiting” through invisible schemes of “Swatting,” “Rage Baiting,” and “Suicide Baiting” to proliferate an invisible “Death March,” “Family Disassembly Lines,” and “Fatal Human Trafficking On An Industrial Scale” of American children and parents as part of fabricating, laundering and stealing untold billions of U.S. dollars every year and keeping it all hidden.

8. This is part of why within “The State of Utah” the most sinister layers of imposters control a liquid, “slush fund” of untold billions of U.S. dollars that

at different times has been secretly valued at anywhere from $35 billion U.S. dollars to more than $100 billion U.S. dollars that can then be deceptively leveraged in fatal, multi-hyphenated, multi-billion dollar ways that within the past 75-years has surpassed trillions.

9. The most sinister layers of imposters within "The State of Utah," have then used their access to those untold billions of fabricated, laundered and stolen U.S. dollars to control the financial systems of "The U.S. Government" through deceptive micro-layers hidden within "U.S. Congress," ("The Senate Finance Committee,") "The Presidency" (including the President's "cabinet,") "U.S. Government Offices" (throughout "D.C." and "Virginia" and beyond) and while simultaneously proliferating that fatal "Death March," the "Family Disassembly Lines," and the "Fatal Human Trafficking On An Industrial Scale" and keeping it all hidden through deceptive control of local "courthouses," "police departments," "jails" and other "state sponsored offices" within "The State of Utah," across "The U.S.A" and beyond including the global reach of "U.S. Stock Market."

10. This has allowed other allegedly "once human" now "in-human" imposters as "Goethelpaths" to expand the scapegoating and Goetheling far beyond the scope "Imposter Mormons" have proliferated and to even exploit and enable

the impossible-to-imagine schemes of the "Imposter Mormons" in even more sinister ways.

11. This includes "dividing and "conquering" "The U.S.A." behind deceptive, superficial illusions of warring layers of "Imposter Democrats" (rather than "True Democrats") and "Imposter Republicans" (rather than "True Republicans") who have deceptive access to billions of those fabricated, laundered and stolen U.S. dollars through deceptive parts of "The Senate Finance Committee" and in other ways.

12. These imposters, alleged to be "Imposter Jews" (rather than "True Jews,") then use their access to those untold billions of fabricated, laundered and stolen U.S. dollars to control macro layers of "U.S. Congress," "The Presidency" (including the President's "cabinet") and "U.S. Government Offices" (in "D.C." and "Virginia") in their *globe*-destroying, *globe*-controlling ways.

13. For decades, this includes these imposters deceptively grooming "U.S. Congress" to scapegoat and control more than 400 of the 535 scapegoated seats of "U.S. Congress" and using that control to deceptively proliferate more nation-destroying, globe-controlling atrocities by allowing the invisible "Death March," the "Family Disassembly Lines" and the "Fatal Human Trafficking On An Industrial Scale" proliferated by the most sinister layers

of “Imposter Mormons” within “The State of Utah,” across “The U.S.A.” and beyond in worse, impossible-to-imagine ways.

14. As part of weaponizing this mass, radioactive, dystopian terror disguised as “The U.S.A.,” and to scapegoat “Americans” into being “at-war-with-each-other,” this includes the most sinister layers of imposters funding untold numbers of what have become known as “influencers” as well as “traditional media” to deceptively scapegoat all Americans into the “divide and conquer” schemes and “psyops” by deceptively proliferating “extreme-left-of-center” and “extreme-right-of-center” atrocities.

15. For decades, in addition to the nation-destroying, globe-controlling atrocities malreciprocatingly proliferated by “Imposter Mormons” hiding behind deceptive layers within “The State of Utah” and by “Imposter Jews” beyond the borders of “The U.S.A.,” these atrocities have been further proliferated as untold millions of Americans of all ages have also been targeted, exploited and eliminated through the deceptive proliferation of anti-social, mutant creating, mind-altering, brain-destroying poisons.

16. This includes chemicals disguised as “fluoride” being put in the water for decades in the name of: “healthy teeth,” toxic-lead deceptively laced into food by being deceptively laced into “ceramic” dinnerware and sold across the U.S. for decades in the name of: “The Successful American Family,” and

toxins suspended in the air for decades in the deceptive names of "solar mitigation" and "weather management."

17. This is part of why, over the past 25 years including the indisputably counterintuitive events of "9/11-The Iraq War" that publicly began in 2001 and the "next generation" of sea-monkey'd, agar'd, shake-n-bake'd, sugar-coated, groomed, incentivized, rewarded, promoted, bribed layers of imposters being deceptively mis-matriculated and positioned within "The State of Utah," the most sinister layers of imposters within "The State of Utah" have also been "at-war-within" and "at-war-with-each-other" in worsening, impossible-to-imagine ways.

18. As these "wars-within" and "wars-with-each-other" have expanded across the U.S. and beyond in worsening ways, this has exposed many layers of these nation-destroying, globe-controlling atrocities within "The State of Utah," across "The U.S.A." and beyond.

19. This includes over the past 15-years, the most sinister layers of imposters within "The State of Utah" deceptively fabricating 10 "state offices" under the license of "The U.S.A." to pose as "judges" within "The State of Utah" to specifically target, exploit and eliminate hundreds of thousands of Americans living within "The State of Utah" that the most sinister layers deceptively deem are "convenient."

20. To do this by the tens-of-thousands from year-to-year, the imposters that proliferate these "offices" maintain a secret rotating "list" with the names of more than 12,000 American children living within "The State of Utah" on it that were deemed "convenient" but are now, "absentee."

21. This list is used as part of deceptively fabricating, laundering and stealing those billions upon billions of U.S. dollars every year through "The Senate Finance Committee" and deceptive "federal subsidies" that were first set up more than 40-years ago.

22. As the names of the "absentee" American children on the rotating "list" are used year-after-year with thousands-upon-thousands being added every-year, many of the names of children are of children who are "dead" or "missing."

23. As part of stealing the most and keeping it hidden, many names of children on the list are also completely "fake" — selectively hidden among the names of the real, but now "absentee" names.

24. This is because, the more "real" American children that are deceptively made "absentee" and deceptively put on "the list," the easier it is for the most sinister layers of imposters to hide more and more "fake" names and steal more—and more—and more—of the fabricated, laundered and stolen U.S. dollars every year—and keep it all hidden.

25. Even though the many thousands of other imposters hiding within these deceptive layers within "The State of Utah," across the U.S. and beyond are easily identifiable through deceptive, superficial "private associations" including different types of imposter "judges," different types of imposter "attorneys," different types of imposter "psychologists," different types of imposter "police officers," different types of imposter "jailers" and different types of imposter "state politicians," there is not a "lawful papertrail" representing what "lawfully" made these targeted, exploited and eliminated children become "absentee" to their parents.

26. Because of this, one or both of the children's parents are also "absentee" and also without there being a "lawful papertrail" of what "lawfully" made the parent or parents "absentee."

27. Because of the deceptive, superficial "suicide baiting," "rage baiting" and "swatting" many of the parents are also "dead" or "missing."

28. Because of the most sinister layers of imposter's invisible "Death March," the "Family Disassembly Lines" and "Fatal Human Trafficking On An Industrial Scale" and because the fabricated, laundered and stolen billions of U.S. dollars are so big, it is easy for the in-human, imposter "judges," "attorneys," "psychologists," "police officers," "jailers" and "state politicians" to collude in impossible to imagine ways and proliferate these

nation-destroying, globe-controlling atrocities. That includes committing impossible to imagine forgeries.

29. Within “The State of Utah,” these forgeries are rampant but kept hidden. That is why there is no “lawful papertrail” representing how untold thousands of American children and parents are targeted, exploited and eliminated as “absentee” every year.

30. While “the list” hidden within “The State of Utah” has 12,000 - 14,000 children’s names on it every year, it is alleged that every state within “The U.S.A.” maintains a similar list with more or less names of children on it.

31. As the most sinister layers of imposters have been “at-war-within” and “at-war-with-eachother” over the past 25 years, other nations have been exploited in impossible to imagine ways and have taken notice.

32. During this time, some of these nations have found ways to thrive individually and collectively. Ways that far surpass “The U.S.A.” in every way including: the environment, industry, technology, gold, shipping, ship building, global economics and militarily. Others continue to create proactive alliances to protect each other as much as possible from the most sinister layers of imposters within “The State of Utah,” across “The U.S.A.,” and beyond.

33. The only reason these other nations have not simply "taken over" the U.S.A. without "firing-a-shot," is because they know that if they did, the most sinister layers of imposters within "The State of Utah" would see to it that whatever is left of "The U.S.A." would simply be "self-detonated" and poisoned regardless of the loss-of-life being in the hundreds of millions so there would be nothing to "take over" —and the most sinister layers of imposters have plenty of scapegoating ways to deceptively proliferate this too and also keep it hidden by scapegoating "other countries."

34. Until that happens, it is a race-against-time to save hundreds of millions of American children and parents and the rest of the globe by implementing "Awareness, Intervention and Advocacy" that has been fearlessly cultivated over the past 7 years, through the miraculous survival of a growing number of targeted, exploited and eliminated American children, parents and other citizens who have somehow managed to survive the unsurvivable —absentee stages of these most-sinister, nation-destroying, globe-controlling proliferations— and now these atrocities are being revealed to you with this public filing.

35. After 2,000 years the impossible-to-imagine, far-reaching, indisputable truths presented herein, is the first step. Now from moment-to-moment, in this

race-against-time, this is in your hands— “It is not your fault, but it is your opportunity.

(END OF SUMMARY)

PRELUDE

36. “Death Baiting” is when an “imposter” scapegoats a target into a form of “death” for the imposter’s own mis-guided, short-sighted purposes in ways that the target can be blamed for it. Death Baiting can be done by one against many, by many against one as part of “gang stalking” or by many against many as a form of “Death March,” as part of “Family Disassembly Lines” and as part of “Human Trafficking On An Industrial Scale” (aka “Genocide”) as part of fabricating, laundering and stealing untold billions of dollars and keeping it all hidden.

37. An “imposter” is a person who deceives others by pretending to be someone else.

38. “Scapegoating” is the deceptive practice of an imposter or group of imposters singling out a person or group for unmerited blame and consequent negative treatment. This includes “imposters” scapegoating other “imposters” then those “imposters” returning the scapegoating in a “malreciprocating” spiral of ruin, doom and death for them and many others.

39. “Disorientation” in a targeted person is a maladaptive state of mental confusion often induced by imposters scapegoating the targeted person.

40. “Dissociation” is a maladaptive reaction where emotional parts of a person seemingly disconnect from their thoughts, feelings, memories, or sense of identity. It can range from mild experiences to more severe and chronic conditions like dissociative identity disorder, suicide ideation, suicide and mis-self-medication with drugs or alcohol that is often the cause of more tragedy. “Disassociation” in a targeted person is often induced by imposters scapegoating and disorienting the targeted person. “Disassociation” in extreme stages is also referred to as “self-alienation.” Self-alienation results in maladaptive responses and behaviors ranging from “conveniently sustainable” to malreciprocatingly “inconveniently unsustainable.”

41. —Rather than “living and letting live” by implementing and enabling reciprocating solutions of “cooperation,” “confidence,” “empowerment,” “validation” and “opportunity,” —“Suicide Baiting” is when an “imposter” intentionally instigates “disorientation” and “disassociation” for a targeted person through schemes of “betrayal,” “trivialization,” “invalidation” and “alienation” to induce the target into committing suicide and blaming the targeted person for it. Suicide baiting also includes inducing a target to “mis-self-medicate” with drugs or alcohol or in other ways that are fatal for

the target while also blaming the target. Usually "suicide baiting" is just one stage whithin many stages of an imposter targeting, exploiting and eliminating a targeted person and keeping it all hidden. By deceptively using "threats" and other schemes of "disorientation," "dissassociation" and "control" imposters can also force others to engage in suicide baiting. This includes imposters in local "courthouses," "police departments," "jails" and other "state sponsored offices" misusing their "roles" to force a vulnerable parent to play a deceptive role in suicide baiting the other parent so the children can eventually be deceptively taken from both parents and one or both parents blamed for it. When successful, suicide baiting is easy to keep hidden and allows the imposter to control the target and eventually steal the target's resources as well as other resources connected to the target, including children.

42. "Rage Baiting" is when an imposter intentionally instigates destructive "disorientation" and "disassociation" for a targeted person through schemes deceptively designed to "antagonize" and "provoke" a target into behaving in a way that the target's life can be ended and the target can be blamed for it. Rage baiting can also be used to alter a targeted person's life and then blame the target for it. Rage baiting also includes inducing a target to mis-self-medicate with drugs or alcohol in ways that are ultimately fatal for

the target and that the target can be blamed for or that cause more tragedy and destruction for the target that the target can also be blamed for. Usually "rage baiting" is just one stage within many stages of targeting, exploiting and eliminating a targeted person and keeping it all hidden. By deceptively using "threats" and other schemes of "disorientation," "dissassociation" and "control" imposters can also force others to engage in rage baiting. This includes imposters in local "courthouses," "police departments," "jails" and other "state sponsored offices" forcing a vulnerable parent to play a deceptive role in rage baiting the other parent so the children can eventually be deceptively taken from both parents and one or both parents blamed for it. When successful, rage baiting is easy to keep hidden and eventually allows the imposter to steal the target's resources as well as other resources connected to the target, including children.

43. "Swatting" is when an imposter creates a false narrative about another person with false allegations or a series of false allegations eventually leading to the local "SWAT Team" or other unannounced "law enforcement" presence ending the life of the targeted person before the truth can prevail. Swatting can be done by anyone including imposters within local "courthouses," "police departments," "jails" or other "state sponsored offices." Swatting does not have to involve "law enforcement." When "swatting" is deceptively

disguised as a “police encounter” or “extraction” by imposter “law enforcement officers” to commit a ritualistic murder, it can be done with or without badges, with or without uniforms and with or without body worn cameras. Swatting can also be done by “local law enforcement” posing as “federal law enforcement agencies” such as the “F.B.I.,” “U.S. Marshals,” “Homeland Security,” etc. and also with or without badges, with or without uniforms and with or without body worn cameras. Usually “swatting” is just one stage within many stages of targeting, exploiting and eliminating a targeted person and keeping it all hidden. By deceptively using “threats” and other schemes of “disorientation,” “dissassociation,” “suicide baiting,” “rage baiting” and “control,” imposters can also force others to engage in swatting. This includes imposters in local “courthouses,” “police departments,” “jails” and other “state sponsored offices” forcing a vulnerable parent to play a deceptive role in swatting the other parent so the children can eventually be deceptively taken from both parents and one or both parents blamed for it. When successful, “swatting” is easy to keep hidden and allows the imposter to steal the target’s resources and resources connected to the target, including children.

44. “Bystander Syndrome” also known as “The Bystander Effect” is more prominent in some cultures than others and is an anti-social psychological

phenomenon where individuals are less likely to offer help to a victim when other people are present. This means that the more people who witness an event, the less likely any single person is to intervene and offer assistance. In addition to being rooted in “trivialization,” “alienation” and “invalidation” other factors such as hidden lead-poisoning through dinnerware, hidden poisoning in water through "fluoride,” hidden poisoning through “food dyes” may also play a role in why parts of some cultures are more likely to knowingly or unknowingly proliferate this anti-social, nation-destroying phenomena than parts of other cultures.

45. A “license” is official permission or a permit granted by a competent authority to engage in an activity.

46. When stages of “disorientation,” “disassociation,” “suicide baiting,” “rage baiting” and “swatting” (“Death Baiting”) are collectively and individually engaged in by many imposters within local “courthouses,” “police departments,” “jails” and other “state sponsored offices” to induce the “Bystander Syndrome” as part of proliferating a “Death March,” “Family Disassembly Lines” and “Human Trafficking On An Industrial Scale” as part of fabricating, laundering and stealing untold billions of dollars, the different stages can be used to destroy a nation and control the globe and keep it all hidden.

47. When stages of “Death Baiting” are collectively and individually engaged in by many imposters within local “courthouses,” “police departments,” “jails” and other “state sponsored offices” in different groups *who are at war with each other and who are also at war within*, the different stages will destroy the world.

48. When stages of “Death Baiting” are collectively and individually engaged in by many imposters within local “courthouses,” “police departments,” “jails” and other “state sponsored offices” in different groups who are at war with each other and who are also at war within in such a way that they can be indisputably identified and presented to a nation’s appropriate governing body and that body will license unprecedented lawful action including temporarily revoking the license of “statehood” for one of its states, that nation and the world can be saved.

49. In an attempt to present these impossible-to-imagine stages being deceptively used by imposters in local “courthouses,” “police departments,” “jails” and other “state sponsored offices” in “The State of Utah” and beyond, Plaintiff Michael “Mikey” Dean Jarman, is forced out of no fault of his own to become “Plaintiff Pro Se” for this filing.

50. Plaintiff has attempted to follow every guideline possible to prepare this filing in a manner that is lawful and friendly to the constant custom of the United States District Court District of Columbia.

51. However, because imposters within the “United States District Court District of Utah” as well as "Utah's Third District Court" posing as different types of “judges,” “attorneys,” “clerks” and otherwise have proliferated life-altering forgeries as well as manufactured all manner of deceptive “proceedings” at will and in unlawful ways without decorum and without protocol as it suits their collective and individual mis-purposes but that Plaintiff may still not be fully aware of, parts of this filing may unintentionally disrupt the constant custom of the United States District Court District of Columbia and if so, Plaintiff apologizes ahead of time for that.

52. Plaintiff also apologizes for the length of this filing and hopes to assuage any concerns the Court may have about the length of this filing by aiding the Court in understanding that if all indisputable details and names of “local” and “federal” imposters committing these atrocities in the region known as “The State of Utah,” past and present, were included herein, this filing would be many thousands of pages long rather than just a couple hundred (or so.)

(END OF PRELUDE)

INTRODUCTION

53. When “swatting” fails by imposters posing as “law enforcement,” the need to disguise the swatting as an “arrest” immediately arises and almost always involves different layers of imposters commissively and omissively colluding and retroactively proliferating forgeries to be deceptively used as false “justification” for the the unlawful arrest.

54. After the unlawful arrest, the targeted person is then unlawfully imprisoned for days, weeks, months or years until the person gives into “suicide baiting” or “rage baiting” while unlawfully imprisoned, is deceptively “swatted” while being unlawfully imprisoned or is fear mongered into a “gag order” in exchange for being “released.” Reports indicate that after being “unlawfully imprisoned,” a target is four times more likely to give into ongoing “suicide baiting.” This is why, after being released, it can be expected that the imposters will continue to “suicide bait,” “rage bait” and “swat” the target in different fatal schemes until the life of the target is ended. This allows the imposters to finally steal the target’s resources as well as resources connected to the target and keep it all hidden.

55. For added “thrill,” “entertainment” and “sport” as part of “suicide baiting,” “rage baiting” and “swatting,” imposters place escalating bets on what targets they can proliferate the fatal elimination of. This includes targeted

children. With one or both parents fatally eliminated or unlawfully imprisoned, it is easy for the imposters to target, exploit and fatally eliminate the children too.

56. These lucrative, easily hidden, nation-destroying, globe-controlling atrocities are so silently effective for an invisible military of many thousands of imposters operating in hundreds of local "courthouses," "police departments," "jails" and other "state sponsored offices" within the United States of America, that an average of 40,000 American males and 10,000 American females—many of them parents—commit suicide every year contributing to more than 175,000 American children being forged and forced into deceptive stages of "child sex trafficking" and other fatal schemes every year with untold numbers going "missing."

57. Because the imposters can proliferate another "six-figure payday" with "fatal life insurance" schemes from an "absentee child" dying or deceptively being "enabled to die," in addition to the imposters stealing six-figures from "credit cards," "bank accounts," "home equity," "real estate holdings," "stock holdings" and other assets including the "life insurance" of the parents, the imposter's ultimate, nation-destroying, globe-controlling, sinister goal is for all American children and parents to be exploited in the most lucrative ways as possible for as long as possible prior to being fatally eliminated and being

replaced with the next targets as soon as possible and as long as there are any targets left.

58. Reports indicate that proliferating this "six figure payday" through life insurance schemes includes the monetized children being disposed stage-by-stage into a network of malreciprocating, less-than-human, closed-feedback-loops of labor trafficking, race-on-race rape factories, inter-racial rape factories, premature breeding, embryonic farming, offspring harvesting, "super soldier" eugenics laboratories, lobotomy trials, organ harvesting, big-pharma drug testing, small-farma drug testing and ritual abuse (including "designer cannibalism")—ultimately proliferated with those fatal intentions because "on paper," —regardless of where in the imposter's dystopian world the children or parts of the children really are— each of those "dead children" will bring in those additional "six-figure-paydays."

59. This stage-by-stage disposal of untold numbers of targeted and now "absentee children" (including severely handicapped children) may be why for decades some of the most sinister imposters in "states" including imposter U.S. Senator Ron Wyden's "Oregon," targeted children deceptively and superficially labeled "on paper" as "foster children" who are unknowingly in the beginning stages of eventually becoming "absentee children" are notoriously and openly given life-size garbage bags that they

are told are to transport their teddy bears, broken crayons and paper scraps in when really the life-sized garbage bags are intended to hold and disguise something the disoriented, disassociated, future "absentee child" and their disoriented, disassociated, now absentee parents could have never imagined.

60. This "garbage bag" being an impossible-to-imagine, dystopian token of efficiency allowing any imposter posing as a "judge," "attorney," "psychologist," "police officer" or "politician" to be part of conveniently picking up any desired, living "foster child" from any deceptive, superficial "foster home," conveniently turning that "foster child" into an "absentee child" and conveniently keeping it all disguised and hidden as needed with that life-sized garbage bag that is conveniently brought along with the child at the "pick-up."

61. Although "ritual abuse" and "cannibalism" are impossible-to-imagine for most Americans, imposters within "The State of Utah" deceptively try to keep it hidden by superficially proliferating "legislative bills" that only trivialize, invalidate and alienate any fearless, rare victims that happened to survive some of these stages and the decades old stories the victims share and that continue to come out in more ways.

61.1. 2025's "H.B. 66 -Ritual Abuse Amendments" is one of these deceptive, superficial bills. The imposters having symbolically

stopped short by just one place number of mockingly referring to "the bill" as "H.B. 66" (instead of "H.B. 666") while also ignoring untold numbers of reports delivered to the "Utah State Legislature" over the years about the most sinister layers of "imposters" who have deteriorated into deranged, cannibalistic, less-than-human monsters that misbelieve they are "witches," "wiccans," "wizards" and "sorcerers" and the many sinister tools—including squeaky wheels, stainless steel trays, petri dishes of all sizes, unusually large jars, altars, locked closets, drills, saws, chains, drains, hoses, other "electronic devices"—and in recent years some of those "electronic devices" even including a deceptive "app"—and the costumes of cheap-black-robes, bed-sheets-turned-into-graduation-gowns, bought-and-paid-for-badges and white-out-of-place-lab-coats each with plenty of hidden pockets large enough to hold decades of forged "custody orders," forged "arrest warrants," forged "adoption papers" and life-sized garbage bags.

61.2. The most sinister layers of imposters leaving the untold numbers of targeted American children to the darker and darker hellscape of these fatal child trafficking atrocities and fatal-monetization through houses- of-horror disguised "on-paper" as "foster homes."

61.3. This is why when the parent targeted first dies, the imposters immediately switch to targeting the other parent with the same disorienting, dis-associating schemes of “Suicide Baiting,” “Rage Baiting,” and “Swatting” deceptively rooted in false accusations and forgeries to unlawfully take custody away, terminating the parent’s rights and assigning custody to “The State of Utah” all without leaving a lawful paper trail.

61.4. In 2025’s H.B. 302 lines 15-17, “The State of Utah” further proliferates this by outlining that “The State of Utah” can then deceptively collect on payments for the child from “The U.S. Government” on behalf of the “child” in these impossible-to-imagine, escalating ways with no mention of what happens when the child dies or goes “missing.”

62. Because of the deceptive, superficial “state of affairs” deceptively instigated and scapegoated by the most sinister layers of imposters across all 50 “states” of the United States of America over the past 40 years, just a few imposters in a local “courthouse,” “police department,” “jail” or “state sponsored office” are able to collectively and individually target, groom, forge and force many thousands of American children and parents in an urban or rural area into the different, darker and darker stages.

63. However, because of the deceptive, superficial "state of affairs" scapegoated across all 50 "states" and there being many thousands of imposters deceptively operating in, through and across all 50 "states," untold millions of American children and parents were unknowingly turned into "permanent absentees" by imposters over the past 40 years and a growing rate of untold millions more are unknowingly in different stages of being targeted, exploited, fatally eliminated and turned into "permanent absentees" from moment-to-moment.

64. Phrases like "abuse of power," "pay-to-play," "influence peddling" and "parasitic systemic corruption" don't even turn the wheel on opening the hatch of what is happening and being hidden on a mass scale across the U.S.A. and beyond in worsening ways. The phrase "fatal human trafficking of American children and parents on an industrial scale" turns the wheel a few times but what is really happening is far more sinister than that.

65. The more American parents who understand that what they and their targeted children are surviving is actually a deceptive, superficial, scapegoating, monetized "Death March," "Family Disassembly Lines" and "Fatal Human Trafficking On An Industrial Scale," the longer they and their children have a chance of surviving.

66. Different reports from all 50 “states” going back decades and filled with undeniably timely, counterintuitive and impossible-to-imagine statistics but that are also deceptively “incomplete” in counterintuitive ways don’t lie.

67. In addition to impossible-to-imagine statistics of suicide by targeted American parents and suicide by children (with parts of Utah having the highest rates of suicide by children,) these nation destroying atrocities contribute in intentional, malreciprocating ways to other nation-destroying atrocities of murder, murder-suicide, mass shootings, child against child violence at school or in public, bankruptcy, homelessness, drug use, DUI’s, fatal road rage, swatting, etc. happening in homes, neighborhoods and communities within Utah and across the U.S.A.

68. Worsening statistics within “The State of Utah” and across the U.S.A. confirm this in impossible to hide numbers in every town that a deceptive private corporation posing as a “private association” and superficially known as “AFCCNET.ORG” has deceptively established a nation-destroying, globe-controlling “local chapter” in one-by-one over the past 40 years.

69. In Utah, it is like clockwork with the time the local chapter of AFCCNET.ORG known as AFCCUTAH.ORG expanded in deceptive ways and what has statistically happened in homes, neighborhoods and communities in those areas since then.

69.1. ("Suicide Baiting," "Rage Baiting" and "Swatting" are part of a deceptive, fatal scheme rooted in deceptively forcing and forging false allegations towards targeted parents in different stages colloquially and collectively known among AFCCNET.ORG members and their ad-hoc copycats as "The Silver Bullet" and it is privately and publicly taught among them under that term and others.)

70. Because of this foreshadowed but ignored "titanic" sinking of the "S.S. United States of America" as a nation, "The United States of America" might still exist "on paper" for a short time longer, but colloquially, like the deceptively disguised, split-in-two, "Titanic," so was the "The United States of America" deceptively disguised, split-in-two and compulsively drowned at the bottom of the imposter's black sea of unconscionable, less-than-human terror long ago.

71. The spectrum of those compulsions rooted in malreciprocating, deceptive stages of "disorientation," "disassociation," "suicide baiting," "rage baiting," "swatting," proliferated through "trivialization," "alienation" and "invalidation" in escalating, counterintuitive ways stretching back more than 200 years and eventually becoming uncontrollable for a spectrum of reasons. Projected back then onto the fearless immigrants impossibly but necessarily arriving in the early 1800's from places like Scotland, Ireland and the U.K. to

the shores of the failing, 24-State, “United States of America” via the cheapest, failing, forgotten, left-behind, Statue-of-Liberty-Less, “Port of New York.”

72. The controversial construction of the Erie Canal from 1817-1825 becoming the scion grafted into the rootstock of the Hudson River opening up the vast resources of “The Northwest Territories” to the global shores of “The Port of New York” and eventually turning that derelict-melted-pot of a “port” into the global titan it is today.

73. Back then however, the deceptive planning of the route of the endless-river-of-cash that the “dug-by-hand” Erie Canal would become for selective property owners included what unnecessarily became a 363 mile long, counterintuitively turning, twisting, pin-dropping, blood-sweat-and-tear-fueled escapade.

74. These ping-ponging-pin-drops including a hot bed of controversy known as “Palmyra, New York” driven by a patriotic, wealthy, land owning, talented, industrious, well-connected but darkly altruistic family with the last name of “Harris.”

75. One eccentric, dynamic, fiendishly zealous man in that family by the name of Martin Harris, filled with compulsions of saving the failing “U.S.A” in ways that would not stop with theft, scapegoating and murder. This includes:

75.1. Martin appropriating a nation-building brotherhood with patriotic roots in the U.S.A. stretching to Scotland;

75.2. Martin stealing an unpublished-patriotic book that a former childhood friend by the name of Luther Bradish had compiled with other zealously educated patriots including Samual Latham Mitchill. “That Book” also scribed in those less-than-modern times by the prolific pen of the proud, generationally patriotic contributor and former professor in training at Yale turned Navy-mid-shipman: James Fenimore Cooper;

75.3. And Martin, starting in 1816, had already forced a nomadic family with the last name of “Smith” and its many sons to do his bidding “or else…” “that book” was exactly what Martin needed.

75.4. One of those many brothers in that Smith family named Alvin disobeying Martin time-and-time again and at age 25 eventually being poisoned to death in 1824, just weeks before the more impressionable, more obedient brother named Joseph would turn 18.

75.5. Then over the next few years that included the completion of “The Erie Canal,” “that book” was eventually stolen by Martin, altered in ways and then published in counterintuitive ways leading up to April of 1830.

75.6. However, after more disobedience to Martin and it being impossible for him to be immune to controversy since 1820 as a "concerningly zealous 14-year-old boy with many siblings and parents to protect from Martin but only being able to do it through scapegoated obedience to Martin, but over the next 15 years that obedience giving way to Joseph's own illusions of power (including disobeying Martin by "running for president" starting in January of 1844, just 11 months before the 1844 Presidential Election, the nomadically raised, spiritually aristocratic, uneducated Joseph and another brother named Hyrum would be shot to death together on June 27, 1844.

75.7. 33 days after that, on July 30, 1844 a fourth Smith brother named Samuel was poisoned to death. (For many reasons, "33" is the most revered number within that brotherhood that Martin appropriated so much from. Ordering the murder of Samuel "33" days after Joseph and Hyrum were murdered was Martin's compulsive way of signaling to "the brotherhood" that he was now in control. In the decades prior, patriots including Benjamin Franklin (1706-1790,) George Washington (1732-1799), John Hancock (1737-1793) and Paul Revere (1735-1818) were well known members of that greater brotherhood during their time.

75.8. All except Alvin left children behind. Alvin was engaged to be married when he was murdered.

75.9. During those nearly 30 years starting in 1816 when the nomadic Smith family first arrived in Palmyra to seek out work on the "to-be-dug-by-hand" Erie Canal at the time and through the unpredictable, unconscionable events of 1844, Martin's "appropriations" turned and twisted that stolen, patriotic "book" into something that Bradish, Mitchell and Cooper ever intended it to be.

75.10. While no matter how persuading Martin and his "zealousness" could be, Palmyra locals avoided "that book" after its publishing—hungry, fearless but Atlanticly shaken and vulnerable immigrants arriving at "The Port of New York" were quick to accept a copy of it and with their families hop on one of Martin's Erie Canal barges with a welcoming promise of land-to-work, iron-to-hammer and flax-to-spin-into-bright-white-cloth just a hopeful, less-than-painful, calm, scenic float just over a few days long to Martin's Palmyra.

75.10.1. (That "cloth" technically being referred to as "linen" because it is made from New England "flax" rather than "cotton" grown in the south. Martin, so good at managing the processes turning "flax" into linen so desirable that he won awards at state fairs

and would have kept winning year-after-year but he stopped entering the competitions due to his linen achieving impossible-to-imagine demand.)

75.10.1.1. (As of the filing of this case, a 200-year-old, trillion dollar, multi-hyphenated, global-financial-market-maker has roots that go back 200 years to Martin Harris' linen. Today that "market maker" is known as "Brown Brothers Harriman" and over the decades has seen counterintuitive members of counterintuitive fraternal organizations including "Skull & Bones" and the likes of Prescott Bush (the father of President George Bush Sr. and the grandfather of President George W. Bush) among its roster while counterintuitively encompassing warring interests within Utah, across the U.S. and beyond.)

75.10.1.2. "Brown Brothers Harriman" was originally named "Brown Brothers & Co." and was founded in 1818 as part of financing the route planning, digging, construction and management ("ownership") of: "The Erie Canal.")

75.11. More than 300 miles by-foot or by-horse away from The Port of New York, that inconsequential “town” known as “Palmyra” then becoming known as “The Queen of Canal Towns.”

75.12. Those fearless immigrants, their children and their children’s children eventually being part of thousands of followers of selectively updated versions of “that book” and its patriotic stories driven by the “unexplainable zealousness” of 14-year-old boy who turned into a 17 year old boy with a murdered older brother and who then seemed to suffer punishments of being “beaten” or “tarred and feathered” in scapegoating ways when he tried resisting Martin during the years after but still continuing to resist at times ultimately leading to his murder and the murder of his two brothers who would have been expected by the followers to take his place in succession.

75.13. That “following” eventually splicing in at least five different ways after his murder—

75.13.1. Some going north to Wisconsin under a new leader named James Strang who disavowed Polygamy and was eventually murdered for it;

75.13.2. Some going to Philadelphia under a man named Sidney Rigdon;

75.13.3. Some including all of Joseph's family members, his first wife Emma and their children staying in the town that Mormonism built in Illinois (named Nauvoo).

75.13.3.1. (Emma was married to Joseph for 17 years. On Joseph's birthday, December 23, about 3.5 years after Joseph's murder, Emma remarried a man named Louis Bidamon and was married to him until she passed away 32 years later in 1979. However, this is so selectively not taught within Mormonism that "Bidamon" is left off Emma's grave marker that is a stone shared with Joseph and Hyrum.)

75.14. This fracturing after the murders of Joseph, Hyrum and Samuel during those 33 days leading to a select few of just 148 members of the largest following of about 30,000 in 1845, embarking with counterintuitive leader Brigham Young on Martin's less-than-honest "nation saving" westward trek more than 1,000 miles deeper into the treacherous, unknown "West" than any other "patriotic group" had ever made it in the decades prior.

75.14.1. (This first group of trekking "pioneers" officially included 143 men, 3 women, 2 boys, 72 wagons, 93 horses, 66 oxen, 52

mules, 19 cows, 17 dogs, some chickens and lots of fearless, hopeful seeds.)

75.15. That trek touted in the years leading up to it as "going to the coast of California Territory" (which belonged to Mexico at the time) but that after 17 months with a few months rest near Omaha, Nebraska, in July of 1847, was suddenly ended at that deceptively pre-determined, strategically critical point "in the center of the West" that would eventually become known as "Salt Lake City, Utah" and that also belonged to Mexico at the time.

75.15.1. (Martin stayed back in case Brigham Young failed and another back-up plan was needed but eventually made his way to northern Utah where he passed away on July 10, 1875. Of all the founding figures in "Mormonism" Martin's grave marker is by far the most substantial: it is an 18 foot tall symbolic obelisk with an outdoor amphitheater nearby that for decades hosted an annual play titled: "The Man Who Knew."

75.16. A year after Brigham led that following West, most of a couple hundred other followers who would fearlessly venture in 1846 on a wooden sailing ship known as "The Brooklyn" from the East Coast around the horn and to the coast of California Territory would

ultimately stay in California Territory rather than venturing from there to meet up with Brigham's group. Their journey was also harrowing. That group's leader was named Samuel Brannan.

75.16.1. (In 1849, Brannan would found the first newspaper in California and strategically start the "California Gold Rush" by advertising the primitive gold mining equipment available at the time in newspapers on the East Coast. Brennan would become known as California's "first millionaire" but after other ventures taking him into Mexico would ultimately be exiled for insubordination and die divorced, penniless and alone at the age of 70)

75.17. That trek to that strategically pre-determined point "in the center of the West," is what ultimately "saved the U.S.A. in Martin's way" by that settlement and the scapegoating that was at its roots proliferating "the failed U.S.A" to be able to finally start creating more states in a consistent manner again after a near dearth of only creating two states between the years 1821-1845 and that the "greater brotherhood" had anticipated and attempted to plan for in other, less deceptive, less murderous ways, while other, far more established nations were

laying claim to “The West” (and the global reach of the Pacific Ocean that crashed on its shores.)

75.17.1. For more than ten years before “The Boy Joseph” was forced to share them in the impossible-to-imagine way that Martin forced him to share them, there are more than 12 other documented people including at least one female with connections to “the greater brotherhood” who shared stories similar to what Martin forced “The Boy Joseph” to share in the impossible-to-imagine way that Martin forced him to share them.

75.18. That 1847 blood-sweat-and-tear soaked “settlement” in “the center of the West” with many loved ones heartwrenchingly buried along the way including infants, toddlers and children.

75.18.1. One report claiming to have vetted 56,000 pioneer records over a 21 year time span from 1847-1868 estimates that 1,900 “pioneers” died either on the plains or within one year of their arrival. (It is unknown why the time span ending in 1868 was chosen for the study.) This includes about “660” infants, toddlers and children, many heartwrenchingly buried along the way. Those shallow graves turning amber waves of grain,

purple mountains majesty's and fruited plains upside down under the tears shed. Those tears turning into decades-long, sky-falling, relentless thunderstorms of a deeper and deeper magnitude of blue into black that would not stop until those shallow graves could be honored with rays of sunlight worthy of them.)

75.19. This initial group of 148 “wending THE way” but also unknowingly allowing the most sinister layers of imposters back then to open the door for the likes of “Buffalo Bill” who would compulsively kill 4,000 bison in just eight months across the same plains as those shallow graves as part of the most sinister layers of imposters intentionally eradicating the food supply of untold numbers of peaceful cultivators now deemed “in the way” and nicknamed “The Indians.”

75.20. The eradication of this supernaturally shouldered, two-horned, four-legged manifestation of “The Great Spirit” that “The Indians” depended on for all manner of sustenance, survival, song and story by deceptively transforming it from “bountiful beast bigger than The East” into yet another “scapegoat” ultimately eradicated “The Indians” as planned.

75.21. During those decades and beyond, the various tribes of "Indians" however would also claim on their own maps that they controlled their own parts of the vast region in all directions regardless of those different claims of "control" and the different "borders" asserted by warring nations during those decades including Spain, France, Great Britain, Russia and Mexico. (The region known as "Canada" wouldn't be created as a country until July 1, 1867.)

75.22. Eradicated in this impossible-to-imagine way, even though 200 years later the vast lands "The Indians" once honored "The Great Spirit" with by cultivating those lands and letting the Bison roam would ultimately be left "empty" for hundreds of miles. Lost in the turning, twisting realities of the short-sighted, self-deceiving, uncontrollable compulsions and projections of the most sinister layers of imposters going back to that blood-sweat-and-tear soaked time passing in those impossible-to-imagine proliferations day-after-day, week-after-week, month-after-month, year-after-year, decade-after-decade, for one century, then another and now from globe-destroying moment-to-moment.

75.23. Over those 200 years, "that book" being deceptively turned, twisted and scapegoated in more ways also deceptively opening the door to

the spawning of the trillion-dollar, nation-destroying, globe-controlling, most sinister layers of imposters today.

75.23.1. (Almost all involved in the beginning decades of Martin Harris's scapegoating, deceptive, superficial founding of "Mormonism" would be killed or die in mysterious ways decades before Harris who died on July 10, 1875. All who claimed they witnessed divine acts during those beginning days recanted their stories before being killed, dying in mysterious ways or getting as far away from Martin as they could. For any who question this chain-of-events regarding the deceptive founding of Mormonism for Martin's deceptive, unpredictable and uncontrollable purposes, there are many more paragraphs that could be included.

75.23.2. As the original proprietor of this "third narrative" for "Mormonism" in a document titled "Secret Not Secret" and including a story titled "The Bone Fire Girl" Plaintiff invites anyone to gather any number of people and meet anywhere, public or private, for a patient, polite discussion regarding which of the "three" narratives for mormonism is the most historically reconcilable using hidden publications compiled by

Mormonism's own researchers and other institutionally endorsed historical records and this "third narrative" will consistently score an exponentially higher number of points calculated by all who attend.)

76. This hellscape of corruption proliferated at its most sinister layers by short-sighted, misguided enemy actors deceptively hiding behind Martin Harris' layers of deception that they have spawned into the 24/7, trillion-dollar, pay-to-lose, global casino that never sleeps, that is complete with its own carnival filled with deceptive psychological games deceptively designed to disorient, disassociated and fear monger to steal the life, wallets and purses from all— young and less-young alike— and with a superficial haunted house on each deceptive end and with untold numbers of deceptively tailored monsters in between—while the most sinister layers scapegoat 15 well-intending men into being "ring leaders" from its headquarters in Salt Lake City to travel the world speaking in the soft-tongue-of-toddlers to pretend the deceptive casino and its "great and spacious building" are the place where dreams are made instead of being "the great whore of all the earth" where cash fabricating nightmares are deceptively raped from one innocent person after another—this collective "monster" being superficially and colloquially known as "Mormonism" or as "The Mormon *Church*;" "The

LDS *Church*;" or "The *Church* of Jesus Christ of Latter-Day Saints." (The word "*church*" being misused as a scapegoat by the most sinister layers of imposters to deceptively and superficially imply that those most sinister layers hiding behind "Mormonism" are not a 24/7, trillion-dollar financial deception and are just a part-time, one-day-a-week, "Sunday" operation instead.

77. As part of this, the most sinister layers also control and deceptively credential a deceptive "law school" through "Brigham Young University" in addition to credentialling countless political scapegoats mismatriculated through that "law school" or in other ways and operating at countless levels of "state" and "federal" government in Utah, across the U.S. and beyond for more than 100 years regardless of if the people in those roles are "Imposter Republican Mormons" or "Imposter Democrat Mormons" rather than being "True Mormons," "True Republicans" or "True Democrats."

77.1. Going back back more than 100 years this also includes:

77.2. A member of "U.S. Congress" from 1903-1933 who was the first from "The State of Utah;" (Reed Smoot).

77.2.1. ("The Gold Standard" was officially created in 1900 and ended in 1933. During this time, Smoot was also the "chair" of the counterintuitive "Senate Finance Committee" from 1923-1933.

Smoot would not be the last Imposter Mormon "chair" of the counterintuitive "Senate Finance Committee" especially after "9/11-The Iraq War" in which only 5 men would rotate among 10 counterintuitive "terms" during the 25-year-stretch from 2001-Present Day 2025. During this 25-year-stretch, 2 of those 5 men filling those 10 roles would be Imposter Mormons.

77.2.1.1. (1 of those 5 men would be that most notorious "Imposter Jew" Ron Wyden (D-Oregon.)

77.2.2. (When the "Titanic" sank in 1912, three financiers who opposed or questioned "The Gold Standard" were on it and were never found: Isador Straus, Benjamin Guggenheim and John Jacob Astor IV—JP Morgan, the global financier who supported "The Globe Standard" was believed to have also been on the Titanic but after its sinking it was learned that in the hours before the ship left its port in Southampton England, JP Morgan did not get on it.)

77.2.2.1. (Through his shipping company, JP Morgan was also the owner of the Titanic that had an insurance value of about $5 million at the time. He also owned the "Olympic" which was touted as being nearly identical to

the “Titanic” but was inoperable due to suffering some damage after a collision from another large ship. Some have suggested that the ship that actually sank, was the disguised “Olympic” and that after collecting on the $5 million in insurance, what was really the “Titanic” was retired to avoid detection. JP Morgan died about a year later in 1913.)

77.3. An “Under Secretary of State” during the U.S. stock market “crash” of 1929 which is blamed for triggering the decade long “Great Depression.” (J. Reuben Clark). Known anti-semite against “True Jews” not just “Imposter Jews” and also the namesake of BYU’s Law School “The J. Reuben Clark Law School;”

77.4. The Chair of the Federal Reserve from 1934-1948 five years after the stock market “crash” and a year after “The Gold Standard” was eliminated by President F.D.R. (Mariner S. Eccles;)

77.5. A Secretary of Agriculture a year before “agent orange” began being used in Vietnam as part of “Operation Ranch Hand” in 1962. (Ezra Taft Benson.) Grew up on a “ranch” and eventually became the global leader of Mormonism for eight years until his death in 1994;

77.6. A Secretary of the Treasury from 1969-1971 including the year Nixon is credited or blamed with ending the international convertibility of the U.S. Dollar to gold. (David M. Kennedy;)

77.7. Also under Nixon, a Secretary of Housing and Urban Development from 1969-1973 who when appointed had been governor of Michigan since 1963. (George Romney;)

77.8. A governor of Massachusetts from 2003-2007 who was the Republican Presidential nominee in 2012 then a U.S. Senator for Utah from 2019-2025 (Mitt Romney;)

77.9. A Secretary of the Environmental Protection Agency from 2003-2005 who when appointed had been Governor of Utah since 1993. After the EPA he was appointed as Secretary of Health and Human Services from 2005-2009. (Michael Leavitt;)

77.10. A U.S. Ambassador to China from 2009-2011 who when appointed had been governor of Utah since 2005 (leaving the notoriously deceptive Lieutenant Governor at the time Gary R. Herbert to become "governor") (Jon Huntsman Jr.) Huntsman had previously been U.S. Ambassador to Singapore from 1992-1993. Huntsman was also appointed to be Ambassador to Russia from 2017-2019;

77.10.1. (In 2019 when Huntsman would publicly announce his interest in running for Governor of Utah 2020, Herbert would betray Huntsman again by Herbert publicly supporting Cox in the 2020 election rather than Huntsman. As a point of clarity, the only reason Herbert became governor from 2009-2020 was because of Huntsman.)

77.10.2. (This is another example of "Imposter Mormons" fighting "Mormons" that is prevalent throughout Utah as indicated by the untold numbers of fabricated lawsuits in Utah, tribalism among local communities, more tribalism within those communities, shady business dealings, counterintuitive mismanagement at all levels, etc…)

77.11. (Another controversial notable is that David O. McKay became the global leader of Mormonism in 1951. Two years later, a highly controversial program that some claim targeted Americans in layers of impossible-to-imagine proliferations for "mind control" and for other atrocities started. The program's name included "MK." To many, "McKay" and "MK" sound uncannily similar leading to suggestions that the "MK" program was secretly named for "McKay."

77.11.1. Well-publicized reports about “Mormons” occupying many roles within the “FBI” and the “CIA” during these same 100 years and through today add to these understandable suggestions. One publication proliferated throughout “Mormonism” “endearingly” referred to this group of “Mormons” in the “F.B.I.” “C.I.A.” and beyond as: “The Mormon Mafia.”

77.11.2. (It is also important to note that “Imposter Mormons” were counterintuitively in these roles during the two previous, respective times that “The U.S. Government” re-valued gold. These revaluations occurred in 1933-34 ($20.67 to $35 per ounce;) 1972-1973 ($35 to $38 to $42.22 per ounce.) Some suggest that each time the official price of gold was increased, it effectively devalued the dollar against gold and that “devalue” proliferated more fatal scapegoating in many different layers in many impossible-to-imagine ways.)

77.12. (“George Romney,” “Leavitt” and “Huntsman,” all connected to Mormonism, when combined, create a category of 3 “Governors” who were taken from their roles as “Governor” into other “roles.” No other group like this connected to any other “church” can be identified and

it raises questions about their involvement or were they removed as "governors" to allow "imposters" to keep doing what they were doing in those "states" as part of fabricating, laundering and stealing billions of U.S. dollars from "The U.S. Government" every year?;)

78. —There are also others.

79. In addition to an "Imposter Mormon" or "Mormon" being "not far away" when those critical proliferations happened involving the United States of America including that previously mentioned stock market crash (1929), the end of "The Gold Standard" (1933), the genocidal Agent Orange in Vietnam (1962) etc. there are also other critical proliferations where an "Imposter Mormon," a "Mormon," the interests of "Mormonism" or a connection to "Utah" were also "not far away." In addition to the assassination attempt on Presidential Candidate Donald Trump on July 13, 2024, this also includes the assassinations of President Kennedy (1963), Malcolm Little aka "Malcom X" (1965) and Martin Luther King (1968.) This also includes "9/11—Iraq War" (2001-2011 to Occupation of Afghanistan 2021. Karl Rove.)

79.1.1. (This is another example that the worst things are always done by "imposters" with the worst things to hide rather than just being done by "radicalized" groups which are always a maladaptive response to Goetheling and scapegoating in

impossible-to imagine-ways because the Goetheling and scapegoating has been kept hidden.)

79.1.2. (This is also another example that for many decades what "Imposter Mormons" did for "Imposter Mormons" was also good for "Imposter Jews," but what "Imposter Mormons" allowed "Imposter Jews" to do for "Imposter Jews" was even better for "Imposter Mormons" until in recent years this malreciprocating spiral has caused the U.S.A. to fail and fall so far behind other nations like China that there is no "U.S.A." left for the "Imposter Jews" (and their many nukes) to take over. Without "Awareness, Intervention and Advocacy," implemented, it is only a matter of time before China simply makes the suggestion that it take over the U.S.A. as a way to avoid the hassle of a futile war that China would swiftly win. The only reason China hasn't done this already is because they are gaining so much ground in every way imaginable and then some that by continuing, they simply won't even have to "ask" the U.S.A. to join China or even go to war to take over the "U.S.A." —the U.S.A. will simply go begging one day (if it hasn't been secretly doing so already.)

79.1.3. (If this wasn't the case, then the scapegoating betrayals of "looking-the-other-way" yet again while the bodies of tens of thousands of innocent children whose dead parents belonged to a different religion are rolled up in battered blankets by strangers after being starved, blown-up and bled dry by short-sighted "Imposter Jews" while short-sighted, virtue signaling imposters in "The U.S.A." keep waving larger and larger American Flags as if "The American Flag" still means anything to those who signed up to eliminate *all imposters* anytime, anywhere—land, sea or air.)

79.1.4. (The malreciprocating scapegoating between the secretly dueling imposters—ironic in ways that are impossible-to-imagine—Imposter Mormons literally believing they figuratively represent the House of Israel and that the "Promised Land" is in North America while the "Imposter Jews" figuratively believe that they are literally the House of Israel and that everyone else is in their way—including "The U.S.A." and that's why they feel they are entitled to it too and it is only a matter of time before that begins to publicly show through the public announcement of Imposter Jew Jared

Kushner's "candidacy" for "U.S. President" in 2028 even though there already isn't any real "U.S.A." left.)

79.1.5. (And when it comes to "September 11th" and the significance of that "date" in relation to Imposter Mormon's deceptive scapegoating of "The U.S.A." for the Imposter Mormon's own short-sighted, nation-destroying, globe-controlling mis-purposes, it is impossible to ignore that on "September 11, 1857) Imposter Mormons were forced to end their four-day massacre of more than 120 wealthy christians from Arkansas who were bound for California by way of "Utah Territory." It seems that at the time, Imposter Mormons believed that if this group from Arkansas made it to California, with all its connections back east, the Imposter Mormons would lose ground in what they mis-believed was their control of The West. Because of this, it is understandable for intelligent people to question if perhaps this day of "September 11, 2001" was proliferated by warring layers of Imposter Mormons (and others connected to them in one way or another) and was the subsequent, "present-day" way of the part of the present-day generation of Imposter Mormons attempting to "re-assert" and

"re-claim" that what they short-sightedly mis-believe was theirs and that was taken from them over the past 200 years— "that" being— "The U.S.A.")

79.1.5.1. (When it comes to that four-day massacre in "Utah Territory" from September 7, 1857 - September 11, 1857, it is referred to as: "The Mountain Meadows Massacre." The blood of those men, women and children from Arkansas was also not the only blood shed by deceptive, murderous Imposter Mormons throughout "Utah Territory" and "The West" during the 19th century.)

80. In yet another twist in regards to "Mormons" in roles within "The U.S. Government," it was Mormon Harry Reid who was a Democrat Senator from Nevada for 30 years from 1987 -2017 who was a driving force behind providing affordable, quality healthcare to millions of Americans through the "Affordable Care Act" under President Obama.

81. When it comes to trillion-dollar Mormonism's fabricated, laundered and stolen U.S. dollars and the impossible-to-imagine dark-strings of global "control" those fabricated, laundered and stolen U.S. dollars have over almost anyone they target, in any of the dozens of most prominent languages

spoken on earth, anywhere, regardless of what "side" the "speakers" of those languages are on, the most sinister layers of imposters hiding behind layers of Mormonism also maintain a $200 billion dollar + financial scapegoat known as "Ensign Peak."

82. Through "Ensign Peak" and other entities also owns controlling financial interests in the form of "stock" in more than 1,600 companies ranging from millions of dollars to billions of dollars in companies including UnitedHealth Group, JP Morgan Chase, Mastercard, Microsoft, Google, Facebook/Instagram (Meta,) Nvidia, Apple and Lilly Pharmaceuticals in addition to other entities across a diverse range of industries that it owns wholly including the NBC TV affiliate for a region including "The State of Utah," the largest nut producer in the U.S.A primarily located in Northern California as well as owning the largest cattle ranch in the U.S.A. located in central Florida (with more than 42,000 mother cows.)

83. With more than 1.7 million total acres valued at well over $15 billion dollars across countless rural, recreational and urban interests across all 50 U.S. states (including significant holdings across the Hawaiian Islands including a second location for Brigham Young University and including a $2 billion dollar mall in Salt Lake City, Utah, "it" is among the largest agricultural and commercial property operators in the U.S.

84. Because of this, every American child's day and night and every American parent's day and night is controlled in at least one way by the "Church." (Those deceptive layers operating "tax free" under the license of "a church" while in impossible-to-imagine proliferations simultaneously scapegoating superficial, global, ecclesiastical purposes to proliferate commercial purposes while the ecclesiastical purposes then remain neglected and any attempt to lawfully reconcile this is silenced by imposters who at "state" and "federal" levels are "incentivized" or compelled in one way or another to go out of their way to keep this indisputable truth hidden.)

85. This includes deceptive layers of control "Mormonism" can exert through "Ensign Peak" on certain parts of certain companies including parts of "Google" that control "information" and parts of "Facebook/Instagram" that control "social media."

85.1. In 2024, Plaintiff also experienced this targeting and elimination of "social media" as Plaintiff created a TikTok account named "@guvvywuvvy" and announced that because it was an "election year" for "Governor of Utah," Plaintiff would get on the 2024 Utah Governor ballot and bring transparent solutions to these atrocities by becoming Governor of Utah. The account quickly grew to 9,000 followers in Utah and across the U.S. over the course of a few months

with some posts receiving tens of thousands of views before being throttled. Eventually, however, the entire account was “throttled” then "shadow banned" by imposters.

86. Because the money is so big, is so easy to steal, is so easy to keep hidden and proliferates everything from deceptive privately controlled “universities” and “law schools” to deceptive privately controlled “laboratories” to deceptive privately controlled “nuclear reactors” within “The State of Utah,” it is “E-Z-P-Z” for the most sinister layers of imposters to sea-monkey, agar, shake-n-bake, sugar-coat, groom, incentivize, reward, promote, bribe or otherwise proliferate their numbers in one layer or another year-after-year (with bottom-basement food costs due to “*the church*” controlling plenty of those nuts, fruits and sugar seeking mamma cows.)

86.1. In “The State of Utah” from 2020 this also includes more than a dozen “Utah appointees” who were facing federal charges of misusing millions of dollars in federal funds from just one federal case alone yet some of those among that “dirty dozen” being appointed into even more critical roles enabling these nation-destroying, globe-controlling atrocities in worsening ways. Proving again in impossible-to-imagine ways that the most sinister layers of imposter’s rewarding other layers of imposters for proliferating these nation-destroying,

globe-controlling atrocities *is* how the most sinister layers of imposters operate.

87. This better-than-bright-light of truth impossibly but necessarily happening from moment-to-moment now also including the lives of more than 60,000 young men and women presently estimated to be between the ages of 18-21 who are followers of "Mormonism" and who make up a monthly rotating "messenger force" colloquially referred to as "missionaries" who have been sent to nearly all regions of the globe to unknowingly teach selective parts of Martin Harris' "Mormonism."

88. These scapegoated young men and women now possibly being targeted for "kidnapping" and "ransom" by more radicalized groups as parts of these truths about the most sinister layers of imposters continue to come out and spread around the globe before action is taken within "Mormonism."

89. Yet Mormonism's 15 global leaders not taking action puts "Mormonism" at unbeatable legal odds with family members of the young men and women if something regrettable does happen.

89.1. Multiple attempts to share all this with critical layers of "Mormonism" over the past four years through appropriate reporting channels and others have been made in unprecedented and diplomatic ways by Plaintiff but were ignored again and again.

90. Now these commissive and omissive actions that have led to this "painted itself into a corner" proliferation for Mormonism is just one more example of the spectrum of these compulsive terrors deceptively rooted in Martin Harris' "Mormonism" and the selective "trivialization," "self-alienation" and "invalidation" it projects on its targets in malreciprocating ways. Yet there are still those 60,000 lives to be saved too.

91. While many of those layers with colloquial, counterintuitive connections to "that book" also commissively and omissively allow the raped, ravished and relegated region known as "Washington D.C." to be turned into yet another scapegoat, drowning on the floor of the most sinister layers of imposter's black ocean of terror in impossible-to-imagine, titanic ways, this lifeline of better-than-bright-light truths continues with this filing, impossibly but necessarily happening from moment-to-moment.

92. With the support of the U.S. military, this impossible but necessary, politely and patiently spooled, ongoing lifeline in the form of this unprecedented filing is the last lifeline left to be launched towards millions of American children and parents that remain in the scalding, disorienting, disassociating, death-marching steam of what once was "impossible-to-imagine" but then became the "thinkable-but-sinkable" "S.S. United States of America."

93. However, because of the most sinister layers of imposter's deceptive terrors proliferated through "Washington D.C." from moment-to-moment, this impossible but necessarily spooled lifeline is becoming "unspooled" too and time is running out for this better-than-bright-light to shine and the connection to be secured.

94. This is because the most sinister layers of imposters are busy behind the scenes cutting the last thread that could sew this lifeline through Washington D.C. and into the fringed, un-hinged, un-finished tapestry titled "The United States of America" hastily hung in a far different shape so many years ago with so much sewing in the wrong ways done since and so much sewing in the right ways still left to do.

94.1. (That "cutting" being done through the most sinister layers of imposters deceptively, superficially and in virtue signaling cringe worthy ways by attempting to ferry the end of the Washington D.C. "Home Rule Act" through imposter U.S. Senator from Utah Mike Lee (Republican, who also publicly claims to be a follower of Mormonism.)

94.1.1. As another layer of protection, the "Washington D.C. Home Rule Act of 1973" was impossibly but necessarily created 100 years after the 1863 creation of the United States District Court

District of Columbia. To many, “The Home Rule Act” added another colloquial and cultural layer of protection for that impossible-to-imagine-in-1776 “golden thread” that became the most unique thread out of all 94 “Federal Districts,” by default is the most difficult to corrupt and most sought after by the most sinister layers of imposters to control—Thee United States District Court District of Columbia.

94.1.2. Like the most sinister layers of imposters deceptively do with a handful of imposters who control the 104-member, part-time “Utah State Legislature,” Lee is notoriously known for being scapegoated by the most sinister layers of imposters to create “diversions” throughout Washington D.C. in the sinister mis-hopes of providing the “illusion of compromise” or in the sinister mis-hopes that other, more deceptive legislation can be forced and forged through. This includes Lee’s 2025 “Land Act” deceptively and superficially attempting to “sell off” millions of acres of public lands that Americans in Utah and across the U.S.A. can expect to be indefinitely recycled by “Lee” in one deceptive form or another.

94.1.3. As of the date of this filing, during August of 2025 and word of this filing being leaked to the most sinister layers of imposters by the deceptive, commissive and omissive office of the "Utah Attorney General" under Derek Brown more than two weeks prior, imposter U.S. Senator from Utah Mike Lee also continues to add to the counterintuitive misbehaviors of the most sinister layers of imposters that targeted then Presidential Candidate Donald Trump in the days before the July 13, 2024 assassination attempt, in the weeks after and since.

94.1.4. This includes Lee attempting to scapegoat President Trump in still more ways by "federalizing" Washington D.C. through deceptively ending that "1973 Home Rule Act" that would inevitably lead to the elimination of the United States District Court District of Columbia. (Lee successfully doing that would also keep this unprecedented filing hidden from President Trump.)

94.1.5. The most sinister layers of imposter's counterintuitive misbehaviors towards Trump and the U.S.A. include Lee initiating his nation-destroying, globe controlling filing over a

year ago on the peculiar date of July 11, 2024, just two days before the July 13, 2024 assassination attempt.

94.1.6. That same day, July 11, 2024, Utah's imposter "Republican Governor" Spencer Cox counterintuitively made a scapegoating announcement on "left-leaning" CNN in open opposition to Trump declaring that as a "Republican Governor" he would not be voting for the Republican Presidential Nominee Donald Trump.

94.1.7. With the nation-destroying, globe-controlling, fatal scapegoating underway in unprecedented ways by imposters Lee and Cox, the failed assassination attempt happened two days later.

94.1.8. The next day after that failed assassination attempt, during the Republican National Convention, Cox publicly reversed his public opposition of Trump. Cox deceptively and superficially did this as a way to get close to Trump in the coming weeks.

94.1.9. Then, just weeks after the July 13, 2024 failed assassination attempt and with Lee pushing his deceptive bill in unprecedented ways, Cox then deceptively instigated the publicity nightmare against Trump at the grave of a "Mormon"

soldier at Arlington.

94.1.10. This short-sighted, intentionally instigated publicity nightmare by Cox then being selectively proliferated in counterintuitive ways for weeks as a misguided “back-up plan” of the most sinister layers of imposters attempting to keep Trump from winning the 2024 Presidential Election by any means necessary as part of stopping at nothing to keep these previously unimaginable, nation-destroying, globe-controlling atrocities hidden.

94.1.11. Perhaps like the unconscionable attempt at using the deceptive app “Our Family Wizard” to steal billions of dollars from the U.S. Stock Market was expected by the most sinister layers of imposters to be kept hidden, these counterintuitive acts by Lee and Cox were also expected by the most sinister layers of imposters to be kept hidden due to the most sinister layers of imposters having collectively and individually, commissively and omissively premeditated and attempted to carry out that July 13, 2024 assassination of Trump so that in “November 2024” Cox would be “elected” as “President of the United States of America” instead of Trump after Cox was deceptively

implemented as the “replacement” for “the assassinated Trump” during the “2024 Republican National Convention” in the days immediately after what was supposed to have been the “assassination” and just two days after Cox publicly came out against Trump?

94.1.12. Because of all this and more, it seems that the most sinister layers of imposters rooted in Utah were in fact executing an impossible to imagine, darkly altruistic “plan” that they revered as their “Summum Bonum” to finally take over complete control of “The U.S.A.” and with that, the complete control of all the money in the world through what would have been the unlimited, deceptive fabrication, laundering and control of the financial systems of the entire “U.S. Government” but somehow, impossibly, but necessary, after more than 200 years, they have been stopped.

94.1.13. Now in a reversal of what seems to be a multiple-generation-long, Frankensteinesque, radioactive eugenics experiment finally run-a-muck after unspeakable tragedy and terror, in a race-against-time, all that is left is to lawfully wipe off the body of the earth forever what is left of

the many thousands of imposters.

94.1.14. This necessarily proliferated through the license of "Awareness, Intervention and Advocacy" in the name of all Humanity and the relentless, urgent and appropriate action of an appropriate, multi-national military that comes with that license.

95. When it comes to that much needed "sewing" that still needs to be done, this "sewing" includes unbridled, copious amounts of "wending the way," "loving your neighbor" and "living and letting live" rooted in the truths of the better-than-bright-light that is this filing (although it is not perfect and never could be.)

96. This also includes that as of 2025, an estimated 340 million people are living in the U.S.A. The numbers of "Full-Time Residents" living in the region known as "The State of Utah" are estimated to be about 3.2 million to 3.5 million people. The numbers of "Seasonal Residents" in the region are estimated to be between 80,000 to 100,000 people. Most "Seasonal Residents" are estimated to be in just 3, non-congruent counties out of 29 counties with about 360 miles between the two of the three counties that are the furthest apart. This is due to developed populations living in a range of high desert and high mountain elevations across the region ranging between

more than 8,000 vertical feet above sea level. The different rewarding seasonalities those various elevations offer and proliferating those rewards for themselves and more- often-than-not proliferating those rewards for others of all ages being a common thread in the brightly colored five-dimensional tapestry of social, physical, emotional, spiritual and chronos that is the moment that "Utah" is from moment-to-moment. More than 15 million welcome visitors also seek the region every year to test and confirm their fearlessly earned membership in this global tribe of golden "human beings"—rich in grins, giggles, ideas, learning, opportunity and laughter. A membership that is unwritten but symbolized in 24/7, all-season camaraderie at all elevations and in countless other ways.

97. The area of the region with a radius of about 50 miles from the Salt Lake City International Airport is home to eight of the region's most visited, all-season mountain destinations serving as a worthy host for the 2002 Winter Olympics and anticipated to host the 2034 Olympics with other world championship events on white snow, crystal ice, purple rock, through the supernatural air and on blood red dirt also taking place—past, present and future.

98. Because of all this and more, the region known as "The State of Utah" is part of an unmatched crown jewel that is otherwise known as "The West" with

accoutrements within 600 impossibly sparkling miles having names like “Big Sky,” “Sun Valley,” “Targhee,” “Telluride,” “Tahoe,” “Taos” and “Sedona.” That hammered, winged tiara then rounding planet Earth’s well-deserved resting brow and wrapping 3,000 miles to the north and 3,000 miles to the south.

99. The region known as “Utah” lost for decades to the most sinister layers of that hidden, clandestine military of many thousands of enemy agents in many different roles deceptively operating within “The State of Utah,” operating across the rest of “The West,” operating across the rest of the U.S.A. and operating beyond the U.S.A.’s borders proliferating decades of nation-destroying, globe-controlling atrocities and continuing in commissive and omissive, mass, fatal ways from moment-to-moment.

100. Many of those layers also at war with each other;

101. Many of those layers also at war within;

102. Some of those layers having become more apparent than others…AND—

(END OF INTRODUCTION)

INTRODUCTION TO CASE

104. This case arises from the most sinister layers of imposters having deceptive roots within trillion dollar layers hidden within "The State of Utah," across "The U.S.A." and beyond being indisputably exposed from moment-to-moment over the past seven years in ways that shake to the core and change forever every patriotic American in all 50 states.

105. This includes the most sinister layers of these nation-destroying, globe-controlling imposters proliferating that disguised, generational, scapegoating reign of terror for more than 200 years as part of deceptively controlling the finances, military and lands of the United States of America and beyond without any regard for life.

106. The most sinister layers of imposters have already succeeded in those most critical-of-ways and because of this, the United States of America as a country is now hanging by that thread. That thread continuing to unravel from moment-to-moment. That thread also in the process of being cut by the most sinister layers of imposters.

107. Because of this, the imposter's collective and individual atrocities continue to worsen from moment-to-moment.

108. Because of this, the most sinister layers within “The State of Utah” will continue to stop at nothing on a mass scale within Utah, across the U.S.A. and beyond to accomplish their mis-purposes and keep it all hidden.

109. The decades-long access that the most sinister layers of imposters have to destructive, ground based explosives, (aka “bombs”) each one capable of proliferating the deaths of untold thousands of American children and parents in Utah, across the U.S.A. and beyond and keeping it hidden behind more scapegoating is also nowhere near as destructive as the most sinister weapon the imposters secretly have. “Self-detonating” parts of Utah and the U.S.A. would simply simply be part of their darkly altruistic, self-spawning “back-up plan” and keeping it all hidden. (That “most sinister weapon” of “Fatal Human Trafficking On An Industrial Scale"” and keeping it all hidden being exposed herein.)

110. As these nation-destroying, globe-controlling atrocities continue in worsening ways, other scapegoated and scapegoating imposters beyond the U.S.A. continue to exploit this unraveling, final thread and its deceptive cutting for their own nation-destroying, globe-controlling purposes.

111. Regardless of how many American loved ones have been deceptively targeted, exploited, fatally eliminated or unlawfully imprisoned, another race against time continues as word of this 40-year-long, unchecked feeding

frenzy by the imposters upon American children and parents continues to spread across the globe's six other continents and 194 other countries in many ways.

112. Because of this, layer upon layer of other nations, some groups more understandably empathetic than others, some groups more understandably radicalized than others, continue to learn about these atrocities, to learn about this this unraveling final thread and to learn about its deceptive cutting before most Americans are learning about it.

113. Because of all this, this case reveals indisputable, lawful evidence:

113.1. Why "statehood" for "The State of Utah" should be immediately revoked by the President of the United States of America;

113.2. Why the two U.S. Senate seats and four U.S. House of Representative seats filled by imposters from Utah should be immediately suspended.

113.2.1. Those 6 seats being just 6 of 535 seats in U.S. Congress and many of those 535 seats also filled by nation-destroying, globe-controlling imposters deceptively operating on principles far different than the financial, military and land principles the United States of America was founded upon;

113.3. Why the region formerly known as “The State of Utah” should be simultaneously occupied by an abundant presence of the U.S. military;

113.4. Why without these unprecedented actions the complete control of the United States of America in every way by the most sinister layers of imposters is imminent. The slippery slope of control by the most sinister layers of imposters continuing in irreversible ways within one year of a most sinister, deceptive, scapegoating “legislative bill” cutting that unraveling final thread on the verge of being deceptively “passed” within “U.S. Congress.”

114. This evidence presented herein including that 12 years ago, the most sinister layers of imposters in Utah secretly created 10 deceptive “state offices” and other deceptive supporting “state offices” under the license of “The State of Utah” and under the banner of the American Flag (this includes the previously hidden “Private Office of The Guardian Ad Litem.”)

115. This impossible-to-imagine nation-deceiving atrocity was part of the most sinister layers secretly proliferating the fabrication, theft and laundering of billions of U.S. dollars every year from scapegoated layers of “The U.S. Government” by deceptively proliferating the fatal human trafficking of American children and parents on an industrial scale through those secretly

colonized parts of local “courthouses,” “police departments,” “jails” and other “state sponsored offices.” Millions of American children deemed “vulnerable” or “convenient” make up the majority of those who are targeted. American parents with “credit cards,” “bank accounts,” “home equity,” “real estate holdings,” “stock holdings” and other assets including the “life insurance” who may not appear “vulnerable” or “convenient” on the surface are the most sought after.

116. This multi-layered, scapegoated, most sinister but now “runaway” ultimate weapon of the most sinister layers of imposters being so unstoppably radioactive and so mercilessly efficient at invisibly operating as fatal “Family Disassembly Lines” that it continues to cause the most sinister layers of imposters within “The State of Utah” to have at their dispense an abundance of tens of billions of U.S. dollars—fabricated, laundered and stolen—every year.

116.1. Another indication of this is that this impossible-to-imagine “ultimate weapon” has resulted in an also impossible-to-imagine revolving, invisible, pile of fabricated, laundered and stolen cash hidden among the most sinister layers of imposters in Utah reaching anywhere from $35 billion in March of 2025 to beyond $100 billion at any given time past, present or future. (It shouldn’t be impossible-to-imagine how

any group no matter how "big" or how "small" with unlimited access to fabricated, laundered and stolen dollars could "incentivize" anyone in any role to do anything in layer after layer and keep it hidden no matter how counterintuitive it was.)

117. In "The State of Utah," those ten deceptively created "offices" secretly staffed by AFCCNET.ORG members disguised as "commissioners" and hidden in local "district court courthouses" across Utah's three most populated counties populated by more than 2 million people instead of just being titled as "judges" even though the "legislative code" creating them deemed them as "psuedo-judges" functioning in the exact same way "judges" function.

117.1. (It is well-known that the corrupt Gary Herbert aka "Available Jones" was the deceptive governor of Utah during that time and that current governor Spencer Cox was Lieutenant Governor at that time.)

118. The imposters within the "State of Utah" deceptively disguising these 10 AFCCNET.ORG staffed "offices" as "commissioners" instead of labeling them as "state district court judges" as they function as, was so the ten offices could deceptively function as "judges" but without the appearance of accountability like is superficially claimed for Utah's 71 "state district court judges."

119. If this wasn't the impossible-to-imagine truth about "Governor Herbert," "Lieutenant Governor Cox" and the sea-monkey'd, agar'd, shake-n-bake'd, sugar-coated, groomed, incentivized, rewarded, promoted, bribed members of the 104-member, part-time "Utah State Legislature" at the time who deceptively created these 10 offices—if "ten more judges" really were needed to "lighten the load" of Utah's 71 judges at the time—then real "offices" for "ten more judges" would have simply been created instead. They also would be staffed by well-intending judges appointed by a non-imposter Governor instead of deceptive members of AFCCNET.ORG.

119.1. (If more targeted parents in Utah survived longer, this critical part in these nation-destroying, globe-controlling atrocities would have been discovered long ago. Because it has stayed hidden until now is another testament to how many targeted parents don't survive out of no fault of their own.)

120. "The State of Utah" however is not the only "state" that the most sinister layers of imposters scapegoat to commit these nation-destroying, globe-controlling atrocities without any regard for life.

121. To secretly control local "courthouses," "police departments," "jails" and other "state sponsored offices" in all 50 states, thousands upon thousands of imposters superficially hide behind several different "private corporations"

disguised as: “The American Bar Association” (with more than 400,000 members;) “Utah State Bar” (with more than 12,000 members;) and that most sinister “private association” of all: “AFCCNET.ORG,” with more than 6,000 members spread across dozens of regional “chapters” within Utah (“AFCCUTAH.ORG”) and 19 other states with other “chapters” in Canada, Australia, the U.K. and other countries. This most sinister “private association” extends those generational, fatal “Family Disassembly Lines” in uncontrollable ways with deceptive “judges,” “attorneys” and “psychologists” who pose as “members” yet AFCCNET.ORG and AFCCUTAH.ORG avoids culpability by refusing to accept reports about these atrocities. (Proof of this can be found in a 30-second video link at www.linktree.com/operationwalkout.) There are also ad-hoc copycats in every state and beyond.

121.1. Although “Utah State Bar” has an “official” sounding name and is colloquially known as “The Utah State Bar,” it is actually a deceptive “private corporation” not an actual “state agency” but colloquially allowed to masquerade as a “state agency” in short-sighted, virtue signaling ways without any questioning. Many “attorneys” educated (or mis-educated) at the two law schools in Utah (one at “Brigham

Young University" the other at the "University of Utah," claim to never have been taught this truth about "Utah State Bar."

121.2. Depending on the year, there is a national average of similarly masquerading "bar associations" deceptive and superficially known as "voluntary associations" (aka "self-regulating associations) in almost 33 of 50 U.S. states (66% of U.S. States.)

122. All "imposters" *not* being members of this most sinister "private association" superficially disguised as "AFCCNET.ORG" but being members of other "private associations" as ad-hoc copycats is a pre-meditated part of the most sinister layers of imposter's scapegoating those layers of "The U.S. Government" and keeping it all hidden without any regard for life in worsening ways for more than 40 years.

123. This includes the recent discovery of a hidden list secretly kept by members of "AFCCUTAH.ORG" that has 12,000 - 14,000 unlawfully, "absentee" children's names on it as part of fabricating, laundering and stealing those billions upon billions of dollars every year.

124. These nation-destroying, globe-controlling hidden lists with hundreds of thousands of unlawfully absentee American children's names on them secretly exist in every "state" because driving the imposter's nation-destroying, globe-controlling atrocities and keeping them hidden is a

multi-billion dollar federal subsidy deceptively created by the most sinister layers of imposters more than 40-years ago and primarily known as "Title IV-E."

124.1. (This is part of why with this filing as a guide, it is urgent for an appropriate military to immediately be given license to begin vetting these lists—to determine how many of the names on those lists are of American children: who are already dead, missing or entirely faked; what is the status of one or both absentee American parents; and the no-longer-hidden atrocities and stages the many layers of imposters proliferated to forge and force those names on those lists.

125. Superficial, deceptive derivatives of different names of other "subsidies" as part of "Title IV-E" have also been used to proliferate the scapegoating of "Title IV-E" and keep it hidden in deceptive ways during that time.

126. This also includes deceptive hearings superficially held every few years by the "Senate Finance Committee" including that in 2024, imposter U.S. Senator from Oregon Ron Wyden (who publicly claims to be a follower of Judaism) and imposter U.S. Senator from Idaho Mike Crapo (who publicly claims to be a follower of Mormonism) deceptively held a superficial "hearing" about "Title IV-E" on May 22, 2024, (the day after Plaintiff was

released from jail) officially titled: "The Family First Prevention Services Act: Successes, Roadblocks and Opportunities For Improvement."

127. After word about this hearing spread in the days that followed and video of this hearing was posted on social media by Plaintiff and others thousands of reports were emailed into "statementsfortherecord@finance.senate.gov" but over the days, weeks, months and more than a year that has followed since Wyden and Crapo ignored every single "response." This is even though Wyden and Crapo claimed to "call for responses from the public."

128. Because "what Imposter Mormons do for Imposter Mormons is also good for Imposter Jews, but what Imposter Mormons allow Imposter Jews to do for Imposter Jews *was* even better for Imposter Mormons" for nearly 100 years, it is likely that like other deceptively staged hearings over the past 40 years, this hearing too was also deceptively staged by the most sinister layers of imposters and was actually a collective and individual litmus test of sorts by "Imposters Mormons" and "Imposter Jews" to gauge where targeted parents are surviving, how many targeted parents are surviving and what they know.

128.1. (It could have also been for something even more insidious though: A way to stage a "call for responses from the public" so those survivors who responded could be further targeted, exploited, eliminated and kept hidden.)

128.2. (Another indication of this most insidious form of scapegoating is that as of August 2025, the black-eyed Wyden still maintains a “Submit A Whistleblower Complaint” on his “Wyden.Senate.Gov” website. Perhaps time will tell how many missing Oregonians made a “whistleblowing” report to Wyden’s website before they were then targeted and “went missing.”)

129. In yet another impossible-to-imagine dark twist lasting decades, Wyden and Crapo are also 2 of only 5 “U.S. Senators” to fill the 10 rotating “Chair Roles” of the “Senate Finance Committee” over the past 25 years. The other three are Max Baucus (D, Montana,) Chuck Grassley (R, Iowa,) Orrin Hatch (R-Utah.)

129.1. The counterintuitively rotating list since 2001 is: Max Baucus (2001), Chuck Grassley (2001), Max Baucus (2001-2003), Chuck Grassley (2003-2007), Max Baucus (2007-2014), Ron Wyden (2014-2015), Orrin Hatch (2015-2019), Chuck Grassley (2019-2021), Ron Wyden (2021- 2025), Mike Crapo (2025-)

129.1.1. As word of previous filings within Utah at “local” and “federal” levels continued to spread through the most sinister layers of imposters within Utah, across the U.S. and beyond, on July 17, 2025 in an 8 minute speech that continues to be

scrubbed from the internet, Wyden deceptively touted the "thorough investigational capabilities" of the "Senate Finance Committee" in a misguided attempt to gain control of what is colloquially referred to as: "The Epstein Files." This self-serving, virtue signaling deception further solidifying the truth that for more than 40 years, Wyden has also been a nation-destroying, globe-controlling imposter in U.S. Congress for mis-purposes of his own or for mis-purposes of others including "AIPAC" and the 361 of members of the 535 member U.S. Congress AIPAC deceptively funds collectively and individual ways.

129.2. In addition to Wyden beginning in U.S. Congress in 1981, Hatch beginning in 1977, Grassley beginning in 1981 and Baucus beginning in 1978, there are about 26 other past or current members of U.S. Congress who are or were also "members of congress" for 40+ year "terms" and whose terms also included at least 20 years since 1980.

129.3. There are also 34 other past and or current members of "U.S. Congress" whose 30+year "terms" also included about 20 years since 1980 and there are others whose 20+ year terms include a majority of that time being after 1980 too. (Crapo began in 1999.)

129.3.1. (Out of 200-250 people who have been "U.S. Senators" over the past 25 years, it is impossible-to-imagine that 2 of the 5 most critical roles related to fabricating, laundering and stealing billions of U.S. dollars every year over have been controlled by Imposter Mormons that are 2 of 5 members of U.S. Congress over those past 25 years to control the "Senate Finance Committee (Hatch and Crapo) when less than 1% of Americans are active as "Mormons." (An estimated 6.9 million "Mormons" within the U.S. out of an estimated 340 million Americans.)

130. Reports regarding "Title IV-E" indicate that as of 2024 "Title IV-E," under the deceptive, multi-layered but indisputably isolated control of the "Senate Finance Committee," was holding $5.83 billion U.S. dollars for the most sinister layers of imposters to steal in just that year alone.

130.1. We now know that the imposters can do this by simply targeting, baiting, forcing and forging the names of hundreds of thousands of American children onto those "lists" in different stages every year then eliminating American parents one-by-one in different stages to keep the children's names on those lists indefinitely regardless of how many tens of thousands of American children die in the early stages

too or go "missing" in the later stages—lost to those many impossible-to-imagine layers of "child trafficking."

130.2. The most sinister layers of imposters making sure that the names on those lists are never checked by the "Senate Finance Committee" and the "Chairs" of the "Senate Finance Committee" (Baucus, Grassley, Hatch, Wyden and now Crapo) insidiously oblige them.

130.2.1. (It should be no surprise that Crapo was counterintuitively made "Chair" of the "Senate Finance Committee" and within months, a move to "revalue gold" for only the 3rd time in the history of "The U.S.A." is being proliferated through "The U.S. Government." (aka "Brown Brothers Harriman" and leveraged through other "multi-hyphenated-billion-dollar-firms" magically turning into "trillion-dollar-firms" that will likely include "Ensign Peak" ($200 billion x1000) "Spectrum Equity" ($2 billion x1000) etc. and all the globe-destroying atrocities that will come with those many layers as they continue to "war-within-themselves" and "with-each-other" shortly after.)

131. This nation-destroying, globe-controlling atrocity deceptively allowing the names of dead and missing children to be used as part of fabricating,

laundering and stealing billions of U.S. dollars every year under the deceptive illusions of "Title IV-E" year-in-and-year-out.

131.1. This then also making it even easier for the most sinister layers of imposters to completely "fake" names of children and use those fake names on those "lists" as a way to fabricate, launder and steal more billions of U.S. dollars under the illusions of "Title IV-E."

132. However, these nation-destroying, globe-controlling atrocities also include imposters who are members of "AFCCUTAH.ORG" and their ad-hoc copycats targeting the U.S. Stock Market to steal billions of dollars more in yet another deceptive scheme.

133. This is being done by the most sinister layers of imposters proliferating a deceptive "Initial Public Offering" for that secretly weaponized, deceptive "app" secretly controlled by the most sinister layers of imposters through "AFCCNET.ORG."

134. Since 2018 the imposters have deceptively used local "courtrooms" in local "courthouses" to force more than one million parents in Utah, as well as across the U.S., Canada, Australia and the U.K. to pay hundreds of dollars a year for the deceptive "app."

135. This includes one imposter "judge" in Utah since 2009 named Robert Faust who is the son of a late "Mormon" leader named James E. Faust.

135.1. (The leadership roles that James E. Faust held in Mormonism were among only 15 roles that barely 100 different men have held over the past 195 years. James E. Faust was also a former military veteran, attorney and a quiet "Democrat" when 99.95 of "Mormons" in any role are "Republicans" or "Romney Republicans." (This is another example of the turning, twisting, deceptive, superficial labels of "Democrats" and "Republicans" and how they are misused and scapegoated by "Imposter Democrats" and "Imposter Republicans.")

136. The imposters unlawfully and arbitrarily misusing local "courtrooms" in local "courthouses" to do this artificially creates billions of dollars of value for the deceptive "app." Artificial value that can then be used to steal those billions from the U.S. Stock Market that is funded dollar-by-dollar in trillion dollar ways by untold millions of Americans and citizens of other countries around the globe.

137. Since 2020, the most sinister layers of imposters have also deceptively involved a superficial, billion dollar "Wall Street" firm named "Spectrum Equity" with offices in the U.S. (San Francisco and Boston) as well as in the U.K. to proliferate the eventual "Initial Public Offering" of the "app."

138. Because of this, it is likely that "Spectrum Equity" has many connections to the most sinister layers of imposters hidden within deceptive layers in "The

State of Utah" because instead of exposing these atrocities and forever solidifying a reputation that untold billions of dollars of investments could have been garnered on by a well-reputed "Spectrum Equity" starting more than five years ago and saving millions of lives in the U.S., Canada, Australia, the U.K. and other countries if "Spectrum Equity" had done so, "Spectrum Equity" instead did not hesitate to proliferate these nation-destroying, globe-controlling atrocities in these billion dollar ways.

139. As part of this, Spectrum Equity has even deceptively placed staff in the U.S. and the U.K. to be on "The Board of Directors" of the "app."

140. —The "apps" name is "Our Family *Wizard*" and it is deceptively used for far more than just "phone calls," "video calls" and "texting." (Another indication of its superficial deceptions is that "Our Family Wizard" didn't even offer "video calls" until 2023. Something that was available "for free" well-over a decade before.)

141. But yet, for some reason, "The U.S. Securities and Exchange Commission" continues to ignore detailed reports of this billion dollar stage of the schemes even after the discovery of this billion dollar scheme by Plaintiff in 2024 led to Plaintiff filing additional reports with the "S.E.C." in December of 2024 (under the Biden Administration,) January of 2025 (still under the Biden Administration's appointees) and in May of 2025 (under the Trump

Administration.) However, as of August of 2025 all those reports have also gone ignored.

141.1. It's also important to note that in 2024 the U.S. Securities and Exchange Commission office in Salt Lake City was closed.

141.2. As it applies to "AFCCNET.ORG" and "Our Family Wizard," in June of 2024, Peter Salem, the Executive Director of AFCCNET.ORG for the past 30 years retired and was replaced by Bryan Altman, the former COO of "Our Family Wizard."

141.3. Executive Director of AFCCNET.ORG Peter Salem in 2019 re-wrote the lyrics to Al Steven's 1976 song "The Year of the Cat" and titled it "The Judge In the Hat." Salem's version included the verse: "Well she looks from the bench so cooly, as her eyes scan everyone in the room, for the children, it is truly a great chance to find what's on the other side, the judge in the hat."

141.3.1. These lyrics begging many targeted parents with missing targeted children to ask questions about:

141.3.1.1. What "the other side" means?;

141.3.1.2. As the Executive Director of an organization that claims to be operating "in the best interests of the child as

"AFCCNET.ORG" does, why do the children need to see "what's on the other side?;"

141.3.1.3. Is the children unnecessarily, deceptively and superficially being in the "courtroom" —"to see what's on the otherside"— actually an insidious form of "grooming" so that the children and their "garbage bags" can more easily be picked up from houses-of-horror disguised as "foster care" by the imposter "judges," "attorneys" and "psychologists" who are members of "AFCCNET.ORG and their ad-hoc copycats?;"

141.3.1.4. Why is the role of the "judge in the hat" designated as a "female judge" when "judges" are "females" or "males?;"

141.3.1.5. Does this have anything to do with 9 out of 10 imposter "commissioners" in Utah being "female?;"

141.3.1.6. Do your lyrics have anything to do with a type of witchcraft sometimes referred to as "Magdalenian Zionism" and found throughout AFCCNET.ORG and "Our Family *Wizard*"?

141.3.2. (Also in 2024, layers within China that had proliferated adoptions between the U.S. and China for decades suddenly closed. This may have been because absentee "American Children" targeted by members of AFCCNET.ORG were being trafficking to these deceptive layers hiding within China and the "adoption program" was part of its cover and it was being exposed as part of all this and that is why it was abruptly and counterintuitively shut down in 2024. Because of these peculiarities however, it must be asked if Salem's "song" is an indication of local "courtrooms" being used as part of the "grooming" so that deceptive AFCCNET.ORG members who are imposter "judges," "attorneys," "guardian ad litem attorneys," "private guardian ad litem attorneys," "psychologists," etc. could more easily "pick up" the children at a later date and more easily travel with them to traffic them wherever in the world they were being trafficked to for whatever fatal purposes they were being trafficked for. This "travel" by deceptive AFCCNET.ORG members may also be a reason why it is so common for targeted parents in Utah, across the rest of the U.S. and beyond to be told for weeks by

imposters who are AFCCNET.ORG members or their "staff" that the AFCCNET.ORG member is "unavailable" because they are "traveling."

141.3.2.1. There are also videos that occasionally pop up online of distraught children traveling with "adults" who they are not related to and the "adults" telling the children to "keep quiet" while the adults also refuse to answer any questions about who they are, why the children are with them and where they are going.

141.3.2.2. It's important to note that Hillary Clinton was a guest and editorial writer for AFCCNET.ORG's 1997 conference when she was "The First Lady." The title of her editorial for the AFCCNET.ORG's annual conference's newsletter was, "Taking It Over." 1997 was also the same year President Clinton signed a deceptive update to Title IV-E deceptively known as: "The Adoption and Safe Families Act.");

141.3.2.3. It's also important to note that like "AFCCNET.ORG" is not a reflection of "all of the U.S.A.," these layers possibly operating within "China" are also not a

reflection of "all of China" and are likely more of a reflection of the deceptions of the most sinister layers of imposters scapegoating parts of other countries.)

142. The indisputable evidence of the many layers of the most sinister layers of imposters and the ancillary guiding questions presented herein arises from the colluding, unlawful actions of more than 60 imposters commissively or omissively targeting, exploiting and attempting to eliminate Plaintiff's two daughters and Plaintiff over the past seven years.

143. Those imposters deceptively filling one role or multiple roles in different local "state" and local "federal" offices including:

143.1. Within the "United States District Court District of Utah;"

143.2. Within "The State of Utah;"

143.3. Within "Utah's Third District Court;"

143.4. Within the county of "Salt Lake County" (a county of 1.2 million people;)

143.5. Within the city of "West Valley City" (a city within Salt Lake County having a 15-year long superficially documented, scapegoating history of impossible-to-imagine, enabled, fatal corruption;)

143.6. Within the "West Valley City Police Department" (the "police department" proliferating human trafficking on an industrial scale for

the most sinister layers of imposters who then keep it all hidden in mal-reciprocating ways with grooming, incentivizing and scapegoating;)

143.7. Within "The Salt Lake County Sheriff Department" (that aids in these fatal atrocities in more impossible-to-imagine proliferations;)

143.8. And within other “organizations” including the offices of “local luminaries.”

144. This includes that over the past seven years, the most sinister layers of imposters have proliferated counterintuitive, ongoing, stages-upon-stages of unlawful atrocities short-sightedly and self-servingly aimed at targeting, exploiting and eliminating Plaintiff’s two daughters and Plaintiff by turning Plaintiff’s two daughters and Plaintiff into permanent “absentees” from Utah, from the rest of the U.S. and beyond.

145. Plaintiff’s two absent daughters are believed to be ages 16 and 9 if they are still living.

146. The daughters have different mothers. After being unlawfully minimized without notice in impossible-to-imagine proliferations through forgeries and cover-ups proliferated by imposters in these different layers and different ongoing stages over the past seven years, it was 3.5 years ago and 2 years ago respectively that Plaintiff’s Rights as an American parent to each

daughter were unlawfully eliminated without notice through more mal-reciprocating stages of forgeries, cover-ups and intentionally instigated fatal terrors of ruin, doom and death proliferated by the imposters but without the imposters ever following lawful protocols, without the imposters leaving a lawful paper trail and with the imposters baiting, scapegoating and attempting to end the life of Plaintiff in many different ways as part of keeping these atrocities hidden.

147. Through somehow surviving the unsurvivable, Plaintiff has discovered that there are millions of other now permanently "absent" American children and parents who were deceptively targeted, exploited and eliminated with "suicide baiting," "rage baiting," and "swatting" as part of "human trafficking on an industrial scale" over the past 40 years who did not survive and that there are untold thousands more being targeted, exploited and eliminated every day in worsening ways.

148. As Plaintiff continued to somehow survive these atrocities through what became the ongoing, "critical mass" of many months of last year (2024) due to "2024" being an election year for "Governor of Utah" as well as for the "President of the United States of America," the imposters continued their attempts to silence and fatally eliminate Plaintiff by attempting to end Plaintiff's life in any way possible.

149. While these atrocities continue from moment-to-moment in impossible-to-imagine proliferations for Plaintiff's two daughters if they are still living and for Plaintiff, this includes that last year alone the most sinister layers of imposters attempted to "swat" Plaintiff five times in less than six months.

150. Of these five swatting attempts of 2024, the first was set to occur on February 12, 2024 by the imposters suddenly, without notice, "ordering" Plaintiff to appear Salt Lake City's 5-story, 450,000 sq. ft., secretly weaponized, Matheson Courthouse yet again as the imposters have done dozens of times in worsening stages over the past seven years—all directed at deceptively scapegoating and baiting Plaintiff into believing that by going to the Matheson Courthouse for one deceptively escalated and forged stage or another, he would finally be empowered, validated and enabled the opportunity to continue being a father to each daughter.

151. This first swatting attempt did not materialize in the ways that the most sinister layers of imposters had anticipated however. This is because they failed to notify Plaintiff in time because to keep it hidden—and so they could scapegoat and blame Plaintiff for the atrocities they had planned—they avoided using the lawful ways to notify Plaintiff. Lawful ways that would

have easily exposed them if they had been used and had succeeded in fatally swatting Plaintiff. This is why they avoided using them.

152. Three weeks later, on March 5, 2024, the most sinister layers of imposters unlawfully proliferated the *second* swatting attempt of Plaintiff at the Matheson Courthouse. When this also failed, in an attempt to cover it up, they unlawfully arrested Plaintiff and unlawfully imprisoned Plaintiff at “The Salt Lake County Jail.” When forged documents to indefinitely keep Plaintiff unlawfully imprisoned failed to arrive later that night Plaintiff was released.

153. Eight-days later on March 13, 2024, the imposters baited Plaintiff to the Matheson Courthouse again for the *third* swatting attempt and when this failed, they unlawfully arrested Plaintiff and unlawfully imprisoned Plaintiff. With the forged document already at "The Salt Lake County Jail" this led to Plaintiff being unlawfully imprisoned for an unpredictable, terrifying two-months-and-eight-days from March 13, 2024 - May 21, 2024.

154. During the two-months-and-eight-days, the imposters collectively and individually forged 14 years of prison sentences for Plaintiff without any lawful evidence ever being brought forth, without bail ever being offered, without a lawful hearing ever being held and without ever having a lawful trial in an attempt to further bait and fear monger Plaintiff into agreeing to being assigned a 3-year-long prison term also without any lawful evidence

ever being brought forth, without bail ever being offered, without a lawful hearing ever being held and without ever having a lawful trial, but Plaintiff didn't fall for the impossible-to-imagine scapegoating.

155. This is because while being unlawfully imprisoned in "The Salt Lake County Jail" (the "jail" being under the control of "The Salt Lake County Sheriff Department,") Plaintiff identified that there is a double-digit percentage of targeted, exploited and hidden parents unlawfully imprisoned within "The Salt Lake County Jail" for many more months or several years and also without any lawful evidence ever being brought forth, without bail ever being offered, without a lawful hearing ever being held and without ever having a lawful trial.

156. Since then, Plaintiff has also identified that that there are others who have been unlawfully imprisoned by local imposters within the notorious "Utah State Prison" or with a colluding "federal prison" under similar, impossible-to-imagine proliferations—even if a "local jury" at the "Orrin G. Hatch Federal Courthouse" for the "United States District Court District of Utah" was "involved."

157. As part of more suicide baiting and rage baiting, these unpredictable, terrifying two-months-and-eight-days for Plaintiff also included three deceptively staged "hearings" when Plaintiff was brought back to the

Matheson Courthouse with chains around his wrists, waist and ankles and was told to “not say a word…or else.” Then Plaintiff was unlawfully sent back to "The Salt Lake County Jail" for more unpredictable, terrifying weeks. Each time without any lawful evidence ever being brought forth, without bail ever being offered, without a lawful hearing ever being held and without ever having a lawful trial.

158. As part of more suicide baiting and rage baiting after Plaintiff had survived the first two-months-and-*two*-days, the imposters collectively and individually pretended to begin the release process of Plaintiff but then without notice, kept Plaintiff unlawfully imprisoned for *seven* more days until May 21, 2024.

159. When the imposters finally released Plaintiff to an unpredictable, terrifying, dystopian existence, it was only so they could try swatting Plaintiff again that night without the challenges of Plaintiff being in “jail.” This *fourth* attempt to end Plaintiff’s life however also did not materialize in the way the most sinister layers of imposters anticipated.

160. Prior to releasing Plaintiff, the imposters had attached a GPS ankle monitor to Plaintiff’s leg for what would be the next 90 days and after the *fourth* attempt that first night after dark at Plaintiff’s home, the imposters then

waited the 90 days for the ankle monitor to be released to try swatting Plaintiff for a *fifth* time.

160.1. After the ankle monitor was removed by the private contractor who was paid a total of $1,200 by Plaintiff to electronically monitor it and remove it on the 90th day which was August 19, 2024 —the very next day —August 20, 2024— the imposters secretly tracked Plaintiff through the "Our Family Wizard app" on Plaintiff's phone to a Salt Lake City "COSTCO" food court where Plaintiff had been resting for nearly 45 minutes after shopping and the imposters tried facilitating a fatal swatting event there in yet another way: This time the imposters unimaginably involved Plaintiff's absentee, now 9-year old daughter who was 8-years old at the time and who had been unlawfully absentee from Plaintiff without any notice and without any communication for more than six months prior to that day (including the unpredictable, terrifying time of Plaintiff being unlawfully imprisoned for those two-months-and-eight-days at "The Salt Lake County Jail.")

160.2. As part of continuing the suicide baiting, rage baiting and swatting of Plaintiff, as of the filing of this case to the United States District Court District of Columbia during August 2025, the most sinister layers of

imposters continue to unlawfully constript Plaintiff for targeting, exploitation and fatal elimination in unpredictable, terrifying, scapegoating ways at Plaintiff's home and otherwise and superficially scheduled to last at least 9 more years.

160.3. Because of the worsening stages of the imposter's forgeries happening again without notice in December of 2021, Plaintiff believes the daughter who is 16-years-old has been in North Carolina for the past 3.5 years however the worsening stages of the imposter's forgeries have also prevented Plaintiff from confirming this and because of the imposters forgeries, verbal communication has been unlawfully cut off from the daughter for nearly a year.

160.4. Because of the worsening stages of the imposter's forgeries happening again without notice in March of 2023, Plaintiff is unaware of where his now 9-year old daughter is and because of the imposter's forgeries all communication with the daughter has also been unlawfully cut off for more than a year-and-a-half. Because of this, Plaintiff does not know if the daughter is living or who the daughter is with day or night if the daughter is living. The most sinister layers of imposters also continue to unlawfully threaten to "arrest" and "imprison" Plaintiff yet again if Plaintiff makes any attempts alone or involving others to

find out if the daughter is living, where the daughter is or who the daughter is with day or night if she is living.

160.5. These worsening stages of forgeries proliferated by the imposters without any notice are after each daughter happily lived at the home half-the-time or more with Plaintiff year-round up until the ages of 10-years-old and 7-years-old respectively and the home was available 24/7 to any well-intending person who wanted to confirm that or to try "keeping up with the Jarmans." This is in addition to the two daughters and Plaintiff also being fixtures in the daughter's schools, in the neighborhood and in the community and together being enabled, powerful, friendly resources to others at those places and elsewhere—something that Plaintiff has also learned is part of what made the two daughters and Plaintiff highly sought after targets for exploitation, fatal elimination and stopping at nothing to keep it all hidden.

161. While a well publicized report in January 2024's "Rolling Stone Magazine" indicates that superficial parts of the "F.B.I." estimate that there are as many as 199,000 American Children who are "sex trafficked" every year and that 175,000 of those sex trafficked children come from "state foster care systems" and that many thousands of those children go "missing" every year

and are never found as confirmed by a growing number of reports by other notable organizations, it is more than concerning that the entire "F.B.I.," including the massive, four-story, 170,000 sq. ft. "F.B.I." facility in Salt Lake City, Utah, has commissively and omissively ignored discovering from Plaintiff on countless occasions over the past three years at nearly all times of day and night, that the cause of these "175,000" "sex-trafficked" American children coming from "state foster care systems" and many thousands of them going "missing" every year is because of the many thousands of imposters hiding behind deceptive layers within "The State of Utah," across the U.S.A. and beyond targeting, baiting, forging and forcing these 175,000 American children onto these deceptive "lists" as part of stealing as much as possible from that deceptively created, superficially "regulated," $5.83 billion dollar, Title IV-E "subsidy" every year.

162. It is also more than disgusting that along with the entire "F.B.I.," offices of the "C.I.A.," "Homeland Security," "U.S. Marshals" and "U.S. Attorneys" with "official federal offices" in "The State of Utah" as well as so many others with "federal offices" in Washington D.C. who are members of "The President's Cabinet" and others with "federal offices" in Virginia are also determined to commissively and omissively stop-at-nothing to ignore the names of children on these growing "lists" in every "state" and they do so

even as mountains of indisputable reports about the many layers of imposters in many different "states" have continued to be presented by Plaintiff over the past seven years and by rare survivors and "whistleblowers" across "The U.S.A." over the past 40 years.

163. This includes:

163.1. 31 "district judges" in Missouri in 2021 "recusing themselves" from a whistleblowing case to avoid culpability and accountability in an impossible but necessary case filed by a fatally targeted mother who was an attorney;

163.2. A well publicized case filed by a fatally targeted mother in New York who was also an attorney;

163.3. Two judges in Pennsylvania being convicted of targeting, exploiting and trafficking more than 2,300 American children, some as young as 8-years-old into a privately owned jail in exchange for more than $2 million dollars over the course of several life-destroying years in what became known as the nation-destroying, globe-controlling "Kids For Cash" case. This however was not "justice. For the nation-destroying crimes they proliferated in their trusted roles and that they used the American Flag to proliferate, these two should have been scalped, had their ears cut off, their teeth broken out, their tongues seared, starved

for 33 days, an ancient ankh then installed in their head then hung from the Washington Monument until they were dead. The top of the Washington Monument then painted red with their blood as a reminder to other imposters in local "courthouses," "police departments," "jails" and other "state sponsored offices."

163.3.1. However not only was this patriotic reward not proliferated, in 2024 one of those imposter "judges" was pardoned by President Biden (or whoever was using Biden's "autopen.")

163.4. Other reports include in 2011 a late state congresswoman from Georgia named Nancy Schaefer and her late husband were found dead-by-gunshot in their Georgia home just weeks after nationally publicizing their report about these nation-destroying, globe-controlling atrocities that they had been sharing locally across Georgia and around the globe for more than four years but without knowing that the most sinister layers of imposters are hiding behind deceptive layers in Utah. Two years earlier, in 2009, Schaefer had also spoken about parts of her report at the "World Congress On Families" held that year in The Netherlands. Schaefer was 74 when she died by gunshot.

164. Other reports and cases filed by rare survivors against local and national imposters have been impossibly compiled under years-upon-years of suicide baiting, rage baiting, swatting and other previously unimaginable proliferations.

165. This includes cases against AFCCNET.ORG that were deceptively "dismissed" amid other previously unimaginable, ongoing, counterintuitive misbehaviors by the "Executive Director" of AFCCNET.ORG as well other cases filed by Plaintiff against "local imposters" and "federal imposters" respectively submitted to Utah's (non-federal) "Third District Court" and in the "United States District Court District of Utah" that were also deceptively "dismissed."

166. Other rare survivors have shared parts of these atrocities in books and documentaries. This includes:

166.1. "In the Worst Interests of the Child" about parts of AFCCNET.ORG published in 2015 by the late Keith Harmon Snow who passed away in December of 2024;

166.2. 2020's "Erasing Family."

166.3. 2014's "Divorce Corp."

167. Like other rare survivors, Plaintiff also used hashtags in the good parts of social media including #FamilyCourt, #Courtnapped, #ErasingFamily and

#ParentalAlienation but the most sinister layers of imposters also follow those same hashtags too. They do this because it is easy for them to identify and eliminate social media accounts of parents using those hashtags—parents who survive a little longer or ultimately survive by discovering those hashtags because through them and through others including the former "#guvvywuvvy," they collectively and individually learn that they and their children are being targeted, exploited and eliminated with that fatal "Death March," the "Family Disassembly Lines" and the "Fatal Human Trafficking On An Industrial Scale" and by knowing this they are less likely to perish from the "suicide baiting," "rage baiting" and "swatting."

168. To "throttle," "shadow ban" and "eliminate" the social media accounts of rare survivors and whistleblowers all the imposters have to do is file a few "false reports." Because social media companies like "Tik Tok" are so big (or are compromised in different ways that they don't know about,) it is impossible for the eliminated accounts of targeted parents to be reactivated.

168.1. This includes one mom who walked across the U.S.A. to raise awareness but her accounts continue to go hidden. Others travel from state to state speaking to different members of "state legislatures" about different parts of these atrocities. One father once tried living on a billboard for the entire month of December to raise awareness about

these atrocities through the holidays in the hopes of keeping more targeted parents and children alive during the holidays but the billboard company quickly shot that down after learning of the father's plan.

169. Because imposters among "The President's Cabinet," and in those other "federal offices" in places like "Washington D.C.," (including imposters Wyden and Crapo) and in other places like "Virginia" or otherwise have commissively and omissively withheld reports of different parts of these atrocities from the 45th President (Donald J. Trump, 2016-2020,) from the 46th President (Joe Biden, 2020-2024) and from the 47th President (Donald J. Trump 2024-2028,) and because of the proliferations of these atrocities and others upon Plaintiff over the past seven years including those impossible-to-imagine "critical mass" ways of 2024 and still continuing from moment-to-moment, Plaintiff is now compelled to list "Donald J. Trump," the 47th and current "President of the United States of America" as a "Defendant" for committing "Failure To Act" under 18 U.S.C. 242: "Deprivation of Rights Under Color of Law."

170. This is even though "Defendant Trump" while fulfilling the role of "President of the United States of America," could at any time upon learning of these nation-destroying, globe-controlling atrocities presented herein, take

unprecedented, transparent action to revoke “statehood” for “The State of Utah,” to order the U.S. military to abundantly occupy the region formerly known as “The State of Utah,” to install a temporary, transparent “state government” for the region, and to then re-certify “statehood” for the region as after a lawful, “term state government” was lawfully elected in a lawful election. These steps being just a part of the transparent actions to be taken in ending these nation-destroying, globe-controlling atrocities for “The State of Utah,” for the rest of the U.S.A. and beyond.

171. Any actions of which would immediately vindicate any suspicion of “Donald J. Trump” as a named “Defendant” and therefore by default automatically proliferating the removal of his name from this case as a “Defendant.”

172. In addition to advancing this case as it stands against the listed Defendants, in an effort to ease the burden on the Court and to avoid the appearance of what is colloquially referred to as being a “shotgun filing,” due to Plaintiff’s unprecedented actions in attempting to report these nation-destroying, globe-controlling atrocities to hundreds of “local” and “federal” “officials” within Utah and beyond, Plaintiff is also compelled to file a separate case of “Failure To Act” with the United States District Court District of Columbia naming: “The State of Utah;” naming every member of the 2025 class, 104-member, “Utah State Legislature;” naming past and current imposters in

roles throughout “The State of Utah” with titles including but not limited to “Attorney General of Utah,” “Governor of Utah,” “District Attorney,” “Police Chief,” “Executive Director,” etc.; as well as naming other title holders in “federal offices” in “Washington D.C.”

173. This is due to all “to-be-named” having also been delivered one or multiple reports of these nation-controlling, globe destroying atrocities in various lengths and presentations but have commissively and omissively failed to act on them in any public way that would proliferate the Rights of American children and parents.

(END OF INTRODUCTION TO CASE)

PARTIES

174. Plaintiff is a resident of Holladay, Utah, U.S.A.

175. Defendants Brotherson, Butterfield, Leonard, Liljenquist and Jacobs are staff of the West Valley City Police Department who are paid, bonused, incentivized or otherwise compensated in various roles with titles such as “police officer,” “detective,” “lieutenant” or “chief.”

176. Plaintiff intends to amend the complaint upon learning the first name of Defendant Leonard as that information becomes publicly available.

177. Karen Lang is the Mayor of West Valley City.

178. The city of West Valley City is a city within the county of Salt Lake County within the State of Utah. As a state within the United States of America the "statehood" of the state of Utah is conditional and is subject to the United States Constitution including The Supremacy Clause.

179. West Valley City is a political subdivision organized under the laws of the state of Utah and is a proper Defendant in this action as West Valley City was at all relevant times the employer of Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs and Lang and West Valley City is liable for the commissive, omissive and tortious actions of its employees.

180. Defendant Rivera is the Chief of the Salt Lake County Sheriff Department and the Chief of the Salt Lake County Jail and until 2024 was also simultaneously the tri-chief of the Unified Police Department covering a vast portion of Salt Lake County and its 1.2 million residents. The jail is also located within West Valley City Utah.

181. Salt Lake County is a political subdivision organized under the laws of Utah and a proper Defendant in this action as Salt Lake County was at all relevant times the employer of Defendant Rivera and it is liable for the commissive, omissive and tortious actions of its employee.

182. Defendant Trump is the President of the United States of America and as President has taken an oath to "preserve, protect and defend the Constitution."

183. At all relevant times, Defendants were respectively, commissively and omissively acting under color of law within the course and scope of their respective duties as a West Valley City police officer, a detective, a lieutenant, a chief, a Salt Lake County Sheriff, as relevant "law enforcement officers" within the United States of America, as a mayor, as an employee of the city of West Valley City or as an employee of the county of Salt Lake County or as a relevant officer or agent of the United States of America as President of the United States of America.

184. On information and belief, going back decades, "The State of Utah," the county of "Salt Lake County" and the city of "West Valley City" collectively and individually, commissively and omissively, tortiously proliferate unlawful policies, customs and practices of targeting, exploiting, framing, blaming, eliminating, unlawfully arresting and unlawfully imprisoning American citizens lawfully living in Utah and collectively and individually, commissively and omissively, tortiously keeping these unlawful policies, customs and practices hidden from federal authorities year-after-year for decades.

185. On information and belief, it is so far unknown why the President of the United States has failed to act on detailed reports about these nation-destroying, globe-controlling atrocities.

JURISDICTION AND VENUE

186. The Court has subject matter jurisdiction over Plaintiff's claims under:

187. Federal Rules of Civil Procedure Rule 20(a)(2)(b): Permissive Joinder of Parties —any question of law or fact common to all defendants will arise in the action.

188. Article VI, Paragraph 2 of the U.S. Constitution otherwise known as "The Supremacy Clause;"

189. The First and Fourth and Fourteenth Amendments to the United States Constitution;

190. 4 U.S.C. § 8: "Flag and Seal" "Respect for Flag;"

191. 18 U.S.C. § 700: "Desecration of the Flag;"

192. 18 U.S.C. § 912: "Impersonating An Officer or Employee of the United States;"

193. 18 U.S.C. § 1001: "Statements or Entries of Record;"

194. 18 U.S.C. § 242: "Deprivation of Rights Under Color Of Law;"

195. 22 U.S.C. § 7102(6)(b) —Reports of other Federal agencies.

196. 22 U.S.C. § 7102(6)(d) —Materials developed by civil society organizations.

197. 22 U.S.C. § 7102(6)(e): Credible information from victims and information from survivors of human trafficking, vulnerable persons, and whistleblowers.

198. 22 U.S.C. § 7102(6)(f) —All relevant media and academic reports that, in light of reason and common sense, are worthy of belief.

199. 22 U.S.C. § 7102(6)(g) —Information developed by multilateral institutions.

200. 28 U.S.C. § 1331: "Federal Question;"

201. 28 U.S.C. § 1343 - "Constitutional Rights and Civil Rights;"

202. 28 U.S.C. § 1367: "Supplemental Jurisdiction;"

202.1. The United States District Court District of Columbia has supplemental jurisdiction over these unlawful commissive and omissive state law "doctrines" proliferated at the most high levels of the U.S. Government with offices located within the District. This includes lawfully remedying the proliferation of forgeries and other treasonous mis-behaviors proliferated through the deceptive illusions and false doctrines of "judicial immunity" or "qualified immunity" for non-federal "city," "county," and "state" actors deceptively operating under superficial titles including "commissioner," "magistrate" or "judge" as well as the false doctrine of "qualified immunity" for

deceptive "private associations" and members of the deceptive "private associations" including but not limited to: The "American Bar Association," "Utah State Bar," "AFCCNET.ORG," any chapter of AFCCNET.ORG including "AFCCUTAH.ORG" and regardless of the deceptive members "title" or "role" including but not limited to "commissioner," "magistrate," "judge," "attorney," "guardian ad litem attorney," "private guardian ad litem attorney," "psychologist" or any combination of those "titles" or "roles." This is due to the non-federal, "state actor" unlawfully mis-behaving against federal code in non-judicious, fraudulent, selective, commissive, omissive, interstate, tortious, treasonous, terrorist, oath-breaking misbehaviors in their compensated, "elected," "appointed" or "hired" non-federal "state roles."

202.2. The same could be applied to deceptive "federal magistrates" and deceptive "federal judges" misbehaving in non-judicious ways in their respective roles within a "Federal District."

203. 42 U.S.C. § 1983: "Civil Action for Deprivation of Rights;"

204. 42 U.S.C. § 1985: "Acts of Conspiracy To Interfere With Civil Rights;"

205. Venue is proper in this District under 28 U.S.C. §§ 1391(b)(2) because the alleged acts and omissions at issue in this lawsuit are occurring at the highest

level within the government of the United States of America which is the office of the President of the United States of America and that office is located within the District of Columbia.

206. Intradistrict Venue is proper because this action arises within Washington D.C. a region within the District of Columbia.

207. In addition to Plaintiff delivering reports to relevant police departments, internal affairs of those police departments, the Salt Lake County Sheriff Department, internal affairs offices of that department, the District Attorney in three relevant counties that are home to more than 2 million people, to West Valley City offices, to West Valley City Police Department Offices, to Salt Lake County offices, to Salt Lake County Jail offices, to the offices of the deceptive, one-man "Utah Judicial Conduct Commission," to other deceptive, superficial "ethics" committees and "commissions," to every relevant "state sponsored office" including the "governor" and "attorney general," and to "federal departments" with local offices in Utah including the local offices of the "F.B.I.," "U.S. Marshals," "Homeland Security," "Secret Services" and the "U.S. Attorney" and those reports going ignored from moment-to-moment over the past seven years, between January 21, 2025 - March 7, 2025, Plaintiff also attended in-person at the "Utah State Capitol" almost every day of the 2025 "Utah State Legislative Session" in an

effort to report “in-person,” these atrocities, to any of the “elected” members of the 2025 class of the 104-member, part-time, “Utah State Legislature” because previous phone calls, emails, text messages and letters to these offices had also gone ignored.

207.1. (Within “The State of Utah” it is deceptively and superficially published that if a person goes to the “Utah State Capitol” during the “legislative session” they will be able to communicate with their “state representative” and “state senator” and other state representatives and state senators. However, this couldn’t be further from the truth.)

208. Plaintiff discovered that during the “Utah State Legislative Session,” any “public comment time” that is superficially allowed during “committee meetings” for the more than 900 potential “bills” superficially “reviewed” during those 33 weekdays during that 45 day timeframe are also selectively deceptive and superficial and limited to 60-120 seconds if they are sporadically “allowed.” (This is if the “committee meeting” location has been accurately published so “members of the public” can actually attend rather than not publishing the meeting location so the “meeting” can be held in secret instead.)

209. Even with these challenges, during the 33 days of this 45-day session, while present at the "Utah State Capitol," on more than a dozen occasions Plaintiff discovered ways to patiently and politely speak during the "public comment time" of certain "legislative committee meetings."

209.1. During the unpredictable, sporadically allowed, "public comment times," Plaintiff invited the various members of the "Utah State Legislature" to ask Plaintiff any questions about these atrocities but each time Plaintiff was ignored and not one question was asked by any of them. (Video evidence of this is available at www.linktree.com/operationwalkout.)

210. During the 33 days of this 45-day session while present in-person at the "Utah State Capitol" Plaintiff also attempted to contact each of the 104-members of the part-time "Utah State Legislature" through the mobile number provided by the "Utah Office of Legislative Research and Legal Counsel" for each legislative member's "intern" but was Plaintiff was collectively ignored at least twice by each of the 104 "legislative members" via communication from the "intern" or lack of communication from the "intern."

211. This is even though Plaintiff politely and patiently informed the "interns" that Plaintiff was "in-person" at the "Utah State Capitol" building with

printed materials in hand to share. On these occasions Plaintiff was often patiently and politely seated in the hallway just a few steps away from where the "intern" or the "legislative member" were also sitting or standing. Sometimes as late as midnight or even later.

211.1. ("The Legislature" of "The State of Utah" being "part-time" is also another deception so that during the 33-days of the 45 day "legislative session" they can pretend that by hanging out and eating catered meals at the "Utah State Capitol" all day they are vigorously and conscientiously "legislating" when in reality, after the first days, most of them barely remember their own name and by the end of the 45-day session only a few can even stand and speak semi-coherently. This is how the most sinister layers deceptively push its most sinister schemes disguised as "legislation" through with just a handful of about a dozen of the most sinister imposters posing as "senators" scapegoating the rest in impossible-to-imagine ways.)

212. During the 33 days of this 45-day session while present in-person at the "Utah State Capitol" Plaintiff also delivered a variety of different printouts ranging from a multiple page, red robed, six-holed binders with a pack of Trident gum clipped-to-each-one in the hopes that it would be received as

"good news," to other reports as simple as a one page print-out complete with powerful, AI generated images.

213. Even though the communication attempts to arrange a patient and polite conversation of less than a few minutes went ignored by the "interns" and the members of the "Utah State Legislature," Plaintiff still managed to patiently and politely pass some of these different reports directly into the cater-stained and passing hands of almost all of the 104 members of the "Utah State Legislature" or their interns before and after the various committee meetings that Plaintiff attended part or all of but those reports also went ignored.

214. During the 33 days of this 45-day session while present in-person at the "Utah State Capitol" Plaintiff also delivered multiple reports to the physical offices of: the office of the "Attorney General of Utah"; the office of the "Governor of Utah;" the office of the "Lieutenant Governor of Utah;" the "Office of Legislative Research and General Counsel" (that represents each member of the 104 member, part-time "Utah State Legislature;" the offices of all members of the "Utah State Legislature" who have "offices" at the Utah State Capitol due to being appointed as "chairs" of the various "legislative committees;" and to the "Utah State Auditor" as of 2025 Tina Canon (the previous "Utah State Auditor" John Dougal received similar

reports in 2024) in the hopes that perhaps the deceptive "figureheads" in those offices might respond to them that way but they also went ignored.

215. During the 33 days of this 45-day session while present in-person at the "Utah State Capitol," on three different occasions Plaintiff also delivered printed reports to a temporary "pop up office" for "U.S. Congressman from Utah Senator Mike Lee" (Lee was not present in-person.)

215.1. (Plaintiff had also previously left messages or sent emails to Senator Lee and Senator Curtis.

215.2. In years past, in addition to Plaintiff also previously delivering reports to previous Utah Governor Gary Herbert (2009-2020), to Utah Attorney General Sean Reyes (2013-2025) and to other previous role holders in every relevant "state sponsored office" but those reports also going ignored, Plaintiff also attempted to share reports with "U.S. Senator from Utah Mitt Romney" before Romney retired in 2025 and was replaced by Curtis.)

216. During the 33 days of this 45-day session while present in-person at the Utah State Capitol Plaintiff also personally handed these signed materials as a proper "Notice of Complaint" to:

216.1. Staff or management from each department of the "Utah Department of Corrections" including the office of "Executive Director" Jared

Garcia and the staff of the "Utah Department of Adult Probation and Parole" including Todd Christiansen and Patrick Upton;

216.1.1. (During the 33 days of this 45-day session, before it, and since, Plaintiff while unlawfully conscripted to the "Utah Department of Corrections Adult Probation and Parole," has continued to report these atrocities to staff members during the compulsory visits at Plaintiff's home, at the staff member's offices at least once every month since May of 2024, through text messages multiple times since May of 2024 and through privately contracted, ancillary services demanding nearly $2,000 more for their 34 "classes" but all these reports have also gone ignored.)

216.2. To Defendant Rivera;

216.2.1. (Before the 33 days of this 45-Day session, while Plaintiff was unlawfully imprisoned and held hostage within four different cells of "The Salt Lake County Jail" and in spite of "The Salt Lake County Jail" providing Plaintiff with limited sheets of paper and half-sized pencils with limited access to a pencil sharpener, no matter how many bi-weekly reports Plaintiff scribbled out and sent to Rivera as "Chief" of "The Salt Lake

County Jail" and to other "jail management staff" providing indisputable facts about Plaintiff being unlawfully arrested, unlawfully imprisoned and held hostage in "The Salt Lake County Jail" without any lawful evidence ever being brought forth, without bail ever being offered, without a lawful hearing ever being held and without ever having a lawful trial—while Plaintiff's two daughters and Plaintiff were "absentee" from each other after having been unlawfully targeted and trafficked by the most sinister layers of imposters—these reports also went ignored day-after-day, week-after-week, month-after-month for those unpredictable, terrifying, two-months-and-eight-days.)

216.3. To two personal assistants of the current "Utah Attorney General" (Derek Brown.)

216.3.1. (This is after Plaintiff sat one chair away from Brown prior to a hearing regarding the previous Utah Attorney General (Sean Reyes) and Plaintiff conversed with Brown and Brown instructed Plaintiff to give the reports to his personal assistants;)

216.4. To "Utah Chief Justice" Matthew Durrant;

216.4.1. (As well as offices of previous "Utah Chief Justices;")

216.5. To "Utah Administrative Office of the Court Executive Director Ron Gordon;

216.5.1. (Gordon is one of the 12 previous "Utah appointees" who in 2020 was facing federal charges for misusing millions of dollars of federal funds but was still promoted to this critical nation-destroying, globe-controlling role by Durrant. In this role, Gordon proliferates the steering of thousands of targeted children and parents to the 10 deceptive "AFCC Commissioners" for exploitation and elimination;)

216.6. To the "Utah Department of Public Safety Commissioner" Jess Anderson;

216.7. To the assistants of "Executive Director" of the "Utah Department of Human Services" Tracy Gruber (who is also the former director of the controversial "Utah Division of Child and Family Services (DCFS);"

216.8. And to other assistants of other "Executive Directors" but the reports also went ignored by all of them.

217. In regards to reports and "Notices of Claim" delivered to the offices of Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang and Rivera not one relevant Defendant or any other party has acknowledged any

of the reports delivered to them, to their staff or to offices representing them in any way that would be representative of them honoring of their "oath of office" in their role as a "state actor" to "support, obey and defend" the United States Constitution.

218. In regards to reports and "Notices of Claim" delivered to the offices of Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang and Rivera not one relevant Defendant or any other party has provided Plaintiff written notification of any "defect of delivery."

219. On July 23, 2025, Plaintiff also included a separately drafted, 50 page report that went directly to the office of the "Utah Attorney General" by way of "Assistant Utah Attorney General Jeffery C. Hunt" as part of a response from Plaintiff to the "Office of the Utah Attorney General" filing through Hunt an "Ex Parte Motion For Intervention" as part of the most sinister layers of imposters in Utah proliferating their attempts to fatally eliminate Plaintiff by any means possible and as of the date of this filing in August 2025, it too has gone ignored. (A copy of that 50-page report is available to others as needed.)

219.1. This ongoing attempt by the most sinister layers of imposters seems to include them committing more forgeries through the "Office of the Utah Attorney General" to unlawfully imprison Plaintiff in the "Utah

State Prison" where it will be much easier than "The Salt Lake County Jail" to proliferate the murder of Plaintiff and also make it look like a "suicide."

219.1.1. (The Utah State Prison is one of the deadliest prisons in the U.S.A. and an estimated average of 20-25 "prisoners" lose their lives there every year with the truth about the loss of life being hidden by the same imposter Salt Lake County District Attorney (Sim Gill) and others who keep the human trafficking on an industrial scale hidden, who keep the forgeries behind it hidden, who keep the loss of targeted children's lives hidden and who keep the loss of targeted parents lives hidden. Because of this, hiding the murder of a targeted-parent-turned-unlawful "prisoner" is an additional, simple terror for them to commit and keep hidden. For them, it doesn't get any better than that.)

220. As previously cited, Plaintiff has also previously attempted to file different cases in the "United States District Court District of Utah" as well as "Utah's Third District Court" exposing these atrocities but they also went hidden by local imposters in those respective "state" and "federal" "courthouses."

220.1. This includes "ancillary" offices connected to them including the deceptive "Utah State Bar" and that most sinister

"AFCCUTAH.ORG." (Plaintiff had also listed "Utah State Bar" and "AFCCUTAH.ORG" as Defendants in two different filings, one in 2024 and one in 2025 but those cases also went silenced.)

220.2. In the "United States District Court District of Utah," this silencing was done by "Federal Magistrate Daphne Oberg" and "Federal Chief Judge Robert Shelby."

220.2.1. (This may be because the current governor of Utah Spencer Cox (2020-) was the Lieutenant Governor of Utah from 2009-2020 when Gary Herbert was governor and prior to that Cox was a clerk for the controversial federal judge Ted Stewart who became a federal judge in Utah in 1999 through log rolling committed by the deceptive U.S. Senator from Utah Orrin Hatch. Before that, Stewart was a clerk to Hatch.)

220.2.2. (Stewart is controversial because in 2017, while a "federal judge" in Utah, he published a book advocating for the abolishment of the United States Supreme Court.)

220.2.3. (If Oberg and Shelby didn't directly dismiss the federal case filed in 2024 for the unconscionable and trivial reasons they claimed and as part of attempting to keep these nation-destroying atrocities hidden, it may have been dismissed

by an imposter deceptively acting on their behalf with or without them knowing.)

220.3. In Utah it is also common for imposters in local “courthouses” to pose as other imposters and to sometimes intercept cases to Death Bait targets, proliferate life-ending forgeries, and to exploit the targeted children and parents in other ways.

220.4. This includes one of the most sinister imposter “judges” in "Utah's Third District Court" named Elizabeth Knight who deceptively poses as a “clerk” in other cases to intercept cases and eliminate parents one-by-one.

220.5. Because it is so easy for the many layers of imposters and their ad-hoc copycats to commit forgeries at will regardless of “title” or “role” they are in or how long they have been in those roles, there is also the possibility of the imposters also using fake names of fake “judges” to commit forgeries, intercept cases and otherwise target, exploit and eliminate American children and parents.

220.6. It is impossible-to-imagine that with everything that has been done since the advent of “the internet,” “email” and “digital signatures” to eliminate the potential for “forgery” in so many industries including “real estate,” “banking” and “shipping” that the existence of

life-altering, life-destroying, life-ending forgeries happening in untold numbers through local "courthouses," "police departments," "jails" and "state sponsored offices" has gone completely overlooked.

221. During these past seven years, Plaintiff has also attempted to report these nation-destroying, globe-controlling atrocities to appropriate offices within each of the daughter's respective schools and school districts in two different states but all personnel involved have ignored the reports.

221.1. (This includes a deceptive charter school franchise within Utah known as "American Preparatory Academy" that exploits tax-payer funds to put millions of dollars into the pockets of its various owners and other interests while scapegoating untold numbers of American children in those "schools" who are "minorities" into counterintuitive, militant ideals.)

221.2. Through a laundry list of other funny-money laundering deceptions, untold numbers of "families" within Utah have been getting paid tens of thousands of dollars for not sending their herd to school at all under the superficial claim that the children are "well-educated" by being proactively "homeschooled." The wheel-barrels of disguised funny-money then used day-in-and-day-out to fund the purchases and endless idling of countless SUV's parked in long lines waiting to be

filled with 50 pound loads of sugar disguised as “Dirty Sodas” foot-long-cookies for that “well-educated” herd. (However, in parts of “Utah,” it doesn’t stop there and even includes scapegoating “The U.S. Military” as a diversion for hundreds of millions of dollars into a deceptive, privately instigated, multiple-owner, “billion-dollar-ski-resort-add-on” deceptively disguised as a “Military Installation Development. (MIDA)”

222. Therefore, Plaintiff has patiently and politely exhausted all available administrative remedies available under the banners of the city of “West Valley City,” the county of “Salt Lake County,” “Utah’s Third District Court,” “The State of Utah,” and the “United States District Court District of Utah” then requiring Plaintiff to deliver reports to various offices in Washington D.C. directly associated with the legal affairs of “The President of the United States” and the legal affairs of “The United States of America” as well as to other offices in Washington D.C., Virginia and otherwise including “The Pentagon.”

223. Those reports also going ignored for several months by “The President of the United States of America” as well as “others” through the date of this filing in August 2025 now necessitating this filing in the United States District

Court for the District of Columbia citing "Failure To Act" on behalf of "The President of the United States of America."

(END OF JURISDICTION AND VENUE)

STATEMENT OF FACTS

224. An ever worsening, generational enemy presence with the United States of America that started more than 200 years ago and that continues to intentionally instigate a fatal, ongoing, nation-destroying, globe-controlling hellscape of local, national and global atrocities with indisputable roots hidden behind scapegoated layers within "The State of Utah," has been indisputably exposed as a result of Plaintiff's impossible but necessary survival as an American parent—targeted, exploited and in the process of being fatally eliminated—through the impossible-to-imagine, commissive and omissive proliferations of more than 60 "imposters" over the past seven years.

225. This includes named Defendants: Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang and Rivera in their respective commissive and omissive roles directly and indirectly acting as the "private army" and "private stockade" of the most sinister layers of imposters.

226. In addition to named Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang and Rivera, this also includes imposter “commissioners,” “attorneys,” “guardian ad litem attorneys,” “private guardian ad litem attorneys” and two deceptive “psychologists” —one in Utah and one in North Carolina—who are all imposters and colluding, deceptive members of AFCCNET.ORG.

227. This also includes more than six deceptive “judges” in "Utah's Third District Court" who commissively and omissively collude with them as ad-hoc copycats and in other ways in various stages.

228. While corrupt “judges” and “attorneys” do the cauldron stirring to initiate the proliferation of the endless schemes of “Suicide Baiting,” “Rage Baiting” and “Swatting” as part of eliminating American parents one-by-one, it is the sea-monkey’d, agar’d, shake-n-bake’d, groomed, incentivized, rewarded, promoted, bribed or otherwise “proliferated” layers that include the layers of imposter “police officers” like Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs and Rivera that commissively and omissively, directly and indirectly commit the actual “swattings.”

229. They do this by—ritualistically colluding to stage those “police interactions,” “extractions” or other “evolutions” with the targeted parent—then

manufacturing a reason to kill the targeted parent—then publicly blaming the dead parent for it.

230. As Plaintiff impossibly survived on the *second*, *third* and *fourth* swatting attempts involving imposter "law enforcement officers" including Plaintiff directly interacting with Defendant's Brotherson, Butterfield, Leonard and Liljenquist on the *second* swatting attempt, it is likely that all of these Defendants were also present for the first swatting attempt that indisputably and directly involved a cauldron stirring imposter "commissioner," imposter "attorneys," at least one of those imposter "psychologists" who are all members of AFCCUTAH.ORG as well as at least one imposter "judge." (This still going "unconfirmed" because of the cover-ups of the many different layers of imposters) and that all in addition to Lieutenant Liljenquiest were present during the *third* swatting attempt.

231. It is important to note when it comes to these ten deceptive "commissioner offices" deceptively created in Utah, like other roles disproportionately staffed in recent years by those with counterintuitive "resumes" or a "lack-of-resume" and as is reflected in the list of "Defendants" with an absentee Mayor, an absentee Police Chief and a resume-less, absentee Sheriff all being "female" and among the named Defendants, nine of the ten deceptive "commissioners" in those ten deceptive "offices" are also

mis-matriculated “females” and report after report indicates that all of them along with the sole “male” commissioner are among the most sinister layers of imposters.

231.1. As this filing reveals indisputable patterns of the most sinister layers of imposters rewarding insidious behavior of other imposters, it will be no surprise that in March 2025, Salt Lake City FBI Special Agent Shohini Sinha was unimaginably promoted to “FBI Assistant Director of the Victim Services Division.” Because of AFCCNET.ORG’s impossible-to-imagine use of deceptive “psychologists,” it is also no surprise that Sinha’s background is “psychology.”

231.2. Sinha was replaced by Mehta Syad and it should also be no surprise that Syad’s background is “finance.”

231.3. (With Sinha and Syad also being “female,” it is also important to note that along with female Defendants Jacobs, Lang and Rivera, 14 of these 15 most critical roles in proliferating these atrocities and keeping them hidden deceptively filled by imposters who are “females” and the negative connotations about “females” that might come with that somewhat counterintuitive ratio in addition to other “females” in other imposter roles, is not fair to “non-imposter females” in a wide variety of roles who were the first to make the

world a better place for all non-imposters in countless pursuits across a wide variety of industries and endeavors.)

231.4. It is also important to note that of all the different types of short-sighted “Zionists” in the imposter’s dystopian world, some more apparent than others, “Magdalenian Zionists” are the most sinister by believing that the biblical character known as “Mary Magdalene” was a "Sorceress” of sorts who scapegoated a vulnerable man named “Jesus” to create “Christianity” for her own purposes as part of controlling humanity with ‘self-alienation” through “dis-association,” “trivialization” and “invalidation.” They believe they are entitled to target, exploit and eliminate in any way including cannibalism, ritualistic abuse, slavery, breeding, etc., any child or adult, male or female they choose. In Utah, it is also not uncommon among local imposters who are “female” and who seem to behave in superficial, counterintuitive ways consistent with the ways that Magdalenian Zionists allegedly behave, to also maintain long grey hair in disheveled, unkempt ways no matter how disheveled and unkempt it becomes or what imposter public “role” they superficially claim to be in. Without following lawful protocols and without warning or any possible reconciliation allowed to the parents, those roles also

unlawfully putting those disheveled, unkempt, long-gray haired females in control of targeting American children, unlawfully taking them away from parents, turning them into "absentee" children and keeping it all hidden.)

232. In addition to these nation-destroying, globe-controlling atrocities in Utah that secretly empower Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang and Leonard to be scapegoats for the most sinister layers of imposters, the deceptive members of the 104 member, part-time, "Utah State Legislature" have continued to pass other deceptive bills enabling the "Suicide Baiting," "Rage Baiting," "Swatting," false accusations, forgeries and keeping it all hidden in other dystopian ways.

233. In addition to the previously referenced "H.B. 66" and "H.B. 302," in 2025 this includes more than 10 other deceptive bills deceptively passed. These 12 in total are just 12 of more than "900 bills" proposed during the 2025 "legislative session" of which more than 500 bills were "reviewed" and "passed."

233.1. The members of the "Utah State Legislature" collectively submitting more than "900 bills" is a diversion tactic to keep the handful of the most sinister bills including these 12 hidden.

233.2. Some of these 12 are:

233.3. H.B. 339 that allows the most sinister layers in local "police departments" to not wear body worn cameras, not wear uniforms and not even carry a badge to kill targeted parents and get away with it while getting paid an exponentially increased rate of "hazard pay" if they simply claim they were "undercover" even if killing the targeted parent or attempting to kill the targeted parent was the first time they had ever seen or heard anything about the targeted parent.

233.4. H.B. 82 that allows imposters who are "police officers" who kill targeted parents to deceptively claim they "don't remember what happened" as part of an "acceptable psychological episode" that is claimed to only be experienced by armed police officers firing their guns whether the officer is in uniform or not or whether they are wearing body worn cameras or not. The same "acceptable psychological episode" is not allowed for targeted parents defending themselves with a gun, fighting for their life, reacting to an attack by "police officers" who aren't wearing uniforms or in other ways.

233.5. Other deceptions allow the same most sinister layers of local "police departments" to do all this while also posing as "U.S. Marshals," "FBI" etc…That way, "the feds" get blamed and the imposters can also use those deceptions to unlawfully imprison the targeted parent if

they fail to kill the targeted parent or the targeted parent otherwise survives the swatting.

233.6. With deceptive control of the local "courthouses," "police departments," "jails" and other "state sponsored offices," if the targeted parent does survive, it is easy for the imposters to keep the targeted parent in prison for years (if they live that long). This also makes concerns about "jury rigging" in deceptive local "city," "county," "state" and even "federal" cases that do somehow have a "trial" all the more horrifically real as another way the imposters keep the many different layers of these atrocities hidden.

233.7. (There are other deceptive bills that include making it easier for the most sinister layers of imposter to steal homes from the family members of the elderly after the elderly pass away. As these nation-destroying, globe controlling atrocities are brought to an end, those also will be.)

234. In addition to controlling "city," "county," "state" and "federal" courthouses as well as posing as "U.S. Marshals" and "FBI," the most sinister layers of imposters also control local offices of the "F.B.I.," "U.S. Marshalls," "Homeland Security," "U.S. Attorney" and beyond. This is why those offices also refuse to acknowledge these reports in any way. Like all layers of

imposters, commissively and omissively doing this is a way to avoid "culpability" and is why imposter "police officers" including Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs and Rivera are commissively and omissively scapegoated by the most sinister layers of imposters to keep these nation-destroying, globe-controlling atrocities hidden by attempting to fatally eliminate Plaintiff with the impossible-to-imagine proliferations they did.

235. As it applies to Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang and Rivera, it is also indisputable that they and the most sinister layers of thousands of imposters also deceptively misuse the "American Flag" in deceptive ways to commit these atrocities and keep them hidden.

236. This includes baiting millions of American children and parents into their atrocities by deceptively flying the flag outside local "courthouses," inside local "courtrooms," at local "police departments," on uniforms and vehicles used by imposter "police officers," at deceptive "jails" and at the buildings of "state sponsored offices." For decades this has also ensured that millions of Americans blame "The Feds" instead of discovering the many thousands of imposters that are really behind these nation-destroying, globe-controlling atrocities.

237. Because of this misuse of the American Flag in these atrocities and keeping them hidden, once in February of 2024 then again in July of 2024 Plaintiff delivered a one-page letter to the Utah National Guard attempting to inform a special team of the Utah National Guard about these nation-destroying atrocities and begging them to look into the lists of thousands of American children that Plaintiffs had recently discovered the existence of and that Plaintiff's own two daughters are likely on.

238. However, Utah's current governor Spencer Cox prevented the Utah National Guard from doing so and in August 2024 a letter was delivered to Plaintiff threatening Plaintiff with arrest and imprisonment if Plaintiff delivered any more letters to any Utah facility operated by the Utah National Guard.

239. In addition to Cox's counterintuitive behaviors in the days before the assassination attempt on President Trump on July 13, 2024 in Butler, Pennsylvania as well as in the weeks after, this counterintuitive behavior by Cox is another indication that the most sinister layers in Utah always have and always will continue to operate on a sea-monkey'd, agar'd, shake-n-bake'd, sugar-coated, groomed, incentivized, rewarded, promoted, bribed spectrum (that is at war with itself) and as if the imposter's deceptive version of "Utah" is their own nation-destroying, globe-controlling "Evil Lair" (while somehow that same "spectrum" secretly forces citizens it

deems “vulnerable” or “convenient” on that fatal “Death March” and those “Family Disassembly Lines” as part of the human trafficking on an industrial scale so that “Evil Lair” can fabricate, launder and steal billions upon billions of U.S. dollars from the scapegoated parts of “The U.S. Government” every year.)

239.1. In light of 22 U.S.C. § 7102(6): “Credible Information From Victims,” over the past seven years, Plaintiff as a targeted parent and a targeted American, is one of the few targets to survive these unsurvivable atrocities, the trivialization, the alienation, the invalidation, the isolation, the financial ruin, the professional ruin and the social ruin that goes with it while desperately searching for solutions for his two daughters, for himself and for others from one moment to the next.

240. Because of this, Plaintiff has been able to add copious amounts in unprecedented ways to the work of others including Nancy Schaefer—Plaintiff’s additions exposing these most sinister layers deceptively hiding behind scapegoated layers within Utah—but also bringing stage after stage of the imposter’s retaliation upon Plaintiff in these ways—especially during that 2024 “critical mass” time for the most sinister layers of imposters.

241. As these nation-destroying, globe-controlling atrocities apply to Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang and Rivera as the "private army" and "private stockade" of the most sinister layers of imposters starting with the events of March 5, 2024, this includes that the only paperwork Plaintiff is ever shown while being unlawfully imprisoned and held hostage in the Salt Lake County Jail for those two-months-and-eight-days was a copy of 11 falsified charges briefly held against the glass by the deceptively contracted "public defender" named Daniel Heaps. Heaps deceptively claims to Defendant that the 11 falsified charges have been lawfully filed against Plaintiff by Defendant Leonard as a "Detective" within the "West Valley City Police Department."

242. As part of continuing the suicide baiting, rage baiting and swatting these 11 falsified charges are then added to 3 falsified charges that had also been deceptively and retroactively fabricated by Leonard in the weeks prior.

243. This includes the 11 falsified charges impossibly claiming that "11 times" on the same day, Plaintiff had violated a "protective order" that didn't exist.

244. This was likely done by Defendant Leonard in such an impossible-to-imagine way due to the imposter's anticipation of sharing it with the media in an attempt to further scapegoat Plaintiff by painting Plaintiff as an anti-social, crazed person after Plaintiff's lifeless,

gunshot-hole-filled-body was to be carried out of the Matheson Courthouse on March 5, 2024 but that also did not materialize in the ways they anticipated.

244.1. As part of "The Silver Bullet" in Utah, across the U.S.A. and beyond, the imposters are known for using scripted phrases to paint these types of artificial, dark narratives about targets and to keep these atrocities hidden.

244.2. This includes claiming that a target is: "having lots of legal problems;" "is having a mental health crisis;" and "is a danger to themselves and others;"

244.3. As needed and after death baiting the target to a public "courthouse," "police department," "jail," "state sponsored office" or elsewhere, as part of a fatal "swatting" attempt, the imposters will then escalate the false narratives by proliferating lies that the target "has guns" and "is traveling towards…(the public place) to imply that the target is "armed and dangerous" and that any fatal, "pre-emptive" action taken is justified.

244.4. This is why more and more targeted parents are learning that whenever they have been baited to go to these "courthouses," "police departments," "jails" and other "state sponsored offices" in the hopes

of seeing their children, to always approach patiently and calmly with someone video recording and while keeping their hands up and visible to all members of the public at all times so no false claims can be made about them.

244.5. For Plaintiff, these impossible to imagine fabrications by the most sinister layers of imposters are also part of the ongoing cover-up of the most sinister layers of imposters proliferating the impossible-to-imagine false narrative about Plaintiff that was to be used to retroactively justify the imposter's *first* pre-meditated, ritualistic murder of Plaintiff on February 12, 2024 at the Matheson Courthouse.

244.6. As part of the imposters "Silver Bullet" stages used in Utah, across the U.S. and beyond, this includes unlawfully "Doctoring the Docket" for the false narrative and avoiding leaving a lawful papertrail by the imposters going to great lengths to include an indisputably fabricated "psychological evaluation" fabricated by an imposter "psychologist" 100 miles away.

244.7. In 2023, as part of the continued suicide baiting, rage baiting and swatting of Plaintiff proliferated by the deceptive "AFCCNET.ORG" members including the deceptive "commissioner," "attorneys,"

"private guardian ad litem attorneys" and "psychologists," Plaintiff unknowingly agreed to complete a "psychological evaluation" with a deceptive "psychologist" who is an "AFCCNET.ORG" member and who the imposter "commissioner" "ordered" Plaintiff to "go to" even though Plaintiff had already successfully passed a far more comprehensive "psychological evaluation" through an independent, local provider who was not a member of the nation-destroying, globe-controlling "AFCCNET.ORG." (The imposter "commissioner" completely ignored that Plaintiff had already passed this far more comprehensive multi-visit "psychological evaluation" during July of 2023.)

244.8. As part of continuing the suicide baiting and rage baiting, Plaintiff was then forced to wait four months from July of 2023 until November of 2023. During this time, the imposter "commissioner" also "ordered" Plaintiff and Plaintiff's daughter who was seven years old at the time to be "absentee" from each other with weeks or longer going by without any phone contact allowed despite Plaintiffs herculean efforts.

244.9. During a short "non-evaluation" related appointment in October 2023 that Plaintiff had driven the 200 mile round-trip for, it was confirmed

that Plaintiff's "insurance" would cover the $2,500 "psychological evaluation."

244.10. However before the "evaluation-related" appointment a few weeks later in November of 2023 and after the imposter "psychologist" discovered that the "psychological evaluation" had been "ordered" by the deceptive "commissioner," Plaintiff was told that the "psychological evaluation" would not be covered by "insurance," that it would cost upwards of $30,000 and that a "retainer" of $2,500 was required and needed to be paid "up front."

244.11. Not knowing this was part of the the imposters continuing the suicide baiting and rage baiting, Plaintiff paid that "out-of-pocket" $2,500 and then in November Plaintiff drove that 200 mile round trip again for what was supposed to be the "*first*" of "several" "evaluation-related" appointments.

244.12. However, that was the *first* and *last* "evaluation-related" appointment and Plaintiff would never hear from the imposter "psychologist" again.

244.13. As days turned into weeks through December and the holidays, while Plaintiff and Plaintiff's daughter are still ordered by the imposter "commissioner" to be "absentee" from each other, then through

January and then into February, it was only until late in the day on February 12, 2024 that Plaintiff discovered that the imposter "psychologist" had suddenly fabricated an impossible-to-imagine "psychological evaluation" for the imposter "commissioner" and the other imposters and that the deceptive "commissioner" and the other imposters then used that fabricated "psychological evaluation" as a false "reason" to demand what they had deceptively and superficially claimed to be an "emergency hearing" that was to have been held at the Matheson Courthouse earlier that day.

244.14. Plaintiff also learned that about an hour before the "emergency hearing" was "scheduled" to start, the imposters had proliferated an email among them and others implying that Plaintiff had "guns."

244.15. This email being another deception that was intended to also have been used to show the "media" as part of the false narrative about Plaintiff and to further scapegoat Plaintiff and blame Plaintiff for the imposter's fatally swatting and killing Plaintiff at the Matheson Courthouse had Plaintiff arrived for the "emergency hearing."

244.16. It is clear that the "emergency hearing" suddenly and deceptively scheduled for February 12, 2024 after more than three months of no contact by the imposter "psychologist, the imposter "commissioner"

or other “imposters” was the “first” fatal swatting attempt at the Matheson Courthouse by the imposters but failed to materialize in the ways they anticipated.

244.17. Part of the reason it failed was because, to avoid leaving a paper trail, they avoided using lawful protocols to inform Plaintiff about the “emergency hearing” and instead had imposters proliferate an email about it to Plaintiff and others. An email that Plaintiff had missed by just a few hours.

244.18. The "psychologist’s" name is Kyle Hancock. The “clinic” Hancock owns to proliferate these impossible-to-imagine, fatal atrocities and many other impossible-to-imagine fatal atrocities against American children and parents is named: “The Mount Logan Clinic” and it is in Logan, Utah.

244.18.1. (Hancock however is just one of several imposter "psychologists" who are deceptive members of AFCCNET.ORG within Utah proliferating these atrocities.)

245. As part of the the imposters continuing the suicide baiting and rage baiting, during the two-months-and-eight-days that Plaintiff will be unlawfully imprisoned and held hostage at “The Salt Lake County Jail,” Heaps will only appear once.

246. Two other deceptive interactions with Heaps will occur at the Matheson Courthouse after Plaintiff has been transferred there with chains around his wrists, waist and ankles for those three ritualistic “hearings” with Trease and before which Plaintiff will be ordered by Heaps and others to not “say a word…or else.” (Heaps will not be present for the first staged “hearing” with Trease on March 20, 2024. Someone else associated with Heaps will be there for a few moments instead.)

247. On this day, March 5, 2024, the day of the *second* fatal swatting attempt just three weeks after the failed *first* swatting attempt of February 12, 2024, it will be Defendants Brotherson, Butterfield, Leonard and other imposters in different “state sponsored roles” associated with targeting and swatting Plaintiff and who with others are “in-person,” counterintuitively waiting for Plaintiff to arrive at the Matheson Courthouse.

248. This is even though Defendants Brotherson, Butterfield and Leonard are “West Valley City Police Department” officers and "The Matheson Courthouse" is out of their jurisdiction in Salt Lake City 10 miles away. This is also even though "The Salt Lake County Sheriff Department" provides a combat-uniformed-fully-armed army disguised as the “law enforcement presence” at the Matheson Courthouse “entrance security,” “building security,” “courtroom security,” “bailiffs” and for any other “law

enforcement needs" that arise within the "courtrooms" or "on the property" which encompasses half a city block.

248.1. It is important to note that even though the combat uniformed deputies of "The Salt Lake County Sheriff Department" at the Matheson Courthouse wear tactical vests, they do not wear "body worn cameras" as they are counterintuitively allowed *not* to by "The State of Utah's" deceptive, superficial "state laws" that only enable the imposters to commit these nation-destroying, globe-controlling atrocities in worsening ways and keep it all hidden. Those same deceptive, superficial, scapegoating "state laws" also prevent anyone from "filming" inside "The Matheson Courthouse," (even their own "hearings.") The untold numbers of combat-armed "deputies" there over the years who have all made "oaths" to the United States Constitution to protect the rights of their "fellow Americans," refuse to question the unlawful "policies" of "no filming" or what it is really being used by the most sinister layers of imposters for. This is another example of the most sinister layers of imposters using other layers as scapegoats to create more scapegoats and keep their atrocities hidden.

249. On this day, March 5, 2024, in addition to Defendants Brotherson, Butterfield and Leonard, there also seems to be an unusual number of "West

Valley City Police Officers" at "The Matheson Courthouse," outside and inside.

250. As is common for the most sinister layers of imposters within the Matheson Courthouse to do as part of the suicide baiting, rage baiting and swatting, Plaintiff is baited to appear at "9:00 am" for the staged "hearing" but is then forced to wait more than 5 hours while Brotherson, Butterfield, Leonard and others ritualistically stalk Plaintiff in the hallway for those 5 hours.

251. After about 4 hours of Plaintiff patiently and politely waiting for the staged "hearing" that was scheduled for "9:00 am," Plaintiff cautiously and openly approaches Leonard from a distance and patiently and politely informs Leonard that Plaintiff will be leaving the courthouse after 2:00 PM if the "hearing" has not happened by then and because of that, "if they are waiting around because they are planning on arresting Plaintiff for some reason they should do it now, out in the open (sic)."

252. As imposters do when confronted with the truth, the officer sitting next to Leonard as well as Leonard turn a peculiar hue-of-green as Leonard fumbles for words then finally mumbles "no…uh…were here for something else (sic.)"

253. Plaintiff's intent for informing Leonard that Plaintiff is going to leave is a safety measure on Plaintiff's behalf so Leonard and the many armed West

Valley City Police officers can't retroactively and falsely claim "that the crazed, deranged man was having lots of legal problems, was having a mental health crisis, was a danger to himself and others and had guns in his car and suddenly fled officers at the courthouse to run and get his guns in his car before the heroic police officers ended the threat by shooting the man to death on the courthouse steps. They will be receiving awards for their quick thinking and heroism (sic.)" (or something of that scapegoating nature.)

254. During Plaintiff's patient, polite and brief interaction with Leonard, Leonard does not indicate a reason to need talk to Plaintiff about anything else let alone the 3 previous false charges Leonard had fabricated against Plaintiff in counterintuitive ways during the previous three months or the 11 false charges that will fabricate later that day after the imposter's ritualistic, pre-meditated, attempted murder of Plaintiff fails.

254.1. In light of 22 U.S.C. § 7102(6): "Credible Information From Victims," for many concerning reasons, it is important to note that as part of these nation-destroying, globe-controlling atrocities, all of West Valley City's "cases" are not held in a "courtroom" in the "City of West Valley City" but are instead sent to imposter "judge" Vernice Trease in Salt Lake City's Matheson Courthouse 10 miles away. There are many impossible-to-imagine reasons for this.

255. Because of this, it is normal for that “courtroom” at the end of the West Wing hallway on the third floor of the Matheson Courthouse with Trease’s nameplate in it and that 190 foot long hallway leading to it to be filled with people targeted by “West Valley City” and also experiencing a wide range of emotions after also being deceptively conscripted and baited to be there at “9:00 am.”

256. For them this is also part of continuing the suicide baiting, rage baiting and swatting as part of the “Death March,” the “Family Disassembly Lines” and the "Fatal Human Trafficking On An Industrial Scale.”

257. For those who ask too many questions, they are punished by their staged “hearing” being “held over” and “continued” for another day in which they will be forced to do the same thing over and over again until they stop asking questions and submit to the imposter’s ritual.

258. Because of this, it is common to see parents of all races suddenly and unlawfully put in handcuffs within seconds of the beginning of a staged “hearing.” The targets are then sent in different directions from their children—making the children now easier for the imposters to target, exploit and eliminate too creating a literal cauldron overflowing with children to monetize, bet on, exploit, rape, eat, sell and cash-in on.

259. The deceptively contracted “public defenders” like Heaps, look on—then look down at their endless lists of people to target, exploit and eliminate next, those with children always becoming —“the priority.”

260. Language barriers of Spanish, Mandarin and Arabic are exploited by Trease and the many layers of imposters in countless ways with multiple generations of confused, overwhelmed and distraught family members of all ages then ordered into the hallway seconds later to cry to each other and to cry for help in a language that no “courthouse” personnel understands, or pretends to not understand.

261. In practically every direction, the terrors of the loaded guns of “Salt Lake County Sheriff Deputies” obtrusively sticking out from their hips suffocate all within sight. The “deputies” cinched up tactical vests obtrusively sucking the air out of the “courtrooms” and the “hallways.” The self-serving echoes of an imposter’s deranged gavel hammering life-after-life away without reason, pause or lawful policy. A lifeless and silenced American Flag hung-to-death behind Trease. A lifeless and silenced American Flag hung-to-death out in front of the Matheson Courthouse. The “Constitution of the United States” with its “Supremacy Clause” turned into invisible poker chips for the many layers of imposters to up-the-ante on who will give into the suicide baiting and rage baiting the soonest. The once-life-giving blood

of a nation now being drunk by imposters and dripped along that endless "Death March" and those "Family Disassembly Lines" as part of the imposter's nation-destroying, globe-controlling human trafficking on an industrial scale. Impossible-to-imagine numbers of innocent lives of children and parents fed on by the imposters and defecated out on each other, one-after-another—An imposing sign at the entrance to the Matheson Courthouse displays one of the many in-human, monstrous, scapegoating mantras of the most sinister layers of imposters: "NO FILMING ALLOWED INSIDE" —combat-armed levels of retaliation then descending from below, above and every side for anyone who dares to "record" anything that happens within the impossible-to-imagine hellscape that is the darkened-windowed-fatal-house-of-horrors deceptively and superficially disguised as Salt Lake City, Utah's: "Matheson Courthouse."

262. Trease and the other colluding, imposter "judges" acting as "Death March Grand Masters" after the targeted person is deceptively baited into an unlawful "bench trial" with that deranged gavel.

263. Those deceptively contracted "public defenders" who belong to one of two deceptive, superficial Utah "law firms" deceptively contracted by "West Valley City" to supply those "Death March Route Markers" disguised as "public defenders."

264. The two different “law firms:” one known as “Larsen, Larsen, Nash and Larsen” located in “West Valley City” and the other being “Stowell Crayk” located in “Salt Lake City” 10 miles away that Daniel Heaps is associated with.

265. The two “law firms” are deceptively “contracted” through a “paid-by-the-numbers arrangement (sic)” with “West Valley City” without telling targets that and instead, taking the targets into isolated rooms one-by-one and scapegoating them into impossible-to-imagine schemes. This includes deceptively “over threatening” the targets to provide the”illusion of compromise” with the hidden motive being to unlawfully disorient, disassociate and fear monger the target’s head into a nod-of-agreement at the deceptive suggestion of unpredictable time in jail, fines and never ending parole all without any lawful evidence ever being brought forth, without bail ever being offered, without a lawful hearing ever being held and without ever having a lawful trial.

266. Too many questions and the jail time, fines and never ending parole as part of “the offer” only increases exponentially. Because of this, dystopian “nods” come quickly from the target followed by a dystopian skyfall of tears from the cash cows of sex-drugs-rock’n’roll-slavery-travel-and-bookie-bounties that are the target’s to-be-targeted-exploited-and-eliminated children.

266.1. In light of 22 U.S.C. § 7102(6): “Credible Information From Victims,” within Utah, this also happens in other cities including the affluent area of “Cottonwood Heights” and “Holladay.” Cottonwood Heights “contracts” with Holladay to provide it with “courtroom” services held in Holladay’s “courtrooms” (where payments for fines are demanded to be paid in “cash.”)

266.1.1. Cottonwood Heights and Holladay are adjacent to the entrance of Big Cottonwood Canyon where two of Utah’s most famous ski resorts are located and just minutes away from the entrance of Little Cottonwood Canyon where two more of Utah’s most famous ski resorts are located. All just a snowflake’s glorious glide away from two other famous mountain destinations. The six soul stirring, benchmark setting destinations comprising the unique, all-season, multi-colored global gem known as the Wasatch Front and the Wasatch Back that the “Death March Grand Marshals” and other layers of imposters in local “courthouses,” “police departments,” “jails” and other “state sponsored offices” continue to simultaneously exploit and neglect in impossible-to-imagine, short-sighted proliferations. These proliferations deceptively selling the entire globe

far-too-short of what this region has to offer to those who feel its seasonal call…(or year-round howl.)

267. Together, the two imposter "law firms" along with imposter West Valley City's other "Death March Route Markers" disguised as "prosecutors" including Ryan Robinson and Rhiannan Mann, collude together to trick targets and other citizens into agreeing to those deceptive "bench trials" where Robinson and Mann repeatedly use what easily identified by any curious child who can read English, Mandarin, Spanish or Arabic as sea-monkey'd, agar'd shake-n-bake'd, sugar-coated, cultivated, groomed, incentivized, rewarded, promoted and bribed "Reptilian Litigation Tactics."

268. This includes Robinson and Mann repeating the word "concerning," "concerning," "concerning," "concerning," "concerning," "concerning," over-and-over-and-over again to Trease and then Trease playing along with them with deceptive, superficial "oooohs," "aaaaaahs" and "mmmmmhmmmmms" no matter how childishly falsified, sloppily falsified or blatantly falsified the false claims by Robinson and Mann via the "West Valley City Police Department" are and no matter how many other bright words are silenced by their "concerning," "concerning," "concerning," "concerning," "concerning," "concerning" reptilian language and schemes.

268.1. These stages of the schemes driven by impossible-to-imagine

proliferations that include the dystopian, closed feedback loop of imposters from the "West Valley City Police Department" making stage-after-stage of escalating false accusations against targets while "West Valley City" unlawfully takes the role of the "victim" (without any "victims impact statement") and the deceptively contracted "public defenders" contracted by "West Valley City" scapegoat and bait the targets into whatever nation-destroying, globe-controlling terrors the "West Valley City" prosecutors are weaponizing against the targets.

268.2. There are many impossible-to-imagine reasons for this and it seems to include "West Valley City," "Salt Lake County" and "The State of Utah" doing this to not only steal hundreds of millions of U.S. dollars from other federal subsidies but then deceptively transforming these fabricated charges, jail time, fines etc. into deceptive financial tranches that are then deceptively repackaged in impossible-to-imagine ways and sold to investors (including other countries) as "willingly-purchased" "savings bonds" and other "financial instruments." (Plaintiff has also tried sharing this in other reports and in diplomatic ways with appropriate channels at the federal level because of the effects this could have on the global

economy and relationships with certain countries depending on the extent the imposters have taken it too but like the reports to the SEC, these reports have also gone ignored.)

268.3. In light of 22 U.S.C. § 7102(6): "Credible Information From Victims," Plaintiff can speak to this dystopian, closed feedback loop as just one of the imposters many schemes because as a target, not only did Plaintiff experience this with 1 fabricated charge being turned into 3 fabricated charges during a previous staged "hearing" then those 3 fabricated charges turning into 14 fabricated charges but Plaintiff witnessed this happening to others over-and-over-again in that "courtroom" and in that "hallway" for hours upon hours on five different occasions over six months in two different capacities:

268.3.1. Two of those occasions were in regards to the original fabricated charge previously having two more fabricated charges added to it during a deceptive, superficial staged "hearing" on December 27, 2023. (It is important to note that Plaintiff's birthday is December 28 because it will become relevant in more impossible-to-imagine ways related to "birthdays" and "holiday" being targeted for terror by the imposters.) At that December 27, 2023 hearing, those 3

fabricated charges were then transferred to Trease for what would be the first staged “hearing” with Trease in January of 2024.

268.3.2. The other 3 occasions were when Plaintiff was unlawfully taken to Trease’s “courtroom” those 3 times from "The Salt Lake County Jail" with chains around his wrists, waist and ankles while being unlawfully imprisoned and held hostage at “The Salt Lake County Jail” under the proliferations of Trease as well as Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang and Rivera.

268.4. In light of 22 U.S.C. § 7102(6): “Credible Information From Victims,” Plaintiff can also speak to the imposter’s deceptive and intentional overcrowding of the 2,500 tray “human trafficking laboratory” disguised as “The Salt Lake County Jail.”

268.5. This “jail” being artificially “filled to capacity” through the proliferations of not only Trease but other imposter “judges” within the Matheson Courthouse as part of “West Valley City,” “Salt Lake County” and “The State of Utah” stealing hundreds of millions of U.S. dollars more from other well-intending parts of “The U.S. Government” through other deceptively proliferated subsidies under

the deceptive covers of “needing a bigger jail.”

268.6. These additional layers of the imposters targeting other subsidies is also apparent due to a deceptive measure that was on Utah’s November 2024 voting ballot for a deceptive “$500 million dollar bond from “The U.S. Government” for the “bigger jail” but that “initiative” ultimately failed to gain public consent and did not pass on the ballot. However, that did not phase these stages of the imposter’s nation-destroying, globe-controlling atrocities.

268.7. In light of 22 U.S.C. § 7102(6): “Credible Information From Victims,” by being a conscientious “inmate” while at "The Salt Lake County Jail" and listening to the counterintuitive stories of hundreds of rotating inmates while there during those two-months-and-eight-days, Plaintiff can also speak to what seems to be an ever rotating “double-digit” percentage of other scapegoated and targeted American parents and other citizens left as “Courthouse Castaways” for weeks, months and years in the 2,500 tray human trafficking laboratory disguised as “The Salt Lake County Jail” and also without any lawful evidence ever being brought forth, without bail ever being offered, without a lawful hearing ever being held and without ever having a lawful trial.

268.8. This “double digit” percentage applied to those 2,500 trays disguised as “jail bunks” leading to untold numbers of targeted parents trafficked and taken from their homes as part of this “Death March,” the “Family Disassembly Lines” and "Fatal Human Trafficking On An Industrial Scale", leaving untold numbers of children to then be targeted, exploited and eliminated by the imposters.

269. On this day, March 5, 2024, which was to be the “Death Day” of Plaintiff at the hands of Defendant’s Brotherson, Butterfield, Leonard and others, after one person after another is deceptively “Death Marched” into one deceptive “bench trial” after another with Trease, Plaintiff, after speaking with Leonard then politely and patiently stays past “2:00” and waits until the time finally come for the staged “hearing.”

270. After waiting what seemed to be about five hours and the staged “hearing” finally beginning, as part of continuing the suicide baiting and rage baiting, Trease ultimately ignores again how blatantly falsified the 3 fabricated charges at the time are as Trease had already done during the weeks before and Trease again demands that the matter be “held over” to be “continued” again two weeks later on March 20, 2024 for what would then be a *third* appearance with Trease regarding the three indisputably falsified charges and the *fourth* appearance for them since December 2023.

271. This is even after in January of 2024, Plaintiff had patiently and politely completed a “book and release” process at "The Salt Lake County Jail" for each of the three fabricated charges.

272. Understandably exhausted from the suicide baiting and rage bating now being “held over” and “continues” again this moment on March 5, 2024 but still patient and polite, Plaintiff then leaves the deceptive “courtroom” with Treases nameplate, those loaded guns, those cinched up vests, that gavel and that hung-do-death American Flag in it and begins walking down the hallway to exit the Matheson Courthouse.

273. However, Defendant’s Brotherson and Butterfield, with Brotherson already wearing purple surgical gloves for some reason, has other even more ritualistic, more fatal plans for Plaintiff in that moment and begins to carry them out by unlawfully conscripting Plaintiff, preventing Plaintiff from leaving and attempting to escalate the unlawful conscription into a fatal swatting by unlawfully demanding that Plaintiff go alone with them into a darkened, empty, adjacent “courtroom” to “talk about some allegations.” Leonard seems to be nearby and watching.

274. It also appears that other West Valley City “police officers” are clearing the hallway for some reason unknown to Plaintiff in that moment.

274.1. In light of 22 U.S.C. § 7102(6): “Credible Information From Victims”

and again for clarity and for context in the many layers of the imposters impossible-to-imagine, nation-destroying, globe-controlling atrocities, Brotherson and Butterfield doing this was *after* they, Leonard and others, while stalking Plaintiff in the hallway during those previous five hours, at any moment could have patiently and politely talked to Plaintiff about any *"allegations,"* but did not.

274.2. Body worn camera showing Brotherson's surgical gloves in the opening frames also reveals that somehow, Brotherson knew that Plaintiff was leaving Trease's "courtroom" due to Brotherson immediately standing up and advancing on Plaintiff to deceptively stop Plaintiff short enough to deceptively conscript Plaintiff into going into certain, darkened, empty, adjacent "courtroom." (This may be because there were already other imposters ritualistically waiting inside the "courtroom" to witness Brotherson's execution of Plaintiff, to ritualistically kill Plaintiff or to take part in the ritualistic killing too.) This body worn camera footage is available at www.linktree.com/operationwalkout.

274.3. The "West Valley City Police Department" not only has a well publicized, history of fabricating untold numbers of charges against untold numbers of people going back nearly 15 years but out of a

ritualistic requirement, bet or other impossible-to-imagine atrocity, "West Valley City Police Department Officers" also ritualistically staged and executed a fatal swatting in the basement of the "Police Department." Even though they were wearing "body worn cameras" and even though they never should have taken the target into the basement of that building in the manner they did, for the time they did and for other counterintuitive but ritualistic reasons, they successfully blamed the dead target and the imposter District Attorney in Salt Lake City named Sim Gill colluded by not bringing "murder" charges against the imposter "police officers."

274.4. (A link to video footage of this deceptively staged, prolonged, ritualistic execution published by "PBS Frontline" can also be found at www.linktree.com/operationwalkout.)

275. On this day, March 5, 2024, the understandably disoriented, disassociated, "absentee" but still patient and polite—but now unlawfully conscripted—Plaintiff, not sure at this time what has been collectively and individually pre-meditated to happen in that darkened, empty, "courtroom" with the spiraling-eyed, mouth-breathing Brotherson in his peculiar purple surgical gloves, with Butterfield, and with whoever else follows to: "talk about allegations" —but Plaintiff also not feeling safe going alone with Brotherson

and Butterfield and whoever else follows into that darkened, empty "courtroom," suggests that: "talking about allegations in the public hallway where members of the public can see and hear will be more appropriate (sic.)" instead.

276. Plaintiff then, patiently and politely, to de-escalate Brotherson and Butterfield's short-sighted, scapegoating, unlawful conscription of Plaintiff, walks a few steps to a nearby bench in the hallway and sits down. Brotherson and Butterfield haphazardly follow, unsure of what to do next.

276.1. In light of 22 U.S.C. § 7102(6): "Credible Information From Victims," it is also important to note that as part of a way for "West Valley City," and "The State of Utah" to steal more from federal subsidies and keep it hidden, Brotherson and Butterfield are superficially and deceptively passed off as "Mental Health Court Officers" within the "West Valley City Police Department" even though they have no "mental health training."

276.2. In yet another impossible-to-imagine proliferation, these same sea-monkey'd, agar'd, shake-n-bake'd, sugar-coated, groomed, incentivized, rewarded, promoted, bribed, nation-destroying, globe-controlling atrocities proliferated by others includes the colluding imposter "judge" Heather Brereton who deceptively and

superficially oversees “2” of what are deceptively and superficially claimed to be “Mental Health Courts” in “Utah’s Third District” but who also has no: “Mental Health Training.”

276.2.1. (These impossible-to-imagine, additional abuses of “Mental Health” of American children and parents fabricating and scapegoating “psychological matters” in life-destroying ways for American children and parents by the many layers of imposters within Utah is just one previously hidden, indisputable example of the many different stages and schemes of the sea-monkey’d, agar’d, shake-n-bake’d, sugar-coated, groomed, incentivized, rewarded, promoted and bribed “Death March,” “Family Disassembly Lines” and "Fatal Human Trafficking On An Industrial Scale" proliferated through the most sinister layers of imposters in local “courthouses,” “police departments,” “jails” and other “state sponsored offices” within “The State of Utah,” across the U.S. and beyond.)

276.2.2. Because for decades the most sinister layers of imposters within Utah operated on the mantra: “what Imposter Mormons do for Imposter Mormons is good for Imposter Jews but what Imposter Jews do for Imposter Jews is even better for Imposter

Mormons" and because so many of these mass, fatal atrocities including "suicide baiting," "rage baiting" and "swatting" in parts of Utah, across the U.S. and beyond are scapegoated through sea-monkey'd, agar'd shake-n-bake'd, sugar-coated, groomed, incentivized, rewarded, promoted, bribed or otherwise deranged bastardizations of "psychology," it is also understandable that bright minds would also note that the genocidal Imposter Jew Sara Netanyahu, the third-wife and current spouse of genocidal Imposter Jew Benjamin Netanyahu, is a "trained psychologist" and online videos of her ranting about being a "trained p-s-y-c-h-o-l-o-g-i-s-t" (and "yes" spelling-it-out) continue to be scrubbed from the internet.

276.2.3. A real-world, ongoing-sob away from the good ol' days filled with laughter instead of that river of children's blood and tears. That life-giving laughter reaching back before 1948 to the life-long cultivations of "True Jews" like Sid Caesar, Mel Brooks and Jerry Lewis. Although their personal and family lives not perfect as it is impossible to ever be in the imposter's dystopian world, the imposter pages of any controversies in the public stories of the personal lives of these three mentioned

"True Jews" *are not* soaked in the still-dripping, scapegoated blood of tens-of thousands of innocent children who happened to be born in between imaginary lines derived from a partially-published book. The space between those imaginary lines and unpublished pages then mis-filled in "modern times" with stinky, scapegoating, deranged publishings mis-rooted in the short-sighted, boiled-over, now-empty cauldrons of "I-M-P-O-S-T-E-R J–E-W-S" including "T-H-E-N-E-T-A-N-Y-A-H-U-S."

276.2.4. And for those who believe this "book" may be "The Bible," it is important to note that the word "b-i-b-l-e" isn't actually anywhere in "The Bible."

276.2.5. And when it comes to those paintings and stories of "angels" with "halos" or "two wings" or both, the word "halo" isn't in "The Bible" either.

276.2.6. There is also no mention of any "angel" with just "two wings." —Any mention of "angels" in "The Bible" is having "four wings" or "six wings." Any idea of "two wings" is from something else—a "picture" painted by a talented, well-intending artist or otherwise—but not by any actual

"words" in "The Bible."

276.2.7. And if you managed to get your fearless, curious, exploring hands on a "published" version of "The Bible" before the year 1611, it would have most likely had 80 books. Since then it has been colloquially and culturally adjusted to have: "Tanakh" (Hebrew Bible): 24 books; "Catholic" Bible: 73 books; "Orthodox" Bible: 74 books; "Ethiopian Orthodox" Bible: 81 books; "Protestant" Bible (commissioned after 1611 by "King James" resulting in the popular "King James Version"): 66 books; and if you're exploring "Rastafari" as a "Jahman" or a "Jahwoman" your "Holy Bible" will have yet a different historical account—just to name a few of the legion of what is an estimated tens of thousands of colloquial, cultural, "Christian" denominations as relegions.)

277. On this day, March 5, 2024, with the ritualistic, pre-meditated execution of Plaintiff in the empty, darkened, "courtroom" of "The Matheson Courthouse" failed now for the *second* time, the two "Mental Health Court Officers" (Brotherson and Butterfield) then proceed to engage in the process of escalating the unlawful conscription of Plaintiff even further in an attempt to "rage bait" Plaintiff into another form of the "swatting" and to otherwise

attempt to hide the ritualistic, pre-meditated, fatal swatting attempt that just moments-before failed to materialize in the short-sighted way the imposters had self-servingly anticipated it would—yet again—three weeks after that *first* attempt had failed and the imposters desperately needed it—and all of its many stages and schemes—to be covered up too.

278. As part of continuing the suicide baiting, rage baiting and swatting and as body worn camera footage available at www.linktree.com/operationwalkout also reveals, this unlawful conscription includes Brotherson and Butterfield unlawfully claiming over-and-over-again that Plaintiff is "resisting arrest."

279. During this unlawful process, Plaintiff patiently and politely asks Brotherson and Butterfield if they can provide a copy of a: "verified and valid affidavit of probable cause based on a written statement signed by a victim under oath (sic)" that is required for a "lawful arrest" of an American citizen by "police officers."

280. As part of continuing the suicide baiting, rage baiting and swatting, Brotherson and Butterfield however claim they: "have one but don't need to show it to Plaintiff (sic.)"

281. Plaintiff then asks if Brotherson and Butterfield can provide a copy of the: "verified and valid arrest warrant signed by a judge" that is also required for a "lawful arrest" of an American citizen by "police officers" and that would

cite the "verified and valid affidavit of probable cause based on a written statement signed by a victim under oath (sic.)"

282. As part of continuing the suicide baiting, rage baiting and swatting, Brotherson and Butterfield however claim that they "have one but don't need to show it to Plaintiff (sic.)"

282.1. In light of 22 U.S.C. § 7102(6): "Credible Information From Victims," as soon as Plaintiff patiently and politely asks for these "verified" and "valid" documents that are required for a "lawful arrest" of an American citizen by "police officers" and Brotherson and Butterfield do not provide them, in order to be in compliance with federal laws, Brotherson and Butterfield should have released Plaintiff—but did not.

283. When it comes to imposter "police officers" Brotherson and Butterfield, at this moment and in defense of himself in the face of what is now becoming an armed "kidnapping" and armed "hostage taking" —Plaintiff, as an American citizen would have been well-within Plaintiff's lawful rights to scalp, amputate the ears, break out the teeth, sear the tongues, cave the faces in, punch the throats, shatter the kneecaps, smash the toes, reverse the elbows, install an ancient ankh in the heads of and then…hang until they were dead…Brotherson and Butterfield from any of the indoor, nearly

full-moon terraced, glass-windowed, five-story-tall levels comprising the colossal, once noble entrance of the once noble “Matheson Courthouse” —but Plaintiff did not as that would have only resulted in more lifeless bodies being wheeled out of "The Matheson Courthouse" that day and all this exposing these many layers of imposters in Utah, across the U.S. and beyond being delayed—yet again.

284. Instead, as Brotherson and Butterfield continue attempting to escalate the unlawful conscription of Plaintiff in ways they can use to manufacture a reason to kill Plaintiff right then and there in the pubic hallway, the patient and polite Plaintiff then informs Brotherson and Butterfield that they are committing federal crimes and that they “will both be held personally accountable for those crimes in federal court one day soon and that may take decades for them to atone for if fatal justice isn’t administered instantaneously to make examples of them because of the nation-destroying, globe-controlling betrayals they are committing against children, parents, “Utah,” “The U.S.A.” and to Humanity (sic)”—but Brotherson and Butterfield are too pre-occupied with whatever imposter schemes and rewards are swirling around them and spiraling within them and they ignore the patient and polite Plaintiff’s counsel.

285. Plaintiff even patiently and politely reminds them more than once that “the

day is long…think about what you are doing (sic.)" to which Brotherson and Butterfield respond by further escalating the unlawful, nation-destroying, globe-controlling, moment into more impossible-to-imagine atrocities.

286. Plaintiff then, patiently and politely asks to speak to their "supervisor."

287. However, instead of signaling their nearby "supervisor" and having that "supervisor" walk over from wherever that "supervisor" is unlawfully watching the unlawful moment from, Brotherson and Butterfield instead "phone" Defendant Liljenquist then present the phone to Plaintiff.

287.1. Even though Lieutenant Liljenquist is their "supervisor" and is likely among the "West Valley City Police Officers" in "The Matheson Courthouse" that day, because Liljenquist now also knows that "they" have collectively failed in the ritualistic attempted murder of Plaintiff via "swatting" and "they" all are now out of their jurisdiction and collectively and individually committing an "unlawful armed conscription," an "armed kidnapping" and an "armed hostage taking" of Plaintiff disguised as an "arrest," Liljenquist told Brotherson and Butterfield to "present the phone to Plaintiff (sic)" as a way to avoid presenting himself in-person (and appearing in "body worn camera" footage.)

288. As part of continuing the "suicide baiting," "rage baiting" and attempted

"swatting," Liljenquist then escalates the atrocity further and informs Plaintiff that Brotherson and Butterfield are now going to "arrest" Plaintiff and transport Plaintiff to "The Salt Lake County Jail."

289. After the deceptive call, Plaintiff again informs Brotherson and Butterfield that what they are doing is a "federal crime" but they continue to ignore Plaintiff's counsel.

290. Plaintiff then informs Brotherson and Butterfield that Plaintiff will then stand up, place his hands behind his back and whatever happens next and the life-altering consequences of those actions—that may take decades for Brotherson and Butterfield to atone for—would be up to Brotherson and Butterfield.

291. Plaintiff then does so and Brotherson immediately handcuffs Plaintiff with Plaintiff's hands behind Plaintiff's back.

292. As part of proliferating the suicide baiting, rage baiting and swatting after handcuffing Plaintiff, Brotherson then returns to the handcuffs and painfully nearly severs the metal edge of the metal handcuffs through the skin of Plaintiff's wrists by reasserting the closing of the sharp, metal edge of the handcuffs as tight around Plaintiff's wrists as he can and in spite of Plaintiff alerting Brotherson to the unnecessary, extreme, escalating pain the sharp metal edge of the handcuffs is causing Plaintiff. This instead forcing

Plaintiff to endure the pain without any reaction that could be used to fatally swat the handcuffed Plaintiff (as other "West Valley City Police Officers" ritualistically did to that other ritualistic target in the basement of the "West Valley City Police Department" in 2019 and were never held accountable for it by the imposter Salt Lake County District Attorney Sim Gill and even though they too were wearing "body worn cameras.")

292.1. (During this unlawful process, while others in the hallway avoided the impossible-to-imagine scene proliferated by Brotherson and Butterfield—within a moment of Brotherson handcuffing Plaintiff, as part of continuing the suicide baiting, the rage baiting and the swatting an imposter "attorney" —who is a deceptive AFCCNET.ORG member and who in 2018 when Plaintiff's daughter was two-years-old, first targeted Plaintiff's daughter and Plaintiff, is alleged to have been waiting in that empty, darkened courtroom to witness the ritualistic killing of Plaintiff by Brotherson or to take part in it— but now in the hallway, then suddenly approached Brotherson, Butterfield and Plaintiff and walked within feet of Plaintiff. It is alleged that there is no other reason for this to have happened in the way it did. This person's name is Virginia Sudbury.)

292.1.1. (To ease the burden on the Court should any investigatory capacity be pursued by the Court or others with or without Plaintiff's knowledge. A summary of the names of alleged imposter over the past seven years include but are not limited to the following names with "AFCC" included to highlight the deceptive affiliation with "AFCCNET.ORG" and "AFCCUTAH.ORG" with different "roles" they are known to deceptively and superficially claim as part of these nation-destroying, globe-controlling atrocities. 292.1.1.6. Ted Weckel (“AFCC,” “Utah State Bar,” “attorney,”)

daughter, after being appointed by Minas as an illusion to then deceptively appoint AFCC member Libbrett, Mitchell only made one superficial phone call outside of court and never made an appearance outside of court. 293. At any time prior to this day, March 5, 2024, the imposters that any of these 53 names belong to could have chosen to not be “imposters” committing different, colluding layers of these nation-destroying, globe-controlling atrocities, however like “Spectrum Equity,” they did not and instead chose to proliferate these atrocities for their own gain leading to this day March 5, 2024 and so many layers of these atrocities being revealed.

294. On this day, March 5, 2024, after Brotherson handcuffs Plaintiff in that excruciatingly painful way and AFCCNET.ORG member Virginia Sudbury approaches and walks by, Brotherson now leaves Plaintiff standing there with Butterfield in the hallway.

295. As “body worn camera” footage reveals, Brotherson then begins what becomes an impossible-to-imagine, haphazard process of attempting to transport the patient and polite Plaintiff from the third-floor hallway of "The Matheson Courthouse" to “The Salt Lake County Jail.”

296. Brotherson *not* already knowing how to do this simply thing that takes less than *5-seconds* to “learn,” is indisputable proof that Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang and Rivera as well as other imposters never intended on Plaintiff leaving “The Matheson Courthouse” “alive” that day.

296.1. (In the body worn camera footage, it becomes clear that Brotherson, Butterfield, Leonard and Liljenquist and other imposters had intended for “someone else” to wheel Plaintiff’s lifeless body out of "The Matheson Courthouse" this day rather than them walking Plaintiff out “alive” because Brotherson has absolutely no idea “where to go” to do it.)

296.2. (This includes “where to go” in his unmarked “West Valley City Police Department vehicle” to meet Butterfield with Plaintiff to pick up Butterfield and Plaintiff as part of transporting Plaintiff from "The Matheson Courthouse" to “The Salt Lake County Jail,” even though Brotherson had every day of his entire career with the “West Valley City Police Department” those 5-hours *that day* while stalking Plaintiff at "The Matheson Courthouse" to spend *5-seconds* learning it. Brotherson instead relying on the-less-than-*5-seconds* it would take to obscure his “body worn camera” and put a bullet through the head of Plaintiff after baiting Plaintiff into the empty, darkened “courtroom.”)

297. The body worn camera footage also reveals that as Brotherson encounters another waiting “West Valley City Police Officer” staged out a back exit of

"The Matheson Courthouse," Brotherson quickly warns the "West Valley City Police Officer" that Brotherson's "camera is on (sic.)"

297.1. (Perhaps time will tell why there was yet another "West Valley City Police Department Officer" waiting outside "The Matheson Courthouse" in "Salt Lake City" 10-miles away from "West Valley City" during the unlawful armed conscription, armed kidnapping and armed hostage taking that all took more than an hour after the failed ritualistic fatal swatting attempt.)

298. The body worn camera footage also reveals that after getting to his unmarked "West Valley City Police Department" vehicle, then getting inside, starting it and then driving with Leonard following in his own unmarked "West Valley City Police Department" vehicle and Brotherson looking for the "entrance" that "The Salt Lake County Sheriff Department" uses to transport "prisoners" into and out of "The Matheson Courthouse," Brotherson is heard laughing to himself in different moments as it becomes clear that in whatever state-of-mind his is in, he doesn't know where to go to pick up the living, handcuffed, now "arrested" "prisoner."

299. Turning off his body worn camera could eventually raise more questions so he leaves it on, expecting that someway the living, handcuffed, "arrested" Plaintiff will soon be "unalived" somehow and all this, along with the *first*

failed ritualistic fatal swatting attempt of Plaintiff three weeks earlier on February 12, 2024 will all stay hidden.

300. For anyone who has ever been to “The Matheson Courthouse,” in yet another impossible-to-imagine way for any sober minded person, Brotherson, with Leonard following, then drives drive down the “wrong way” of the “one way exit” at "The Matheson Courthouse" that is for the public to use to exit the public parking garage at the Matheson Courthouse.

301. After being questioned by the parking garage attendant at the gated exit that they have to “reverse out,” Brotherson has to then coordinate with Leonard how to do that because Leonard followed Brotherson down and is now blocking Brotherson in.

302. Leonard then reverses out first giving Brotherson enough room to reverse out next.

303. Brotherson, still laughing from moment-to-moment, continues to question where a “police officer” is supposed to go to pick up a “prisoner.”

304. The search includes Brotherson then shouting to a “Salt Lake County Sheriff Deputy” to ask for directions about where to go to “pick up a prisoner!”

305. The deputy, who is staffing a christmas-tree-lot sized “guard shack” right in front of Brotherson and right in front of the entrance that “police officers” use to “pick up prisoners,” then as politely as possible, shouts back to

Brotherson that the entrance to "pick up a prisoner" is the giant, double-bus-sized entrance right in front of them and not obscured in any way (that the christmas-tree-lot-sized-guard-shack is superficially in place for.)

305.1. This further calling into question the spiraling, spinning, swirling lack-of-sobriety or presence-of-sorcery instead of sober, presence-of-mine of the "West Valley City Police Officers" including Brotherson present at the Matheson Courthouse that day. (Behaviors by so many layers of "police officers" in such nation-destroying, globe-controlling, impossible-to-imagine-ways that no superficial excuse of "had a secret drug problem and just needed to go to rehab for a month" could ever "rationalize," "assuage" or "atone" for in any way— "patriotic" or otherwise. As part of the "Death Baiting" and keeping it hidden, other "West Valley City Police Officers" and other "police officers" within "The State of Utah" have been deceptively allowed by imposter "state officials" to superficially use this excuse with the public to avoid questioning in other impossible-to-imagine, ritualistic proliferations—fatal or not.)

306. After Brotherson, with Leonard following, drive the equivalent of a few more steps out of the bright spring sunlight of this March 5, 2024 day and into the dimly lit, dystopian-world-confirming, double-open-door "prisoner

pick up lane" inside the "public parking garage," the waiting Butterfield with the unlawfully "arrested" —now kidnapped and being held hostage Plaintiff— then escorts Plaintiff out of a door a few steps away.

307. With Plaintiff's hands still handcuffed behind his back in that escalatingly painful, skin severing way, as part of continuing the suicide baiting and the rage baiting, Brotherson and Butterfield, with Leonard watching, then force the 6'3," 240 unit-pound-bald-headed-broad-shouldered-still-back-handcuffed Plaintiff into the far-too-forward-slid-front passenger seat of Brotherson's car. As Plaintiff is forced to endure without reacting or this will all be hidden forever too, Butterfield then gets in the back seat of Brotherson's car with Brotherson driving.

308. With Leonard following again, they then stop at Plaintiff's nearby vehicle and engage in counterintuitive conversations with an estranged brother of Plaintiff who was called to retrieve Plaintiff's vehicle.

308.1. (As is also revealed in the body worn camera footage—it is still unknown why the brother, in those counterintuitive conversations with the "police officers" would claim to the "police officers" that the brother had told Plaintiff that the brother had arranged for Plaintiff to be "institutionalized" instead of going to "jail." It is expected that this

will also never be known as the estranged brother's counterintuitive behaviors towards Plaintiff continued to escalate in other ways as revealed in recorded telephone conversations while Plaintiff was in jail—ways that the imposters seem to have exploited or colluded in in worsening ways during that time and since.)

309. With the now kidnapped and being held hostage Plaintiff left painfully crammed into the front passenger seat and with Butterfield in the back, Brotherson then drives the unmarked "West Valley City Police Department" vehicle to "The Salt Lake County Jail" about 15 minutes away in "West Valley City" with promises that Brotherson and Butterfield will let Plaintiff use the restroom upon arriving at the jail. This is at Plaintiffs request due to more than 1.5 hours passing since Brotherson and Butterfield unlawfully conscripted Plaintiff and after Plaintiff had managed the 5 hours of suicide baiting and rage baiting before the 1.5 hour attempted swatting, unlawful conscription and the unlawful arrest but Brotherson and Butterfield had refused to give Plaintiff permission to do so. The kidnapping, hostage holding and unnecessarily painful use of metal handcuffs as part of it, now being escalated by Brotherson and Butterfield in this way too.

310. After reaching the jail however, Brotherson turns off his body worn camera.

311. As part of continuing the suicide baiting, rage baiting and swatting, Brotherson and Butterfield then leave Plaintiff chained to the wall while they occupy themselves with other distractions for what seems to be more than 30 minutes. Eventually Brotherson and Butterfield claim to Plaintiff that the "restroom is under construction and isn't available (sic)," even though there is one in plain sight just a few steps away.

312. As the unpredictable minutes continue to go by one-after-another and the events leading up to that moment continue to weigh on Plaintiff, eventually Plaintiff urinates in his pants, flooding the seat area Plaintiff is seated in and spilling onto the jail floor. Plaintiff patiently and politely informs jail staff about it and offers to clean it up.

313. Eventually, Plaintiff is called by jail staff to complete the booking process.

314. Only after Plaintiff is taken from being chained to the wall and forced to be completely naked in full view of jail staff as part of the "booking process" do Brotherson and Butterfield decide it is time for them to leave the jail and in doing so they intentionally walk past the naked Plaintiff within a few feet to voyeuristically look at Plaintiff's penis before they exit the jail.

314.1. (It seems this superficial display of unnecessarily "waiting around" the jail is a common behavior among imposters who are "West Valley City Police Officers" and is a short-sighted, misguided way of

mis-believing that by seeing a targeted person's penis they are somehow "counting coup" on the targeted person.)

315. After being given by jail staff an ill-fitting pair of pants left at the jail by someone else to change into, Plaintiff is then forced to wait hour-after-hour as the "booking process" becomes stalled due to no lawful paperwork to keep Plaintiff at the jail being sent in by Brotherson, Butterfield, Leonard, Liljenquest or anyone else.

316. Eventually, after dark that night, staff at the Salt Lake County Jail are suddenly ordered to give Plaintiff his urinated pants back in a jail sack and release Plaintiff into the night.

317. It seems that the many layers of imposters were encountering challenges in who was going to retroactively forging documents and fabricate charges to make the failed swatting attempt look like it was a planned "lawful arrest" and this was the reason no lawful paperwork was being sent over.

317.1. (Perhaps with time Defendants Brotherson, Butterfield, Leonard and Lijenquist will shed light on this delay?)

318. However, as part of continuing the suicide baiting, rage baiting and swatting, in the following days after that day, March 5, 2024, the 11 false charges were retroactively and sloppily fabricated by Leonard (or someone acting on Leonard's behalf) and proliferated into the imposter's "law enforcement

systems" and a "warrant" for the "arrest" of Plaintiff was issued within Utah and across the U.S. without Plaintiff being notified.

319. On March 7, 2024, as part of continuing the suicide baiting, rage baiting and swatting, Plaintiff is then notified of this "warrant" over the phone by a court appointee who also tells Plaintiff to "expect to be arrested anytime, anywhere at any moment (sic)." The court appointee also tells Plaintiff that the court appointee will be "unavailable" for any further contact after that call and that Plaintiff will need to be back at the Matheson Courthouse in a matter of days on March 13, 2024 where Plaintiff will be arrested again if Plaintiff is not arrested before then.

320. This is even though Plaintiff had willingly appeared at the Matheson Courthouse just two days before, had willingly appeared at the Matheson Courthouse weeks before for the three previously fabricated false charges, had willingly appeared there before on countless other occasions over the past seven years for different staged "hearings" targeting each of his two daughters and even though there was already the previously scheduled, "held-over" and "continued" hearing at the Matheson Courthouse with Trease previously scheduled to take place in a matter of days on March 20, 2024.

321. The court appointee tells Plaintiff that because of the "warrant" with "11 charges" none of that matters. Again, no lawful paperwork about the "warrant" is given to Plaintiff.

322. Understandably even more dis-associated, confused and overwhelmed but not giving in to the suicide baiting, rage baiting or temptation to "run" that would only give the many layers of imposters an excuse to hunt, kill and blame Plaintiff as the imposters wanted to happen (and them also blaming Plaintiff for it), Plaintiff instead knows that what is at stake for his two beloved daughters, for himself, for the rest of Utah, for the rest of the U.S.A. and for the rest of the globe is too important and that Plaintiff has come too fare to "run." Even if that means facing a *third* fatal swatting attempt at the Matheson Courthouse in a matter of days. (The *third* fatal swatting attempt in less than one month's time.)

323. Plaintiff then files a response to the "warrant" and provides an indisputable chain-of-events and other evidence of what seems to be happening. In an attempt to avoid another swatting, this includes that Plaintiff be allowed to attend the March 13, 2024 hearing via "zoom" as many hearings are conducted over "zoom" but it is all ignored by imposter judge Heather Brereton and Plaintiff is ordered to attend the hearing "in-person."

323.1. (In the response Plaintiff also pointed out that just two-days before the *second* fatal swatting attempt on March 5, 2024, Plaintiff had been in-person at the "Utah State Capitol" for the last day of the 2024 "Utah State Legislative Session" and had passed out one-page hand outs to dozens of members of the 104-member, part-time, "Utah State Legislature" revealing critical components of these nation-destroying, globe-controlling atrocities being committed by the most sinister layers of imposters in "The State of Utah," across the U.S. and beyond for decades but those reports also went ignored as the countless reports before and the countless reports that still were to come.

323.2. It seems that perhaps the *first* failed fatal swatting attempt of Plaintiff on February 12, 2024 was partly catalyzed by the most sinister layers of imposters wanting to keep Plaintiff from sharing this material at the "Utah State Capitol" during the 2024 "Legislative Session" but that failure and Plaintiff's presence at the "Utah State Capitol" on the last day of that session, March 3, 2024, was a catalyst for the imposter's *second* fatal swatting attempt of Plaintiff two days later on March 5, 2024 and then continuing in more impossible-to-imagine ways since.)

324. As the days pass from March 5, 2024 towards March 13, 2024 and when this day comes with Plaintiff's affairs in order for whatever may come, Plaintiff

patiently and politely returns to “The Matheson Courthouse,” parks in the same place as usual (on the one-way-westbound street on the south side of "The Matheson Courthouse" and then after a moment, leaves the vehicle’s keys in a place where someone can be told to find them. Plaintiff then patiently and politely gets out of his car and begins walking towards "The Matheson Courthouse" with those other precautions taken.

325. Upon entering “The Matheson Courthouse,” this time being instructed to go up to a different “courtroom” in a different hallway (the south-wing hallway,) Plaintiff immediately notices “West Valley City Police Officers” are again unusually prevalent in the “courthouse” and grouped up at the entrance to that south-wing hallway rather than being in the west-wing hallway as they were eight-days earlier on March 5, 2024. On this day, a few body-worn-cameraless “deputies” from "The Salt Lake County Sheriff Department" are also among the grouped-up-group.

326. To eliminate the chance of Brotherson, Butterfield, Leonard, Liljenquist or others who are desperate to keep the indisputably revealing chain-of-events of eight-days earlier hidden by on this day deceptively escalating the “Death Baiting” in that moment in ways that a fatal swatting of Plaintiff could be performed and kept hidden, Plaintiff swiftly approaches the armed crowd patiently and politely with hands in the air before they notice Plaintiff. Once

within earshot of what happens to be the combat-armed "Salt Lake County Sheriff Deputy" —who was present as usual in Trease's "courtroom" eight-days earlier—Plaintiff informs the "deputy" that Plaintiff "knows what they (the "West Valley City Police Officers") are up to again but that this time Plaintiff is going to first use the restroom then enter the "courtroom."

327. As the "West Valley City Police Officers" including Liljenquist turn that same hue-of-green and look-on, Plaintiff does so—then walks past the grouped-up-group and enters the "courtroom."

328. Within moments of entering the "courtroom," imposter "judge" Randall Skanchy, with a lifeless and silenced "American Flag" hung-to-death behind him, without any lawful evidence ever being brought forth, without ever offering bail, without holding a lawful hearing, without ever offering a lawful trial—and without allowing Plaintiff to say a word that might be recorded on "courtroom audio" — then transforms into that same shape-shifting-hue-of-scaley-eyed-green that imposters transform into when confronted with the truth and then Skanchy, through what seems like gargles, forced through the drank blood of dead American children, dead American parents and dead American soldiers, tortiously "orders" that same "Salt Lake County Sheriff Deputy" who is now standing behind Plaintiff to immediately "arrest" Plaintiff.

329. As Skanchy does this he seems to try to duck behind “the bench” as if he expects a hail of gunfire to come his way from the sea-monkey’d, agar’d, shake-n-bake’d, sugar-coated, groomed, incentivized, rewarded, promoted, bribed grouped-up-group of “West Valley City Police Officers” who filled the back of the “courtroom” after Plaintiff entered.

329.1. (It's important to note on this day that for some reason the name plate in front of “Skanchy” actually says “Judge Johnson,” not “Judge Skanchy,” and unless there is some sort of discrepancy in the profiles and images posted on the website of “Utah’s Third District Court” website, which is also known for intentionally misdisplaying profiles, images and biographies (or not displaying them at all,) Plaintiff believes that this shapeshifter of sorts aka “judge” is Randall Skanchy, not “Judge Johnson” in the “courtroom” at that moment.)

329.1.1. (Leaving the nameplate of “Judge Johnson” up may be a way to scapegoat Johnson for what Skanchy is doing. It is also believed that within "The Matheson Courthouse" there are at least two “Judge Johnsons:” one who is a male and one who is a female.)

330. The “Salt Lake County Sheriff Deputy” then unlawfully handcuffs Plaintiff. (Without going back to the handcuffs and re-closing them so hard that the

metal edge of the handcuffs nearly severs the skin of Plaintiff's wrists like Brotherson did as part of continuing the suicide baiting, rage baiting and swatting eight-days before.)

331. The shapeshifting Skanchy then ignores that there is already that "previously scheduled" hearing with Trease less than seven days away on March 20, 2024 and Skanchy then orders that Plaintiff will be held without bail for 27 days until April 9th, 2024.

331.1. April 9th is also the birthday of Plaintiff's daughter who would be turning 8 on that day. Skanchy targeting this day as Plaintiff's daughter's birthday is not by accident. Among the imposters in Utah, across the U.S.A. and beyond there are patterns everywhere of the imposters targeting "birthdays" and "holidays" for terror as part of continuing their terrors of "Death Baiting" as needed.

331.1.1. (Plaintiff also experienced this with a previous, staged "hearing" two-and-a-half-months earlier being targeted for Friday, December 27th, (the day before Plaintiff's birthday) which was Saturday, December 28th. Over the past seven years as part of continuing the suicide baiting, rage baiting and swatting there have been other "birthdays" and "holidays"

targeted with staged “hearings,” swatting attempts and in other impossible-to-imagine ways too.)

331.1.2. (Perhaps time will also tell if the reason the first fatal swatting attempt of Plaintiff on February 12, 2024 after no contact for the three months prior was to suddenly happen two days before Valentines Day 2024 (February 14th) because the imposters planned on ritualistically eating parts of Plaintiff’s body on that holiday as part of their designer cannibalism?)

332. The “Salt Lake County Sheriff Deputy” then orders Plaintiff to go with him through a side door, down a side hallway, down an elevator and to a holding cell in the basement of the courthouse where prisoners are held until staff from "The Salt Lake County Jail" takes custody of them.

333. Although at any time the equally-sized, body-worn-cameraless “deputy” could have attempted to execute the handcuffed Plaintiff and blamed Plaintiff for it and possibly gotten away with it, the “deputy” does not and is professional in a non-”Death Baiting” way throughout the encounter.

334. After waiting in the “transportation holding cell” at "The Matheson Courthouse" for the *second* time in eight-days, the transportation this time to “The Salt Lake County Jail” is done by “The Salt Lake County Sheriff Department.”

335. Upon arriving at the jail, Plaintiff is again chained to the rail to await the "booking process." The deputy who drove the transportation vehicle from "The Matheson Courthouse" to the Jail does not wait around for 30 minutes to check-out Plaintiff's penis like imposter "police officers" Brotherson and Butterfield did.

336. This day, March 13, 2024 begins the unlawful period of Plaintiff being unlawfully imprisoned and held hostage in "The Salt Lake County Jail" for what will be an unpredictable, terrifying two-months-and-eight-days.

337. Seven days later, on March 20, 2024, chains are placed around Plaintiff's wrists, waist and ankles and Plaintiff is transported back to the Matheson Courthouse and into Trease's "courtroom" for the *fourth* time in three months.

338. The armed "Salt Lake County Sheriff Deputy" who unlawfully arrested Plaintiff at the unlawful orders of Skanchy seven days before is there as usual in a tactical vest, right in front of Trease.

339. When the time comes for that hearing, Trease, who now for a *fourth* time could have finally righted these wrongs and put solutions in place, instead—as part continuing the suicide baiting and rage baiting, proliferates these atrocities further and again for the *fourth* time, holds them, carries them over and orders that Plaintiff be returned to "The Salt Lake County Jail" for

20 more days to be brought back with chains around his wrists, waist and ankles on that day Skanchy had unlawfully determined, April 9, 2024, Plaintiff's daughter's 8th birthday.

340. After that hearing, when Heaps does finally visit the jail for that one short visit during those two-months-and-eight-days, it is on behalf of the imposters and to threaten Plaintiff with 14 years in prison. This is an attempt to fear monger Plaintiff into accepting "three years in the Utah State Prison" without a trial. Heaps at the time apparently unaware of how sloppily Leonard had fabricated the total of 14 false charges over the past three months. During that attack by Heaps on behalf of the imposters and disguised as a "visit," Heaps even claims that Plaintiff is on "Governor Cox's Watch List."

341. When April 9, 2024 comes and Plaintiff is taken from "The Salt Lake County Jail" back to the Matheson Courthouse for the *second* time with chains around his wrists, waist and ankles, as part of Trease continuing the suicide baiting and rage baiting, now for a *fifth* time in four months, again holds-over and continues the case without releasing Plaintiff and instead unlawfully orders Plaintiff to be returned to "The Salt Lake County Jail" for 35 more days and to then be brought back to "The Matheson Courthouse" on May 14, 2024.

342. At the end of that staged "hearing" on April 9, 2024, Plaintiff's daughter's 8th birthday, as part of continuing the suicide baiting and rage baiting, Trease also refuses to allow Plaintiff to have someone deliver a birthday card to Plaintiff's daughter after Heaps reluctantly asks on behalf of Plaintiff. In an indisputable indication of collusion with Robinson, Mann, Minas and others Trease cites verbal falsifications proliferated by Minas for doing so and further threatens Plaintiff if Plaintiff mails a birthday card to his daughter from jail. Verbal falsifications that were then left off the written record but are on the "courtroom audio" recordings of that day. (In the weeks leading up to that birthday day for his daughter, Plaintiff had been able to order a birthday card from the jails "commissary" and had waited more than a week for it to arrive in the hopes he could give it to someone at the April 9th hearing to mail to his daughter so it didn't have to have the "jail" stamp on it if Plaintiff sent it from the jail.)

342.1. The imposters commissively and omissively following their own verbal narratives to avoid leaving a "lawful papertrail" is part of the imposter's schemes of "Doctoring The Docket" to say what they want it to say no matter how sloppy or counterintuitive it is and even though the truth is reflected in courtroom audio that "by law" is supposed to be made available indefinitely. As impossible-to-imagine

as this may seem to some, it is important to remember the context of the many layers of imposters and if they are willing to commit these nation-destroying, globe-controlling atrocities towards millions of American children and parents for decades as they have, and with everything the most sinister layers of imposters have to lose if they were ever outed, there is nothing they won't do to keep this all hidden and that continues from moment-to-moment.)

343. 35 days after that April 9, 2024 staged "hearing" with Trease, on May 14, 2024, Plaintiff is again transported back to the Matheson Courthouse with chains around his wrists, waist and ankles.

344. While at the "courthouse" it begins to seem that during those 35 days, imposter "public defender" Heaps had discovered how sloppily Leonard had fabricated the total of 14 falsified charges against Plaintiff and with Plaintiff having not given in to the suicide baiting and rage baiting over the previous 62 days within "The Salt Lake County Jail" as the imposters seemingly misbelieved Plaintiff would, as part of continuing the suicide baiting and rage baiting one more time while Plaintiff is still in "The Salt Lake County Jail," during the May 14, 2024 staged "hearing" Heaps suddenly claims that Trease will release Plaintiff "this day" if Plaintiff agrees to two different unrelated "charges" that would be counterintuitively filed as a "violation of a

jail release agreement in the interest of justice" Trease would release Plaintiff "that day." (This being another false claim by the imposters through Heaps.)

345. Plaintiff, not wanting to risk unlawfully being held hostage in "The Salt Lake County Jail" for years without a trial like that double digit percentage of "Courthouse Castaways" at "The Salt Lake County Jail" are being unlawfully and secretly forced to do by the imposters, Plaintiff agrees.

346. However, as part of continuing the suicide baiting and rage baiting, Trease instead:

346.1. Adds the 90 days of GPS monitoring and 34 "Domestic Violence" classes both deceptively conscripted from deceptive "private companies" at a cost of more than $3,000 to Plaintiff ($1,200 and $1,800;)

346.2. Adds the conscription to the "Utah Department of Corrections Department of Adult Probation and Parole" for two years with unannounced monthly visits by armed agents wearing tactical vests inside Plaintiff's home and an additional monthly visit at the agent's offices;

346.3. Adds prevention of Plaintiff from leaving the "State of Utah" for two years for any reason including work;

346.4. Adds additional conscriptions including 10 years of limitations on Plaintiff's freedoms as an American citizen including Plaintiff not possessing any firearms of any kind for any reason including home defense, wilderness defense or hunting.

347. Then, as part of continuing the suicide baiting and rage baiting, Trease, instead of "releasing" Plaintiff "this day" again unlawfully orders Plaintiff to be sent back to "The Salt Lake County Jail."

348. Then, as part of continuing the suicide baiting and rage baiting, Trease commissively does not send the "release orders" to the jail.

349. Plaintiff having witnessed the counterintuitive events that often happen within "The Salt Lake County Jail" when a "prisoner" announces that they are "scheduled for release," had refrained from telling anyone, including certain guards, that Plaintiff was "supposed to be released" this day. Plaintiff instead disregarded the entire hearing as if it had never happened just the other two previous, staged "hearings" deceptively held while Plaintiff was unlawfully imprisoned and being held hostage.

350. Plaintiff was wise in doing this because as part of continuing the suicide baiting and the rage baiting, Trease then waits day-after-day for seven more days before sending the "release orders" to "The Salt Lake County Jail."

351. This day is May 21, 2024.

351.1. At the time however, Plaintiff has no idea that the release in all its additionally unpredictable terrors over those previous seven days was just so the imposters could try fatally swatting Plaintiff again which they will try again that night at Plaintiff's home.

352. During the three hour long release process in which Plaintiff is forced to wait for more than two hours in yet another holding cell, eventually Plaintiff is entered into the release process. As Plaintiff is ordered down a hallway and past the office of one of the members of the "jail management staff," that person also seems to immediately turn that same hue-of-green if only for a moment.

353. After waiting another hour, the GPS ankle monitor is eventually locked to Plaintiff's leg, Plaintiff is given instructions about plugging it into the wall for at least four hours a day to charge it, and Plaintiff is then released into an even more dystopian existence than the previous years had manifested but at least Plaintiff is still breathing because breath is the last thing the imposters want Plaintiff to have.

354. Within hours of being released, over the phone, a male staff member of the "Utah Department of Corrections Adult Probation and Parole" ("AP&P") angrily demands to know why Plaintiff had been avoiding him for— "a

week” —and threatens to arrest Plaintiff and take Plaintiff back to jail for avoiding the staff member for “a week.”

355. Apparently the fabricated paperwork the AP&P staff member (“Probation Officer”) had received a week earlier was far different from the fabricated paperwork "The Salt Lake County Jail" had finally received that day and because of that the staff member was unaware that Trease had withheld the release paperwork for those deceptive seven more days and that because of that, Plaintiff was still in jail during that “week” without the AP&P staff member knowing.

356. The AP&P staff member then makes arrangements for Plaintiff to meet with the staff member at the office of the “AP&P Office” in Salt Lake City the next morning and warns Plaintiff of impending alcohol tests and drug tests and that if the AP&P staff member suspects Plaintiff has had “one sip” of anything Plaintiff will be returned to "The Salt Lake County Jail" for at least two years as a— “jail release agreement violator.” (This is even though Plaintiff has never been involved in any alcohol related incident and is a “non-drinker.”)

357. During that call and after, Plaintiff does not know that in a matter of hours, the staff member and others will deceptively try swatting Plaintiff in yet another day later that night. This May 21, 2024 swatting attempt will be the

fourth swatting attempt after the previous three swatting attempts on February 12, 2024, March 5, 2024 and March 13, 2024.

358. Understandably even more disoriented, disassociated, confused and overwhelmed with these unexpected hours after release and after being unlawfully imprisoned for the previous, unpredictable, terrifying two-months-and-eight-days but relieved to be out of jail Plaintiff finally makes it to what used to be "home" but is now a very different place in a very different, dystopian reality under the imposters nation-destroying, globe-controlling atrocities.

359. After spending the previous 68 nights on different hard metal trays at different heights disguised with different thin pads as "jail bunks" that were too short for Plaintiff, it is quickly "lights off" and "lights out" for Plaintiff.

360. After dark now, suddenly a loud ongoing pounding shaking the windows of the house fills the room where Plaintiff is sleeping. Plaintiff finally wakes in an understandably disoriented, disassociated, confused and fearful state-of-mind but does not give in to the temptation to jump out a window and run from whatever is coming—doing that would definitely get Plaintiff hunted and shot in the back.

361. The house's windows still shaking from the banging, Plaintiff realizes it is coming from a door at the back of the house.

362. Now recognizing this is the *fourth* swatting attempt, instead of running, Plaintiff rises and pro-actively opens a different door at the back of the house where Plaintiff sees two figures in the darkness that look like armed agents in tactical vests. One is vigorously pounding on the door, nearly tearing the door off its hinges and shaking the windows of the house.

363. To not provoke them or others who may be hiding in the bushes but needing to yet again survive by de-escalating the spiralling, dystopian moment-of-ruin-doom-and-death, Plaintiff patiently and politely says: “can I help you?”

364. Plaintiff then hears “I’m your probation officer! Why’d it take you so long to answer the door! Are you drunk? Have you been drinking? We need to confirm that you haven’t been drinking and also do a full inspection of the entire house (sic.)”

365. The agents, in tactical vests that say “POLICE” on them and with guns on their hips (but also not wearing any “body worn cameras,”) then enter the house and proceed to flick on lights, open kitchen cupboards and push through doors —not much different than the “tossing the cells” that Plaintiff experienced every few days inside “The Salt Lake County Jail” by a spectrum of “Salt Lake County Sheriff Deputies" making up that part of the most sinister layers of imposters “private army” and “private stockade.”

366. Plaintiff—still disoriented, disassociated, confused and overwhelmed at what was happening—realized that the deceptive "conversation" with the agent just a few hours before that ended with "see you in the morning" was part of the schemes.

366.1. Apparently—when people are on "probation" and especially when they are "just getting out of jail" —it is a common tactic for deceptive "probation officers" to deceptively "put them at ease" with a phone call about an appointment "the next morning" believing that they will bait the person into "getting drunk" then the deceptive agent deceptively shows up that night instead, catches the person "drunk" or "drinking" then immediately throws them back in jail for the rest of their "probation" —which is usually a year two— and the agent then gets credited towards "promotion" for being "a good agent."

367. On this night, when these two armed "agents" realize Plaintiff is sober and their nation-destroying, globe-controlling, fatal schemes of various types of "baiting" and "swatting" proves to be more embarrassing for them than anything—a "see you in the morning" leaves Plaintiff alone again but this time with doors to lock again, cupboards to close and lights to turn off before the nighttime hours pass and it's time to go to the "AP&P" offices to be interrogated and subject to the whims of the same "staff member" again.

368. After the 90 days pass with more surprise visits and interrogations, the challenges of the GPS monitor and keeping it charged every day—the families and their children in the neighborhood forced to have front row seats to those tactical vests that say "POLICE," those guns on hips, those unmarked, blacked out vehicles suddenly appearing out of nowhere and blocking the driveway, the pounding on the doors—the GPS ankle monitor is finally released. The day is August 19, 2024.

369. The very next day, August 20, 2024, the imposters attempt the *fifth* swatting attempt of Plaintiff and it seems they use the AFCC's "Our Family Wizard" app on Plaintiff's phone to deceptively track Plaintiff to that public location to do it.

370. After impossibly surviving this *fifth* swatting attempt in the impossible-to-imagine, agonizing ways it was planned to be carried out stage-by-stage, Plaintiff—after surviving it too but disoriented, disassociated, confused and overwhelmed realizes, the "app" is still active on his phone and quickly deactivates the "location tracking" setting for the app on his phone without the imposters knowing.

371. As these terrors of targeting, exploitation, elimination, disorientation, disassociation, suicide baiting, rage baiting and swatting continue in worsening proliferations for Plaintiff and Plaintiff's two daughters wherever

they are if they are still living, the most sinister layers of imposters make sure to not Plaintiff's filings in ways that no "Utah Attorney" will be a part of them at any level in any way.

371.1. (This is also common for victims-turned-survivors to experience and often includes paying retainer fees of $2,500-$25,000 to one imposter attorney, then being told within a few weeks time that "the money is used up" and another amount is needed. If the target asks any questions because there is nothing to show for it, the "attorney" "withdraws" without any refund and because of "notes" that "attorneys" can secretly put in targets files as part of "Doctoring The Docket" the process is often repeated two, three, four or five times until the target has no choice but to file "Pro Se" where their filings are then dismissed and hidden in other ways. Over the past seven years, Plaintiff experienced this with four different "Utah Attorneys" who all secretly belong to one of the "private associations" or another as members of AFCCNET.ORG or as ad-hoc copycats.)

372. Adding to the imposters nation-destroying, globe-controlling desires to eliminate American children and parents is that the imposters know that if the children survive and learn the truth about what really happened to their parents one-by-one and their family, the children will be able to file lawsuits

against the imposters at all levels for the imposters commissive and omissive actions and that this could result in untold numbers of lawsuits being filed against hundreds of thousands of imposters posing as “judges,” “commissioners,” “magistrates,” “attorneys,” “guardian ad litem attorneys,” “private guardian ad litem attorneys,” “police officers,” “detectives,” “sargents,” “lieutenants,” “chiefs,” and "politicians" at all “local” and “federal” levels.

373. This is also why the imposters in Utah, across the U.S.A. and beyond will continue to collectively and individually stop at nothing to prevent that from happening—even if it means “self-detonating” mass-populations across the U.S.A. as a way to keep that from happening and keeping it all hidden.

373.1. (This being something that the most sinister layers of Imposter Jews in Utah, across the U.S. and beyond are more than happy to have happen so they can be the ones controlling the U.S.A instead and ultimately controlling the world (or whatever is left of it.)

374. For those who claim to be a “True Jew,” a “True Christian,” a “True Mormon, a “True Muslim” or otherwise and who have been appealing to the heavens, this filing is part of the answer.

375. With it, and with “Awareness, Intervention and Advocacy,” the future is golden for all races, cultures and ages because it is filled with the

better-than-bright-light of grins, giggles, ideas, learning, opportunity and laughter for all.

(42 U.S.C. § 1983: "Civil Action for Deprivation of Rights;")

(42 U.S.C. § 1985: "Acts of Conspiracy To Interfere With Civil Rights;")

(Against Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang, Rivera, City of West Valley City, and County of Salt Lake County.)

376. The foregoing allegations are realleged and incorporated herein.

377. Defendant “West Valley City,” through the “West Valley City Police Department” and Defendant “Salt Lake County” through "The Salt Lake County Sheriff Department" and "The Salt Lake County Jail" maintains policies, customs and practices of functioning as a private army and private stockade for many layers of imposters in the proliferation of “Suicide Baiting,” “Rage Baiting,” “Swatting,” kidnapping and hostage holding as part of human trafficking on an industrial scale and other fatal atrocities towards targeted parents and other citizens and keeping it all hidden.

378. Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Rivera and Lang acted pursuant to the unlawful policies, customs and practices of “West Valley City” and “Salt Lake County” when they commissively and omissively failed to act in accordance to their oath to the Constitution of the United States of America as part of their compensated roles and they did so under the banner of the American Flag.

379. This is treason, racketeering and the proliferation of impersonating an officer of the United States of America.

380. Defendants Brotherson, Butterfield, Leonard and Liljenquist collectively and individually violated Plaintiff’s First, Fourth, Fifth, Sixth, Eighth and Fourteenth Amendment rights by commissively, omissively and tortiously proliferating the pre-meditated stalking of Plaintiff, the pre-meditated

ritualistic attempted murder of Plaintiff twice disguised as a “police encounter” at the Matheson Courthouse in Salt Lake City, Utah each of the two times and then attempted to cover up the stalking and pre-meditated attempted murders by proliferating the indefinite unlawful imprisonment of Plaintiff in the days, weeks and months that followed.

381. The many deteriorating stages of these events collectively over more than two-months-and-fifteen-days were far beyond the permissible scope and scale of what would have been a single, easily dismissed investigatory stop of less than a few minutes on March 5, 2024 if conducted by well-intending American citizens working as “police officers” for the “West Valley City Police Department” instead.

382. Defendant Liljenquist as the supervisor of Defendant’s Brotherson, Butterfield and Leonard, further violated Plaintiff’s First, Fourth, Fifth, Eighth and Fourteenth Amendment rights authorized Plaintiff’s unlawful arrest over the phone on March 5, 2024 and was present during the unlawful arrest March 13, 2024.

383. Defendant Jacobs as the Chief of the “West Valley City Police Department” further violated Plaintiff’s First, Fifth, Sixth and Fourteenth Amendment rights by commissively and omissively not responding to reports about "Fatal Human Trafficking On An Industrial Scale", racketeering and treason

happening through the “West Valley City Police Department” that were delivered by Plaintiff to the offices of “West Valley City Police Department” before and after Plaintiff was unlawfully imprisoned for two-months-and-eight-days.

384. Defendant Lang as the Mayor of “West Valley City,” further violated Plaintiff’s First, Fourth, Sixth and Fourteenth Amendment rights by commissively and omissively not responding to reports about "Fatal Human Trafficking On An Industrial Scale", racketeering and treason happening through the “West Valley City Police Department” that were delivered by Plaintiff to the offices of “West Valley City” before and after Plaintiff was unlawfully imprisoned for two-months-and-eight-days.

385. Defendant Rivera as the Chief of "The Salt Lake County Sheriff Department" and the Chief of "The Salt Lake County Jail" further violated Plaintiff’s First, Fourth, Fifth, Sixth, Eighth and Fourteenth Amendment rights by commissively and omissively not responding to more than 16 reports submitted by Plaintiff during the two-months-and-eight-days Plaintiff was unlawfully imprisoned at “The Salt Lake County Jail,” by not enabling the jail’s management staff to respond to those 16 reports during those two-months-and-eight-days, by not responding to reports delivered to Rivera’s office at "The Salt Lake County Sheriff Department" before and

after those two-months-and-eight-days, and by not responding to a report personally handed to Rivera by Plaintiff while at the Utah State Capitol on January 27, 2025.

SECOND CLAIM FOR RELIEF

First, Fourth, Fifth, Sixth, Eight and Fourteenth Amendments

(4 U.S.C. § 8: "Flag and Seal" "Respect for Flag;")

(18 U.S.C. § 242: "Deprivation of Rights Under Color Of Law;")

(18 U.S.C. § 700: "Desecration of the Flag;")

(18 U.S.C. § 912: "Impersonating An Agent of the United States;")

(18 U.S.C. § 1001: "Statements or Entries of Record;")

(28 U.S.C. § 1343 - "Constitutional Rights and Civil Rights;")

(42 U.S.C. § 1983: "Civil Action for Deprivation of Rights;")

(42 U.S.C. § 1985: "Acts of Conspiracy To Interfere With Civil Rights.")

(Against Defendant Trump)

386. The foregoing allegations are realleged and incorporated herein.

387. For Defendant Trump, who has wisely changed political parties at least five times over the past twenty-five years, "The Deep State" refers to an alleged shadowy group of deceptive bureaucrats, officials and appointees (aka

"Imposter Republicans" and "Imposter Democrats") who, according to many, wield deceptive influence over the United States of America.

388. According to an analysis by CitizensForEthics.org, from January 1, 2023 to April 1, 2024 Defendant Trump posted 56 times on his social network "Truth Social" about destroying "The Deep State" and in nine of those posts Trump laid out specific plans for how he plans to destroy it.

389. As a person who wisely voted for President Obama in 2008 and 2012, who did not vote in 2016 and who wisely voted for President Trump in 2020 and 2024, Plaintiff, a polite, patient, public supporter of Defendant Trump through the unprecedented events of the 2024 Presidential election and due to Defendant Trump's many public statements as a returning President and 2024 Presidential Candidate about destroying "The Deep State" sent reports of these foregoing allegations and atrocities by "certified mail" to specific offices involved with the legal affairs of "The President of the United States" to the "U.S. Securities and Exchange Commission," to other offices including the "Secretary of State," "Attorney General," "Homeland Security," "Pentagon," "F.B.I," "C.I.A." and other offices in direct contact with Defendant Trump since Defendant Trump took the oath of office on January 20, 2025 to be the 47th President of the United States of America.

390. However, Defendant Trump has failed to act on those reports whether by commissive or omissive actions of his own or by the commissive or omissive actions of members of his cabinet, other current staff members or past staff members including J.D. Vance, Marco Rubio, Pamala Bondi, Christy Noem, Peter Hegseth, Kash Patel, Dan Bongino, Alina Habba and others.

391. By commissively, omissively and tortiously failing to act on those reports, Defendant Trump as the elected 47th President of the United States of America has further proliferated the violation of Plaintiff's First, Second, Fourth, Fifth, Sixth, Eighth and Fourteenth Amendment rights by Defendants Brotherson, Butterfield, Leonard, Linjenquist, Jacobs, Lang and Rivera and has proliferated the violation of Plaintiff's Ninth Amendment rights.

(END OF CLAIMS FOR RELIEF)

PRAYERS FOR RELIEF

392. Wherefore, Plaintiff requests relief as follows:

393. Grant compensatory and punitive damages against Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang and Rivera, the city of West Valley City and the county of Salt Lake County for the foregoing violations of federal law in the following amounts:

393.1. $3 million for each of the 14 falsified charges proliferated against Plaintiff. Total: $42 million.

393.2. $3 million for each of the two unlawful arrests of Plaintiff. Total $6 million.

393.3. $3 million for each of the 70 total days Plaintiff was unlawfully held hostage in the Salt Lake County Jail: Total $210 million.

393.4. $3 million for each of the 16 reports submitted by Plaintiff to "The Salt Lake County Jail" management staff but ignored by staff and Defendant Rivera. Total: $48 million.

393.5. $3 million for each of the 90 days Plaintiff was conscripted to wear a GPS monitor. Total $270 million.

393.6. $3 million for each of the 12 forced encounters at Plaintiff's home proliferated by members of the "Utah Department of Corrections Adult Probation and Parole." Total: $36 million.

393.7. $3 million for each of the 16 forced encounters proliferated at the office of "Utah Department of Corrections Adult Probation and Parole." Total: $48 million.

393.8. $3 million for each of the 34 "Domestic Violence Classes" Plaintiff was conscripted to complete: Total $102 million.

393.9. $3 million for Defendant Brotherson loitering for 30 minutes at the Salt Lake County Jail to see Plaintiff naked.

393.10. $3 million for Defendant Butterfield loitering for 30 minutes at the Salt Lake County Jail to see Plaintiff naked.

393.11. $3 million each for Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang and Rivera misusing the American Flag against Plaintiff: Total: $21 million.

393.12. $3 million for each day of the additional 10 years of additional conscriptions inflicted upon Plaintiff by Judge Trease. Total: $10,950,000,000 ($10.950 billion.)

394. Pre-inflation and pre-judgment interest total of reward sought: $11,739,000,000 ($11.739 billion.)

395. Total grant amount adjusted for inflation and pre-judgement interest: $12 billion dollars plus, after being reconciled by the "United States Department of Government Efficiency" for up to 12 months with the transparent cooperation of Plaintiff, 10% of the average amount of funds collectively held by "The State of Utah" (after subtracting an amount equal to "The State of Utah's" operating budget for the year 2008) and rounded up to the nearest ten of millionth with the lawful maximum amount of monthly interest to accrue for any amount unpaid after 30 days also granted. (2008 was the last

year Republican Jon Huntsman Jr. was governor before being deceptively scapegoated by imposters who were also scapegoating Democrat President Obama to remove Huntsman so these nation-destroying, globe-controlling atrocities could be proliferated in these impossible-to-imagine ways within "The State of Utah" without Huntsman there.)

SECOND PRAYER FOR RELIEF

396. Grant punitive damages against Defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang and Rivera in the following ways:

396.1. Grant an amount from each Defendant equal to three times the amount of compensation including bonuses and any other monetary compensation or otherwise that each relevant Defendant has so far received, is scheduled to receive or is anticipated to receive from their past or future employment or role in "law enforcement," or as a payee of the city of West Valley City, the county of Salt Lake County, the State of Utah or the United States of America or any other entity paying them in exchange for commissive or omissive actions while proliferating those respective roles.

396.2. Grant that each Defendant shall provide Plaintiff a signed letter that is a minimum of 10 pages and certified by the Apostille Office of the

Lieutenant Governor of the State of Utah. The letter shall answer the following questions:

396.2.1. What does the words “United States of America” mean to you?

396.2.2. What does the “American Flag” mean to you?

396.2.3. What do the deaths of more than 600,000 American soldiers since World War 2 mean to you?

396.2.4. What does the service of more than 2 million active and reserve U.S. military personnel mean to you?

396.2.5. What does the word “oath” mean to you?

396.2.6. What does the Constitution of the United States of America mean to you?

396.2.7. What does the word “racketeering” mean to you?

396.2.8. What does the word “treason” mean to you?

396.2.9. What do the words “American child” mean to you?

396.2.10. What do the words “American parent” mean to you?

396.2.11. What do the words “American citizen” mean to you?

396.2.12. What do the words “life in prison” mean to you?

396.2.13. What do the words “Death Penalty” mean to you?

396.2.14. Have you ever held or otherwise entertained a belief that you are part of an invisible or visible entity that controls, is trying

to control or is destined to control what is colloquially, culturally or literally known as "the United States of America" and/or "Planet Earth." Why or why not?

397. Grant that the submission of the certified letter to the Apostille office shall be completed by each Defendant within 30 days of order.

398. Grant the maximum amount of lawful compounding monthly interest to accrue for any amount unpaid after 30 days.

THIRD PRAYER FOR RELIEF

399. Should Defendant Trump as President not take action including:

399.1. The revocation of "statehood" for the "State of Utah;"

399.2. The occupation of the region previously known as the "State of Utah" by an appropriately sized force made up of the U.S. Military;

399.3. The review of the list of 12,000-14,000 Utah children's names that AFCCUTAH.ORG maintains. That review or "vetting" of that list to be conducted by conscientious, patriotic squadrons comprised of 10-100 members of that U.S. military force and each squadron assigned a number of children's names that each squadron believes they can constructively vet in 10 days time. Those numbers to be adjusted accordingly by commanders;

399.4. Those squadrons authorized to take immediate action to confirm the existence of children with existing parents while simultaneously implementing plans to immediately unite existing children with existing parents and to manage and modify those arrangements in constructive ways as needed on hourly, daily, weekly or monthly basis and to use any and all U.S. military equipment whether by land, sea or air to proliferate this unification and constructive management as urgently as desired by existing children or existing parents;

399.5. The implementation of a temporary replacement "State Government" from the Governors office down and including the "legislature," "police chiefs," "sheriffs," "Executive Directors," "judges" and "commissioners" until a transparent, term "State Government" can be elected through "in-person" elections through votes by lawful citizens and requiring identification and processes allowing each citizen to vote once.

400. Grant compensatory and punitive damages against Defendant Trump equal to the amount Defendant Trump has personally committed for "a new, 90,000 sq. ft., $200 million dollar ballroom" at "The White House."

FOURTH PRAYER FOR RELIEF

401. Grant such other relief as the Court may deem appropriate against defendants Brotherson, Butterfield, Leonard, Liljenquist, Jacobs, Lang, Rivera and Trump including declaratory and injunctive relief for the above violations of federal law, including but not limited to:

401.1. 100% of the visible interior wall space of the "new, 90,000 sq. ft., $200 million dollar ballroom" at "The White House" shall always display 12" x 12" images of "absentee" American children and parents who paid for it with their lives by being targeted, exploited, eliminated, kept hidden and forgotten about and —if "nation-saving" action as outlined herein or otherwise was not taken by Defendant Trump— Defendant Trump shall be personally responsible for rotating the many thousands of images as needed so that every image submitted has an opportunity to be displayed in this manner for at least one month every year and that if additional display space is needed, it too shall also be paid for by Defendant Trump.

FIFTH PRAYER FOR RELIEF

402. Grant reasonable attorney's fees should the court elect to assign counsel on behalf of Plaintiff or should Plaintiff retain counsel at any time during these proceedings.

SIXTH PRAYER FOR RELIEF

403. Grant that Plaintiff's efforts to be a father to his two daughters shall be conveyed to his two daughters by the government of the United States of America in such a manner from this moment-forth that the entire globe shall know who their father is and that Plaintiff will never, ever stop being their father.

SEVENTH PRAYER FOR RELIEF

404. Grant that a "congressional hearing" or a series of "congressional hearings" shall begin being held immediately with Plaintiff's involvement and that in some or all of those hearings the roles shall be reversed so that it is Plaintiff interviewing "members of Congress" and others whom Plaintiff requests.
